

Make 1926 a Year of Progress!

"He that Plants Trees --" Arbor Day, April 22

There is an old proverb which says: "He that plants trees loves others beside himself."

Actually, anyone who builds wisely for the future—whether by planting a tree, founding a business, erecting a home, or building up a bank account—benefits not only himself but his community.

Let's pay tribute on Arbor Day not only to trees, but to the spirit that seeks to make the world a better place in which to live.

YOUNG PEOPLE WEDDED

From Saturday's Daily— On Thursday afternoon Roy E. Wallace and Miss Ora Ethel Weltz, both of Missouri Valley, Iowa, were married at the residence of Rev. O. G. Wichmann in this city. The young people came here with the avowed intention of being wedded and securing the necessary permit from Judge A. H. Duxbury started forth to find a minister and for a few moments it seemed that the two would have to return home unwed if they wished the blessing of a minister on their nuptials. Rev. Pfoutz and Rev. McClusky were at the Knights Templar commandery. Rev. W. R. Robb was out of the city and it was only after a careful search that Rev. O. G. Wichmann of the St. Paul's church was located and who performed the wedding. The young people had their wedding witnessed by L. F. Pickett, the barber, who is a friend of the groom. Mr. Wallace is engaged in the barber business at Missouri Valley.

RADIO PARTY A SUCCESS

From Saturday's Daily— One of the pleasant social events of this week was the "Radio" party given by the Junior church of the St. Paul's Evangelical church and which proved a new and novel idea in the way of entertainment and was a most pleasurable event for the large number that were in attendance. The event was held in the public library auditorium.

The event was heralded as the first broadcasting station in the city and various members of the party appeared in the role of announcers and the artists on the program appeared in regulation broadcasting style and a program of artistic numbers were given that added very much to the enjoyment of the large number in attendance.

The result of the operation of station "S. P. J. C." was most enjoyable to all of the members of the jolly party and they are all anxiously awaiting the time when the Junior church again "takes the air."

WOULD MAKE A GOOD MAN

We are having some talk of J. C. Lemon for county commissioner, by people of Greenwood and vicinity, and those that think that the west should be represented, and when it comes to selecting a man for the position, Mr. Lemon would make one of the best. He has always been a booster for better roads, and for a better condition of the people. It was through his efforts mainly that it was made possible to get the road running from Greenwood to Ashland hardsurfaced, and this putting it in condition so that it could be traveled when roads were bad elsewhere. Mr. Lemon is materially interested in Cass county owing to much property here and is a very conservative gentleman. He has made a success of his own private business and would make a good man to look after the affairs of the county. He is a democrat and a good man for the people.

Mother of North is Title for Woman

Ability as a Cook and Loyalty to Children Has Brought Fame and Fortune in Alaska.

Skagway, Alaska.—Many tourists from the states know Mrs. Harriet Pullen of the famous Pullen House, which is 1,500 miles as a plane flies from Ketchikan, at the southeastern tip of Alaska, to Nome, out to the northwest on Bering sea.

All over the world, wherever linger those madmen and others who came rushing to Alaska and the Klondike—to the eastward, in Canada—for gold in 1898 and 1899. Mrs. Pullen is loved.

A handful of women became famous because they were able to stand beside the sprinkling of men in the uncounted myriad of gold-rushers who were hard enough to conquer the north—and of all that bright company of men of the golden north count Mrs. Pullen the brightest.

Young, comely, strong Harriet Pullen was daughter of a rancher on Puget sound in Washington state. She came to Alaska in 1898 with her four children to go with her husband over the Chilkoot trail

of the equally terrible White Pass trail into the Klondike for gold. She lost her husband. Camped on the beach here, she had seven dollars—and four little children.

The rush was never so mad that men did not eat, and the mother with the four children and seven dollars went to cooking. She cooked so well and withal was so kind and helpful that those thousands passing thru here and up the White Pass trail or thru Dyea, four miles from Skagway, and up the Chilkoot trail called her the mother of the north. She prospered and bought the old Cap Moore's boarding house in Skagway.

The boarding house she developed into Pullen House, a twenty room modern hotel, standing in a

landscape garden of several acres split by a mountain stream with an island and rustic bridges. Canadians opening up their country came with a railroad over White Pass—the White Horse and Yukon. The railroad still runs, and Mrs. Pullen still prospers because the white handed children of the outside come taking this fast route to see the sight of the north. Pullen House is reputed to have entertained more distinguished guests than any other hostelry in the north.
