Another Phase of Safety First
Something has been said recently through these columns regarding safety as to care in crossing railroads by trucks and cars, and all care should be exercised in this regard.

says J. Johanson, driver of one of the school busses carrying children to and from school, but then there are other things as well, and one of them is the placing of adequate bridges on the highways, and in support of this he cited the stretch of road running north two miles from the intersection at the home of Emil Rikli, where the road is crooked and the bridges cross at an angle, making the crossing very hazardous, even where all possible care is exercised. He says there is an element of danger in this which

is hardly noticed by those having charge of the matter.

Wednesday to be a Big Sales Day in City

Special Values Featured in Offerings at the Stores of City and Also at the Sales Pavilion

From Saturday's Daily—The October community sales day promises to be a notable occasion in this city with several real offerings in the way of bargains that will attract the greatest attention over the entire county as well as from Iowa and Sappy county.

The stores of the city are joining in their great monthly bargain day sale that offers the best in the markets of the world at a very small margin of profit to the store owner, the cash sales permitting the greatest slashes in prices as this method moves the stock quickly and the purchaser has the advantage of the bargains that are offered.

The advertising matter of the big sales is appearing in the Journal and the careful shopper by reading these lists of goods at bargain prices can find money saving opportunities in all lines of goods that will assist them in getting their supplies for late fall and winter seasons at the very low offerings made by the Plattsmouth merchants.

In addition to the great money saving bargains at the stores, the sales pavilion on South Fifth street is also to hold a big sale on this day and they will have on hand everything from threshing machines and autos down to the small articles that may be brought in by the residents of this territory.

The opportunities that are offered at these sales are too great to be passed up and the man or woman who values the money saving in the household expenses that can be effected thru frugal shopping, will surely take advantage of the forthcoming big sales day in Plattsmouth.

LEAVING THE CITY

From Saturday's Daily—Raymond H. Rehal, who has for the past four years been connected with the Journal as a linotype operator, has resigned his position here and expects in the next few days to leave for Omaha, where he is to take up other lines of work. Mr. Rehal has found that the constant confinement and requirements of the linotype work has affected his health to some extent and will engage in other lines of work that are not so confining as that of constantly being in a sitting position at the linotype.

Mr. Rehal has been a very efficient and faithful member of the Journal staff and it is with the greatest of regret that the severance of the pleasant association is made and only because of the hope of securing more healthful occupation.

Mr. Rehal is a young man of the most steadfast and reliable personality and one who will make a most efficient man in whatever line of work he may engage. That he may find success and enjoy the best of health in his new location in Omaha is the wish of his many friends here.

Mrs. Rhene Palmer of LeGrand, Oregon, who has been here visiting at the home of her aunt, Mrs. Thomas Wiles, departed on Friday for her home. Mrs. Palmer was one of the Oregon delegates to the American Legion convention in Omaha and took advantage of the occasion to visit with relatives here.

Young Men in Auto Accident at Ft. Crook

Buick Touring Car Driven by Ival Daniels Crashes Along Roadside Near Fort Crook.

From Saturday's Daily—Last evening about 10 o'clock Ival Daniels and Ronald Helgate, two young men of this city were returning home from a visit at Omaha when they were the victims of a very severe auto accident that occurred just at the west gate of the Fort Crook military reservation.

The young men had detoured along the road through the grounds of the fort and when they were coming out of the west gate they were going at a very high rate of speed and, not being familiar with this road, failed to realize the fact that they were right on the turn. The result being that the car only partially made the turn and tore across the roadway to strike a small bank along the road with a great deal of force, the car being badly damaged and the two young men were hurled forward in the car with the greatest violence.

Ronald Helgate was the most severely injured of the two boys as he was thrown with much force against the frame of the windshield and as a result he sustained a long deep cut on the forehead that bled profusely and which has caused the young man a great deal of suffering as the result of the accident. The injured young man was taken to the Fort Crook hospital where the injuries were dressed and was kept there all night as he was very weak from the loss of blood. This morning the parents of the young man and John F. Wolff motored up to Fort Crook and brought the injured young man back home where he is now recuperating from the effects of the accident.

Ival Daniels was not so severely injured as his companion and was able to return home last night and arrange for the bringing of the car that had been damaged back to this city. Mr. Daniels was bruised and shaken up but not so badly injured as Helgate.

This morning Louis Kell and William Gorder of the Bauer garage were sent to the scene of action to secure the car and have it brought back to this city to be repaired and placed back in running shape.

While the accident was serious enough all feel fortunate that it was no worse and that both were not very seriously injured.

IS YOUR WORK HARD?

Many Plattsmouth Folks Have Found How to Make Work Easier.

What is so hard as a day's work with an aching back?
Or sharp stabs of pain at every sudden twist or turn?
There is no peace from that dull ache.

No rest from the soreness, lameness and weakness.
Many folks have found relief thru Doan's Pills. They are a stimulant diuretic to the kidneys.

Plattsmouth people recommend Doan's.
W. Landis, farmer, Lincoln Ave., Plattsmouth, says: "Heavy work strained my kidneys and they acted irregularly. The kidney secretions were scanty in passage, scalded and were highly colored, too. A dull ache settled across my back and when I stooped to lift anything, I could hardly straighten. I felt weak and tired out. After using Doan's Pills from the Mauzy Drug store the trouble was corrected."

Mr. Landis is only one of many Plattsmouth people who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mr. Landis had—the remedy backed by home testimony, 50 cents at all dealers. THE FOUR HORSEMEN

WEARING Superior LEATHER BLOUSES

Once in a coon's age something really unusual bobs up. It has this year—these Glover "Four Horsemen" Leather Blouses. They're the thing in leather wear—smart in style, correctly sized and tailored to perfection.

These are the garments pictured above on the famous "Four Horsemen" players of 1924 football—Harry Stuhldreher, Elmer Layden, Jimmy Crowley and Don Miller.

In our judgment they are the snappiest, smartest garments we've ever seen. They're made of black glazed imported New Zealand sheepskin and of genuine suede and are appropriate for street wear, motoring, sportswear, etc. You will find a hundred uses for one of these convenient easy-to-slip-into Blouses. And it'll give you real pleasure to wear such a good looking one.
