

# Alvo Department

Charles Foreman has not been enjoying the grippe, but he has been having it just the same. Uncle Henry S. Ough, who has been visiting in Lincoln for some time past, returned to Alvo on last Thursday morning.

R. L. Farmer and family and Mrs. Ruth Adams were visiting in Lincoln last Wednesday, driving over in the car of Robert.

John B. Skinner was a visitor in Omaha last Thursday, going with a load of hogs for Ben Swanson, which he was sending to market.

W. H. Warner was shelling corn last Thursday for John D. Foreman, who was delivering the same to the Lee Hill elevator in Alvo.

Mrs. M. A. Coleman was a visitor in Omaha for a short time last week where she was visiting at the home of her daughter, Mrs. Roy Ackley.

At the Happy Garage the proprietor has installed a burning in plant which he will use for the burning in of bearing on all motors which he overhauls.

On last Tuesday Walter Lenz shipped his perkers to market and had them go via the Coatsman Truck line, and they were transported by John B. Skinner.

Clifford Appleman, who has been making his home in Lincoln for some time past, has been in and about Alvo of late selling radios and installing the same.

Charles Appleman, who has been visiting at the home of his brother, Porter Appleman, near Atlantic, Ia., after enjoying the visit for a week, returned home last week.

Wm. Coatsman of Weeping Water, was over for a short time last Thursday and was trimming the grape vines on the farm, and visiting with his sons, R. M. Coatsman and W. W. Coatsman, as well.

August Bornemeier took two truck loads of cattle to the South Omaha stock yards last week, bringing them thru Alvo for the better roads. These trucks could be made better as well so that it would accommodate more people.

R. M. Coatsman and family were visiting at Weeping Water last Sunday, making the trip over in their auto, and were guests for the day at the home of Gordon Heneger, where all enjoyed the occasion most pleasantly.

At the meeting of the Pythian Sisters, which partially installed their officers at a previous meeting, completed the installation at the meeting last week, and now they have a complete coterie of officers to look after the affairs of the order.

A crew of workmen is grading the "O" street road preparatory to beginning the graveling when the time arrives for the same. This will make the "O" street road one of the best thoroughfares running out of Lincoln when the same is completed.

A Ford touring car, which had been groomed a little to highly and had high grade gas in the tank, became to cantankerous with the owner a few days since and ran into the fence of John D. Foreman, breaking down two posts before the animal (?) could be brought under subjection.

The wedding at the woman club annual banquet which was given at the basement of the Methodist church last Thursday evening, was great, and as the bride came up the aisle to the altar, the congregation sang with the spirit of 1776:

"Here comes the bride,  
See how she waddles  
Get onto her stride;  
From side to side."

Someone, believing in the sowing of clover and thinking the demand would make clover seed excellent property, which it is, appropriated two sack of clover seed which B. L. Appleman had stored in his granary and which is worth some twenty dollars per bushel. We think the sowing

need a good proposition but the stealing of clover seed is something else. It looks like a very bad condition of society when nothing is safe unless it is under lock and key.

**Held Good Demonstration.**  
On Tuesday of last week the county agent, L. R. Snipes, with a man representing the state held a most wonderful demonstration in grafting and trimming trees, as well as the culture of vines. There was a large and much interested crowd of farmers and fruit growers present who took great interest in the demonstration as it taught the proper methods of cultivation of trees and vines. The demonstration was held at the home of Charles Ayres, who is greatly interested in the work in hand.

**Give Dads Pleasant Surprise.**  
The high school girls of the Alvo schools, on last Wednesday evening, at the home of E. G. Steele, gave their "Dads" a most pleasant evening, where mirth and laughter as well as something good to eat was the predominating features of the occasion. The Dads amused themselves with the entertainment which had been provided and played "rummy" as well as other things which afforded amusement. The eyes of the Dads were opened to the real entertaining ability of the daughters, and they were well paid for the trouble of getting out for the party.

**The Bewildering City.**  
Two of the fair sex of Alvo, who recently drove from their quiet staid little city, to Lincoln to visit with friends and do some shopping, were not able to properly direct their car homeward and the "creature" wandered from the better traveled thoroughfares and then lost the fair ones in the labyrinth of similar building and streets. The ladies would not be lost, so they sought out a policeman and made inquiries as to how to find their way home. The policeman did as requested and they left him standing there humming "Show Me the Way to Go Home."

**BILL TO PROHIBIT SALE OF ADULTERATED BUTTER**  
Washington, Feb. 10.—A bill to prohibit the manufacture and sale of adulterated butter or butter substitutes and providing a maximum fine of \$500 for violation, was introduced today by Representative Browne, republican, of Wisconsin.

**SUFFERS SEVERE ACCIDENT**  
Hershel Furlong, 16 year old son of M. Furlong, well known resident of this community, was very severely injured Saturday at the farm in the vicinity of Rock Bluffs. The young man was riding a pony when the animal fell and as the pony struggled to its feet it stepped on the right arm of Hershel, breaking that member just below the elbow.

**CARD OF THANKS**  
We wish to express our sincere thanks for the kindness and sympathy of our many friends during our recent bereavement and for the beautiful floral offerings—Mrs. Swan and Children.

**FOR SALE**  
Purebred Hampshires—Sows and Gilt—bred for March and April farrow.—Ernest Pollard, Nehawka, Ia. f15-37w

Consider the possibilities for success and you will realize that a man needs genius to fail these days.

Robert Egan, who has been here visiting with the old time friends for a few days, departed this morning for Seneca, Nebraska, where he will visit and expects later to locate at Crooks, Nebraska, where he will be located in a store at that place.

**WOMEN TO WEAR LESS CLOTHES**  
New York, Feb. 11.—The well-dressed woman of 1926 will wear less clothes, it was announced Wednesday. Two garments are plenty, Katherine Cunningham, Chicago designer, told the 21st annual convention of corsetiers.

One garment, she said, would be a combination which serves the purpose of brassiere, corset and "undie." Garment No. 2 is the outer dress—there is no more.

"The corset as we knew it 20 years ago, has disappeared, never to return," said Miss Cunningham.

P. T. Becker, Clerk.

# BRYAN ALMOST SURE TO FILE FOR GOVERNOR

Lincoln, Neb., Feb. 10.—The gubernatorial candidacy of Charles W. Bryan in the coming democratic primary was considered assured here on Wednesday night following the announcement by friends of the former governor that he would formally announce his candidacy immediately upon his return here from Florida, which is expected in about two weeks.

J. R. Farris, secretary to Mr. Bryan, said he had received no definite word from the former governor regarding his candidacy but indicated that Mr. Bryan would probably have a statement regarding the matter soon after his return here.

Mr. Farris said he had received petitions today carrying the names of some three hundred signers asking Mr. Bryan to enter the campaign. These were being forwarded to Mr. Bryan in Florida along with a number of others.

He said the former governor had not decided definitely when he would return from Florida, as matters involving the estate of William Jennings Bryan had been found more burdensome than expected. He indicated, however, that it would probably be soon.

**NERVES ALL UNSTRUNG**  
Plattsmouth Folks Should Find the Cause and Correct It.

Are you all worn out? Feel tired, nervous, half-sick? Do you have a constant headache; sharp twinges of pain, too, with dizzy spells and annoying urinary disorders? Then there's cause for worry and more cause to give your weakened kidneys prompt help. Use Doan's Pills—a stimulant diuretic to the kidneys.

Plattsmouth folks recommend Doan's for just such troubles.

Mrs. P. A. McCray, 615 So. 6th st., Plattsmouth, says: "While doing my work I became tired and felt weak and sharp pains through my back put me right down. When I stepped I became dizzy and black specks blurred my sight. I felt nervous and out of sorts. My kidneys didn't act right, either. I used Doan's Pills and one box from Weyrich & Hadraba's Drug store cured me of the trouble."

Mrs. McCray is only one of many Plattsmouth people who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mrs. McCray had—the remedy backed by home testimony. 60 cents at all dealers. Foster-Milburn Co., Mrs., Buffalo, N. Y. When Your Back is Lame Remember the Name.

**DELAY BLASPHEMY TRIAL**  
Brookton, Mass., Feb. 10.—The heavy snowstorm today prevented the first trial for blasphemy in the court annals of this city and in the case of Anthony Bimba, Brookline, N. Y., Lithuanian lecturer, charged with blasphemy under a 229-year-old Massachusetts "blue law" was continued to February 24.

So much interest has been aroused in the case, unique in modern Massachusetts legal annals, that spectators were on hand from several states.

Taking cognizance of the wide interest in the case, Chief of Court Charles H. King declared that the trial "will not be a vaudeville stunt. The aim of the Brookton court," he said, "is to mete out justice honestly without regard for public opinion."

Among organizations which have come to the aid of Bimba, who stands accused of having advocated the overthrow of the United States government by force and with having denied the existence of God in an address in Lithuanian hall here on February 3, are the defense council of New York and the civil liberties league of Chicago.

**RACE OF ELEPHANT-EARED**  
Vienna, Feb. 8.—The noise and clamor of modern city life are producing a race of elephant-eared men and women, says Dr. Fritz Pfuffer, a Vienna ear specialist. He predicted that in the not too distant future human beings will have a floppy, extra-tractable size of the eardrums.

Women says Dr. Pfuffer, will be hardest hit. The grand children of women who now wear their hair over their ears, will have to continue the fad because their ears will be so unhealthily that they must be covered up.

Dr. Pfuffer bases his prediction on measurements of patient's ears during the last thirty years. The strain on the auditory nerve when a person is listening to conversation amid the din of city traffic is responsible for the change, he says.

**SEVENTEEN DEAD, TOLL OF NORTHEAST STORM**  
New York, Feb. 11.—People of the northeastern states, accustomed to motor travel, tonight heard the old-fashioned jingle of sleigh bells as horses were called forth to break trails where motors could not go.

Twenty-four hours after the passing of the second severe snowstorm within a week, most highways were impassable to motors, and all but the principal streets in cities and towns were likewise blocked. The two storms left a snow blanket two feet deep on the level ground and many frozen drifts six to 12 feet deep.

The death list as a result of the last storm stood tonight at 17, and the number of accidents was many times greater.

The person who devised the expression "As easy as taking candy from the baby" never had a baby.

# State Paying Large Number of Attorneys

Attorney General Spillman Expends \$16,222 From the Prosecution Fund.

Attorney General Spillman's reports for 1925 filed with the governor show that he expended a total of \$16,222.19 for special counsel and expenses in prosecutions in suits in which the state is interested. Fourteen attorneys and one detective or special agent drew funds appropriated by the legislature for conducting prosecutions. In the past some attorneys general have employed nineteen outside attorneys. Services were performed in many different kinds of litigation and investigations, including the prosecution of oil cases in Omaha, investigation of road contracts, some liquor cases and some workmen's compensation claims against the state. The reports do not specify the nature of the cases upon which attorneys worked.

In 1925, the reports show Richard F. Stout, of Lincoln, received seven payments from the \$20,000 fund for prosecutions, the largest of which was \$444.31. April 27, the payments to him totaling \$2,083.20 for services and expenses.

John T. Breen of Omaha received \$700.

H. E. Muffy, formerly of Pierce, now of Lincoln, received four payments, a total of \$937.72.

W. T. Thompson of Lincoln, received three payments, a total of \$830, the last being \$600 on May 6.

Edie Brain of Washington received \$190 January 1, 1925. He performed service for the attorney general in connection with state matters pending in the supreme court of the United States and saved the attorney general a trip to Washington.

C. A. Sorensen of Lincoln drew \$500 December 4 for services for the attorney general.

Frank DeLozier of Fremont received \$258.25 in October for fees and expenses as attorney for the attorney general.

The firm of Latton, Brown & Dibble of Lincoln receive \$630.51 of which \$595.51 was paid October 6.

L. R. Dorte of Lincoln received four payments during the year totaling \$598.28.

W. L. Dowling of Madison received \$100 September 28 as fees for legal services for the attorney general.

Robert G. Anderson of Lincoln received \$158.02 November 3 for services and expenses for gathering evidence.

Donald Gallagher drew \$150 November 20 for services.

# Farmers Hardest Hit by Prohibition

Washington, Feb. 13.—While American farmers were probably the greatest economic sufferers from prohibition, they will never consent to its repeal, R. W. Dunlap, assistant secretary of agriculture, declared from this appropriation Laura J. Mayer, stenographer in the office of assistant attorney general Bayse's office, is paid from \$100 to \$125 a month. Expenses of the four assistant attorneys general Dort, Ayres, Bayse and LaMaster, are also paid, when they travel upon business for the attorney general. Printing of briefs and the cost of law books bought by the attorney general are also paid out of the fund for conducting prosecutions.

**DRY LAW INCREASES CANUCK SMUGGLING**

Ottawa, Feb. 12.—Smuggling across the international border increased greatly after the advent of prohibition in the United States. Deputy Minister of Customs Farrow gave this testimony before the special parliamentary commission which is investigating charges made by former minister H. L. Stevens that wholesale smuggling has cost the exchequer some \$30,000,000.

The committee informed Mr. Farrow that it would require records and files giving information as to the ultimate disposal of smuggled goods seized in transit.

Mr. Dunlap said the constitution had been originally framed by rural-minded people, had always been loyally supported by rural people, and that the same people were now enthusiastically in favor of its enforcement.
