## Pretty Home Wedding Here Last Evening

Mr. Albert A. Allen and Miss Bertha Bonge Married Here at Home of Mr. and Mrs. Pease.

From Thursday's Daily— One of the very attractive weddings of the fall season occurred last evening at the pleasant home of Mr. and Mrs. Charles L. Pease on Marble street, when Miss Bertha E. Bonge, sister of Mrs. Pease, and Mr. Albert A. Allen of Omaha, were united in the bonds of wedlock.

The rooms of the home were arranged in the decorations of the statey ferns and the bright hued chrysanthemums that added a most fitting touch to the scene of happiness. The parlors were transformed into a bower of beauty where the marriage ceremony occurred.

The bride gowned in a modish creation of blue satin, carrying American Beauty roses, entered the parlors on the arm of her brother, Ed Bonge of Omaha, they being joined at the station in the parlor by the groom and the attendants, Mr. and Mrs. Charles L. Pease.

The marriage lines were read by the Rev. Frank Emory Ploutz, pastor of the First Methodist church of this city, the beautiful ring service being used in the celebration of the marriage vows.

Following the marriage ceremony a very dainty luncheon was served to the members of the bridal party.

The out of town guests present were: Mr. and Mrs. M. J. Murphy, the latter a sister of the bride, and Mr. and Mrs. Ed Bonge and family of Omaha.

The bride is well known to the members of the younger social set of Plattsmouth, as she has often visited here and for some time made her home with her sister, Mrs. Pease. During her residence here she was very active in the social work of the Methodist church of which she has been a member for a number of years and by her pleasant personality made a very large circle of warm friends.

The groom is one of the well known young men of Omaha, being at this time in the service of the Chicago, Rock Island & Pacific railroad as a locomotive inspector.

SECURITY BENEFIT ASSOCIATION CONTRIBUTES \$25

Another generous contribution to the Community Auditorium building fund being raised by the American Legion came in yesterday from the Security Benefit association, one of the fraternal insurance organizations of the city, whose income is derived wholly from the small monthly assessments levied against its members for social purposes. A check for \$25 represents the amount of this organization's contribution to the fund, a most generous and much appreciated donation.

As soon as the carnival is over and the proceeds applied to the benefit of the fund, the committee plans to get busy on raising the additional sum needed to make the goal of \$10,000, and the building committee will get busy with detailed plans so work can be started early in the spring and the new building dedicated at the time of holding the district Legion convention here later in the summer.

## School Men Entertained by the Ad Club

Members of the Faculty of the High School Given Opportunity of Meeting the Business Men.

Yesterday at the regular luncheon of the Plattsmouth Ad club the members had the pleasure of having as the guests of the occasion members of the faculty of the high school and of the city school system. This was the first time that many of the business men had the opportunity of meeting the newcomers to the city and it was an occasion that everyone appreciated to the utmost.

It is seldom that a city of this size boasts of as many men in the faculty of their schools and has the tendency to hold to a greater extent the interest of the young men who are in school and keeping them in the school until they are graduated. The new as well as the old members of the city school teaching staff are a fine group of gentlemen and the board of education has shown very much their wisdom in the selection of the leaders in the educational work of the city schools.

The luncheon was presided over by C. C. Westcott, president of the Ad club and who introduced the various members of the faculty to the assembled business men as the representatives of the great force that is training the men and women of tomorrow.

The members of the teaching force present were: George E. DeWolf, superintendent of city schools; J. W. Poynter, principal of the high school; W. D. McMahon, teacher of commercial course; I. W. Wilite, commercial teacher; R. B. Felton, science; F. A. Rotherb, manual training and athletics; Leroy S. Fager, supervisor of music of the city schools and B. E. Woodward, supervisor of physical training in the city school system.

All of the members of the faculty were called upon for a few brief remarks and gave a very delightful appreciation of Plattsmouth and its people, stressing especially the excellent school system that they had found here and the thoroughly genial manner in which they had been received in their coming here and the efforts that they had derived in the association with the Plattsmouth people.

Superintendent G. E. DeWolf gave a short sketch of the public school system and the fact that the high standing of the local school system and the equipment had been one means of attracting a large number of pupils from other districts to attend the high school and receive the finishing touches of their common school education in these pleasant surroundings. Mr. DeWolf urged the cooperation of the business men in providing employment for the boys and girls from other points who might wish to attend school here but had to depend to some extent on their own efforts between school periods in paying their way. This assistance was pledged by the business men as a part of their program in aiding the school system of the city in growing.

The work of the musical department was explained by Mr. Fager, who stated that he was more than gratified with the interest shown in this line of work by the Plattsmouth school students and that the boys of the school especially were responding in the glee club and orchestra work and aiding in giving the needed touches to this portion of the work of the school. The growing interest in the musical department was shown by the fact that the pupils sometimes are present at school a half hour ahead of school time to carry on their studies and practices in this line of work.

Mr. Woodward, also one of the new instructors explained his department which is that of physical education that deals with the general physical advancement of all of the pupils of the school, his work including the playground activities of the smaller children as well as the drills and exercises that are carried on for the development of the physical powers of the children of the school at large. The specialized lines of athletic work such as football, basketball and track are in charge of Mr. Rotherb, who has very capably filled this position for the past two years and is one of the most popular of the members of the high school teaching force among the Plattsmouth residents.

The importance of the school and especially in attracting outside residents to this city was very much impressed on the members of the Ad club and the greater efficiency of the school the larger number from other points that will come here to attend school, bringing families in closer touch with the city and its people and making a real tie between this city and other points in the county.

Mrs. Elizabeth Travis, who has been making her home at Denver for the past year at the home of her daughter, Mrs. A. G. Cole and with her son, Raymond Travis, arrived here last evening for a visit in this city with the old time friends and is a guest at the home of Mrs. J. B. Martin.

## MRS. MARK WHITE POORLY

From Friday's Daily— The many old time friends of Mrs. Mark White, for a great many years a resident here, will regret to learn that she was operated on last Sunday at the hospital at Glendale, California. The operation was a very serious one and the outcome of the case has not as yet been determined as it will take several days more before any decided change for the better will be possible in the condition of the patient. The seriousness of the operation and the age of Mrs. White make the ordeal doubly dangerous and the outcome of the case is awaited with the greatest anxiety by the members of the family and the old friends.

## Campfire Girls Give Farewell for Guardian

Young Ladies of the Hewo-Lo-Se Campfire Tender Pleasant Event for Mrs. Evi Spier.

Last evening the home of Mr. and Mrs. Evi Spier was the scene of a very enjoyable Halloween party in which the members of the Hewo-Lo-Se campfire gathered to enjoy the evening with their retiring guardian, Mrs. Spier, who has been in charge of their activities for some time and which made the evening one of the greatest pleasure for the ladies as well as for the guardian.

The home was aglow with the bright orange and black of the Halloween season that added a very striking touch to the scene and made very delightful settings for the evening of the rarest pleasure.

The young ladies in attendance at the pleasant occasion came masked and in costume and many very attractive designs in the Halloween costumes were to be found among the large number of the young ladies present.

A short and very interesting program was given by the members of the campfire, consisting of music and recitations which were followed by the playing of a large number of games that added to the enjoyment of all of the members of the gathering.

As the evening was drawing to the close the girls of the campfire joined in the presentation to Mrs. Spier of a fine new silver service tray that was given as an appreciation of the efforts that Mrs. Spier has given to them in the time that she has served as guardian.

Miss Lucy Goll, one of the teachers in the city schools, has been secured as the new guardian of the campfire in place of Mrs. Spier and will continue the activities of the organization during the coming winter.

At the close of the evening appropriate refreshments were served that completed the evening of the rarest enjoyment.

This case involves a claim for \$181 alleged to be due to the plaintiff for dental work performed on the late W. B. Roberts of Ashland and which claim the plaintiff seeks to collect from the estate.

## Land Booms and Land Sharks!

Whenever a land boom springs up, "land sharks" become active. These men make a specialty of selling poor or worthless land at a high price to people whom they have hypnotized by tales of huge profits.

Right now there is a boom in Florida. But not all Florida land is good land any more than all Nebraska land is good.
