Parr Young had the right idea when he selected a Christmas present for his parents Mr. and Mrs. L. H. Young, and his idea was running along the proper lines when he secured a Crosley Triodyn radio for them. It works wonderful and to perfection. They get much comfort out of the loud speaker. They came to Nebraska when telegraphy was in its infancy, and have made this their home since, and also have assisted in making this country one of the greatest on earth. They have seen a great change in this country from the mail once a month to setting down by their own fireside and listening to the entire world and selecting just what they desire to be entertained with, and at all time keeping in touch with the markets which tells the value of their crops whether it be those grown from the ground or those grown from the top of the ground such as cattle.

of all who were in attendance and to the satisfaction and enjoyment with much credit to themselves and the rustling little city in which they live.

Returns From the East. Last Wednesday D. C. West, who had been called to Portsmouth, O., where a relative had died and he was there to attend the funeral, returned home last Wednesday evening. Went Over to Union. Grandfather and grandmother Nicholas Opp were over to Union last Monday where they went to greet two young ladies who arrived in the early morning via the stork route, and who are to make their home at the genial Missouri Pacific agent's, Ralph Opp, home. The face of Uncle Nick Opp sure shone with happiness and had it been at night he would have been arrested for displaying a glaring headlight for his face was that bright. But why not, he has a right to be happy when twin granddaughters come to bless the home of his son and gladden his own home.

They Sure Had a Time. The arrangement for Santa Claus which had been perfected by the management of the Frank P. Sheldon department store in Nehawka was literally fulfilled when on last Saturday, Santa Claus stepped off the afternoon train and walked up to town, where he had an appointment with all the kiddies of the town and community. He had prepared something for them all and also a good social time. He questioned the little ones as to how they had been doing the past year, if they had been good and had helped mother and not pulled the cats tail, and if they thought they were entitled to receive a merry Christmas. Of the about four hundred of the coming citizens of this country all had happy faces and sparkling eyes as they watched and talked with Santa Claus. Then the culmination of the happy afternoon was when the packages of candy were distributed, there being four hundred packages, but only 389 were put into the hands of the young Americans. The business at the store was for the time stopped as the crowd surged in and about the store until there was not enough room to look after the business.

However it was a most successful meeting of Saint Nicholas and the young people of Nehawka and vicinity.
