because of the downpour of rain, Lockhart, who captured the grand prize, drove the full distance without a single tire change and was all set to go the entire 500 miles on the same set of tires.

It is a noteworthy fact, too, that the 1926 Indianapolis race was the ninth on the Hoosier Speedway in which Firestone Gum-Dipped Tires carried the winners to victory.

The terrific battle of tires brings out the effectiveness of Gum-Dipping, the exclusive process employed by the Firestone company which builds extra strength and endurance into the cord fabric by impregnating and saturating every fiber of every cord with rubber.

This special process minimizes friction and heat, keeping the tires comparatively cool under a continuous racing strain.

The performance of Firestone tires at Indianapolis this year certainly was remarkable when the terrific speed at which the cars traveled over the 15-year-old rough brick track is taken into consideration.

COUNTY COMMISSIONERS VISIT NEHAWKA
From Saturday's Daily—
County Commissioners, Harris Spangler, and Gorder were in Nehawka Tuesday afternoon looking over the lay of the ground at the west part of town near the bridge.

According to plans, it is proposed to place a new bridge across the creek in the west part of town and open up the street which is now used for arranging for the straightening out of Salt Creek, which occupies some thirty miles of territory in getting from Greenwood to Ashland, the distance being some over seven miles, and this would provide for the carrying of the flood waters and also save a large amount of valuable land.

Ten Winners in Auto Race on Firestones
For Ninth Time, Gum-Dipped Tires Lead in Indianapolis Speedway Classic May 30th.

Firestone Full-Size Gum-Dipped Balloon tires again made a remarkable showing in the Indianapolis Speedway Classic on Decoration day, when all ten winners participating "in the money" rode on these dependable tires.

This is the second time balloon tires were used in the great Speedway event, the first being last year when Peter DePaolo on Firestone Full-Size Gum-Dipped Balloons made a new world's record at an average speed of 101.13 miles per hour.

Smaller motors of 9 1/2 cubic inch displacement, compared to 122 cubic inches in 1925, combined with rainy weather and a slippery track, slowed up the time of the 1926 winner, Frank Lockhart, who won this year's race at 95.888 miles per hour.

This year's grueling battle of tires was called at the end of 402 1/2 miles

COURTESY IS NOT ENOUGH

"I believe that ours is a courteous organization and that no one who has had dealings with us can complain that he is not treated politely. Courtesy is necessary, but courteous treatment alone cannot take the place of actual service. Do we give real and constructive thought to each of our business contracts with our subscribers?"

"Each transaction, small or large, will be properly and satisfactorily handled for only when we have brought ourselves to deal with each as though it were the only one we had to handle that day. If every one of us in the organization—men and women alike—will grasp this point of view, misunderstandings and mistakes will practically disappear, and we will be in that comfortable position of having our customers really liking the company."—A. E. Berry, President, Chesapeake & Potomac Telephone Company.

Her sister, Agnes, now Sister Remedita also who has been visiting here departed for Chicago where she plans to enter the Rosary College for the summer.

August Stander and wife have been enjoying a visit of their two daughters, Agnes and Rose, and on last Sunday the old home was a merry place when the father and mother and two daughters were greeted by A. W. Schuler and family, Eddie Seiler and family all of Elmwood, A. F. Rauth and family of near York, and Mr. John Stander and Miss Lillian Bolicek of Plattsmouth. The day was fitting home gathering.

Mr. and Mrs. W. J. Rau were looking after some business matters in Omaha one day last week, and while they were away Geo. Rau was looking after things at the bank. Mr. George Rau departed for a short time at his old home where he will visit with relatives and friends. He will then return and complete his education on the pipe organ, a portion of which he has taken at the Sherwood School of Music. He will receive his further instruction from a professor in this line in Omaha.

W. J. Rau of the bank of Manley, had for his guests at the short term of the Agricultural college in Lincoln last week, Frank Stander, and two sons, John P. Stander and Eddie Stander, and also Oris Scheifert, where they enjoyed the lectures on matters vital to the farmer, the cost of corn which is put into the crib, as well as some very exhaustive discussion of seed corn and the proper propagation. The matter of the chinch bugs which is causing much trouble for the farmer in all grains from the wheat to the corn was discussed and the farmers are cordially invited to call and discuss these evils and their treatment.

CENTRAL SCHOOL SUPER-VIDED PLAY GROUND

From Saturday's Daily—
The play ground under the supervision of Miss Fields and her assistants has had a very successful week for its beginning. An average of 60 little folks under ten years of age have attended during the morning and a goodly number of those over ten for the afternoon.

Joe Buttery has been giving his assistance part of the week and it is hoped to secure him regularly while he is in town to help with the boys games in the afternoon. Any other children in the afternoon please call Miss Fields at No. 184. There is room for many more children and the more who attend make it possible to play more active games. The old high school building is being used for craft work and on rainy days and makes possible a variety of activities when more equipment is secured.

Following is the program as carried out the past week.

Morning—Small folks.
9:00 opening, flag salute, song, "America," and preparation for morning.
9:20 to 10:30 Free play, action games, races, circle games, etc.
10:30 to 10:40 Intermission.
10:40 to 11:30 Hand work and quiet game.

11:30 to 12:000 Songs, stunts, folk games and calisthenics.
Afternoon—Older folks.

DRY FOURTH OF JULY FOR A TOWN IN KANSAS

Council Bluffs, Ia., June 24.—It may not be a "safe Fourth" in Wamego, Kas., but it's going to be a dry one. A truck load of liquor for which several residents of that town "chipped in" and sent R. B. Retz to Canada to obtain, fell into the hands of police last night when Retz thoughtlessly drove down the main street of Council Bluffs without lights. This aroused a policeman's curiosity and he stopped Retz, discovering the liquor. Retz today was given three months in jail, fined \$600 and his truck and cargo were confiscated.
