W. H. Kruger, who has been making his home on one of the farms which are owned by C. R. Troop of Plattsmouth, for the past few years, moved during the fore part of the week to the farm of Leo Switzer, and was assisted in the moving by Troy Shrader.

C. G. McCarthy, who recently helped a sale, has moved to Union where he is to engage in the grain business, he having purchased the Farmer's Elevator in this city and will conduct it. During the time he has been closing up the business here he has had Mr. Mont Robb looking after the business there.

While the roads at this time are getting passable, they were for a while in a very bad condition and especially in some places. One place that near the north orchard of E. M. Pollard, they were exceptionally bad, and even on last Sunday a number of cars were stuck in the mud and had to be pulled out.

Thomas E. Fulton, the blacksmith, who has been quite ill at his home for some time past on account of a very severe attack of the flu, has so far recovered that he was able to be at the shop the first part of the week, though at that time doing no work. He was hoping that in a few days he would be able to return to his work.

Uncle Z. W. Shrader, who has been so ill with an attack of pneumonia for some time past, and kept to his home and bed in Nehawka, is reported as being some better at this time and hopes are entertained that he will be able to be about again in a short time. His many friends are hoping that he will soon be about again.

The pessimist who says that spring is not coming, has not been observing the interest which Nehawka horse shoe fans have been evincing in this very popular game, or they would have hoped that the spring would be here soon. The boys and the marbles are a sure sign of spring and now the man with the horse shoe is about as certain.

Little Charlotte Hill the six year old daughter of Mr. and Mrs. James R. Hill, living some four miles north of Nehawka, celebrated her birthday last Friday in a very appropriate manner, having with her a number of her little friends to assist in the enjoyment of the occasion. They were entertained by Mrs. Hill, who also served a very dainty luncheon for the little folks.

Winfield Scott Norris was just seventy years old the next day after the birthday of the Father of his Country, and a number of his friends, which numbered almost a host called at the home of Mr. and Mrs. Norris and very appropriately celebrated the passing of his birthday. The evening was very pleasantly enjoyed by all who were privileged to be present. All in departing extended the wish that he may enjoy many more happy birthdays.

Fred Heebner, who has been making his home in Nehawka for some time past, was taken with pneumonia recently and as he had no one to look after him as to nursing and care, he thought it better to go to a hospital in Omaha and accordingly on last Monday evening Walter Wunderlich took Uncle Fred to Omaha in his car, where he is receiving the best of care and his many friends here are hoping that he may return in a short time with his health restored.

Mrs. Grace Shrader and her son, Harold Rhoden, departed for Dallas, Texas, one day last week. Mrs. Shrader was called here a short time since on account of the very serious illness of her father, Z. Guernsey Calf For Sale. I have an excellent Guernsey bull calf for sale with the best breeding, about a month old, who is needing one of good milking strain.—R. B. Stone, Nehawka, Neb. f11-3nc

Are Home From the South. Mr. and Mrs. Kirkpatrick, who have been in the south for some time and have been spending the winter months in Texas, returned home a short time since and are enjoying the home once more. They liked the climate very well and were more ls enamored with the south, which they thought was very fine. They tell of the great business there and times good, with much building being done, and with the town and large cities doing the most building, which is very prosperous at this time there. Mr. Kirkpatrick was speaking of much farming being done with large quantities of oats and cotton having already been planted and preparations made for more.

Want Better Roads. There is a demand for better roads in and out of Nehawka, which has been sharing very poorly when it comes to the matter of good roads, for some of the highways leading into the town have been even worse than bad. The feeling is growing for better roads and many are thinking of asking for an election for the purpose of voting bonds for the graveling of the road from the "O" street road to the north side of Nehawka precinct, running through the town and terminating at the intersection near the home of A. D. Murdoch, and should the bonds carry will ask the county to grade the road.

Will Grade Portion of Road. There will be about five miles of the "O" street road graded this summer according to the contracts let at Lincoln last week by the board of public works. The road to be graded is that running from the Weeping Water bridge west of Union for a distance of five one-tenth miles west.

Harry Knabe Sale. Harry sold 45 spring and fall gilts and tried sows for an average of \$82.00 per head. Many of the good Hampshire sows went to Iowa, Kansas and South Dakota. The top price was \$180.00. Everybody will remember Harry as one of our first successful Pig Club boys. A good many boys who are now successful hog raisers started as Pig Club members in this county. The following have been successful Pig Club members: Harry and Sterling Ingwersen, Jim and Chester Stone and Frank Pollard of Nehawka; Elmer Salsberg and Minard Tritsch of Cedar Creek; Clarence Kitner and Lawrence Little of Weeping Water; George Klitzel, Elmer Hoffman and Timblyn brothers of Alvo; Cecil and Clifford Jacobson, Carl and Walter Handrock, Althouse brothers and Walberg brothers of Eagle, and many others that might be mentioned.

Class county is proud of all these boys. In the future you will hear of the other boys as you have of Harry Knabe and Jim Stone.

GRAPE PRUNING DEMONSTRATION. A grape pruning demonstration was held in Union. Professor Wiggins of the horticulture department assisted in giving this demonstration. Mr. Banning of Union made all the arrangements and the farm bureau sent out the letters announcing the time and place of the meeting. The meeting was very successful and many present learned how to prune grapes.

Seed Corn. Bring or send in your seed corn to the farm bureau office and we will be glad to test it for you. We have two kinds of testers in the office and one is giving very satisfactory results. The corn will be tested in both testers. We believe that Cass county has as good seed corn as any county in Nebraska or Iowa. As yet we see no reason for ordering seed corn outside of the county.
