Plattsmouth Wins One Sided Battle Sunday

South Side Merchants Lose Game by the Score of 12 to 2—Locals Hit Very Heavy.

From Monday's Daily—
Yesterday afternoon the local baseball team added to their batting averages when they demolished the hopes of the South Side Merchants of Omaha by the score of 12 to 2. The game was featured by the general heavy hitting of the local batsmen and the hurling of McCarty.

The slab work of Joe McCarty was par excellence and twelve of the visitors were retired via the strike out route and the young hurler deserved to have a shut out on the visitors had it not been for several errors in the fourth frame that saved the visitors from a shutout.

In the sticking department Honus Newman, Art and Herb Klauschie and Pete Herold featured with several hits apiece, the two Klauschie's, Newman, and O'Donnell being for extra bases.

The game was early decided as the locals after retiring their foes in the opening stanza proceeded to unlimber their bag of tricks on Mr. Carper who was doing the hurling for the Merchants. O'Donnell opened the inning by striking out while William Harvey Mason placed a hot one in the short territory that was juggled and started the wreck. Art Klauschie then came up and hit one on the nose for two bases and scoring Mason, Herb Klauschie had a part of his frame get into the path of one of Carper's slants and was sent to first. Harry Newman awoke the natives with a drive to the centerfield fence that scored both the Klauschie's and as Honus reached third on the hit a wild throw to that base allowed him to go on home. Herold was also hit by Carper and sent to first and worked his way around until he was able to steal home on the badly rattled team of the visitors.

The Merchants did their scoring in the fourth stanza of the game, Kutlick getting a base on balls off McCarty and was able to score with Miller on a number of errors. Miller hit with Kutlick trying to reach second and a bad throw by O'Donnell to second gave him the base and Miller was also safe. Both runners advanced when Black sent out a roller on which an attempt was made

Fireworks Display to be a Big Drawing Card

More Beautiful Rockets and Bombs Than Ever Before—Nine Set Pieces—Band to Play

From Wednesday's Daily—
The big evening feature at the Fourth of July celebration here next Monday will be the fireworks display to be fired at the baseball park near the river front, where they will be visible from every surrounding hillside. The display this year was purchased at a cost considerably in excess of the amount heretofore spent on this feature of the celebration, and includes some most beautiful aerial effects, among them more of the two and three break bombshells than heretofore. Increased beauty in rockets has also been striven for, and instead of the plainer kinds, a goodly number of national streamer, floating festoon, hanging chain, parachute, weeping willow, searchlight and peacock plume designs have been secured.

There will be the same number of bombshells and rockets as in last year's display, but the increased size and beauty has made the price considerably in excess of any prior display.

Improvement in the arenic display has also been striven for, and the mammoth fountains, floral bombs, batteries, mines, etc., are among the best on the market.

Due to congested space, cars will not be admitted to the ball park. The grandstand and bleachers will afford seats for many spectators, but beyond that the crowd will be forced to stand during the display, as the gate will positively be barred to cars.

The display will start promptly at 8:30. Prior to that time, the band will be on the field to play a number of snappy march tunes, ending with the Star Spangled Banner as a signal for firing to begin.

Following is the order of fire, the set pieces being listed in capital letters:

- Star Spangled Banner.
- 1—Bombshell Salute.
- 2—Red and Green Illuminations.
- 3—Flight of 4 Rockets.
- 4—Bombshells (3)

IOWA LUMBERMAN HERE

From Wednesday's Daily—
This morning Davis Greenwood, well known Iowa lumber dealer, who has a large yard at Emerson, was here for a short time, driving through with Mrs. Greenwood to Osceola, Nebraska, where they will visit their son, Charles, who is located at that place with a well established lumber yard.

Mr. and Mrs. Davis Greenwood are among the best known residents of Mills county where their families have long been very active and both were formerly residents of Silver City where the father of Mr. Greenwood was a pioneer banker and the Pullman family, of which Mrs. Greenwood is a daughter, were among the most prominent residents of northern Mills county. While here Mr. and Mrs. Greenwood were callers at the Journal for a short time, they being old friends of R. A. Bates, the publisher of the Journal.

SAYS WAS WRONG

From Tuesday's Daily—
The Journal a few days ago published an item that Merton Scott of Weeping Water had been arrested on a charge of non-support of his wife and was released under a \$400 bond to guarantee that he would not repeat the offense. This seems to be slightly in error, as Mr. Scott was not charged with failure to support his wife, it is claimed, but because he failed to support two minor children and was required to put up the \$400 bond.

Dr. Westover Winner of Golf Championship

Local Golfer Captures the Championship Title for Southeastern Nebraska Yesterday.

From Monday's Daily—
The finals in the Southeastern Nebraska golf tournament at Auburn, Nebraska, yesterday and as the result of the final day of play Dr. R. P. Westover of this city was awarded the golf championship of the tournament, he defeating Roy Dirks of Auburn, two up and one to play, in the final round.

The tournament embraced some 132 entries and the towns of Plattsmouth, Nebraska City, Auburn, Falls City, Weeping Water, Peru, Pawnee City, Tecumseh and Ashland were represented in the playing that started a week ago and was continued through the week.

There was a gallery of 200 persons present yesterday to witness the Westover-Dirks battle for the championship and the Plattsmouth victor received a generous hand on his success in wresting the championship from his opponent, one of the most skilled of the Auburn players, and who had been one of the hard fighters of the tournament.

In the fifth flight James W. Holmes of this city was the runner up and received a handsome prize for his efforts.

The championship cup that was won by Dr. Westover is an exhibition of the drug store of F. G. Fricke & Co., and is an object of the greatest admiration by the Plattsmouth golfers.

The Auburn 18-hole course is one of the best in the state and is well laid out, being so arranged that the greatest of skill is required in playing over the course, where there are many natural hazards.

The new southeastern Nebraska championship has been one of the most consistent players of the Plattsmouth golf club and has held the city championship and was one of the most serious contenders at the other city championship events.

CELEBRATE A BIRTHDAY

York, Neb., June 29.—The ninety-first birthday of Burwell Spurlock was celebrated at Mother's Jewels' Home in York Monday afternoon. In spite of the heat there was a large attendance of friends to offer congratulations and good wishes. The children of the Home sang a birthday song and other musical numbers and readings were given. Mr. Spurlock gave a brief address. Mr. Spurlock came to Nebraska in 1856. He was one of the early traders and is known as one who never gave liquor to the Indians.

He lived at Plattsmouth for a number of years after which he came to York and with his wife, Isabelle Spurlock took charge of Mother's Jewels' Home, an orphanage maintained by the Home Missionary society of the M. E. church. Mrs. Spurlock died some years ago but "Uncle Burwell" as he is affectionately known to the children continues to make his home there. Mr. Spurlock organized the first religious meeting in Cass county.

Return from Trip to Boston and the East

Mr. and Mrs. W. H. Venner, Well Known Residents Here Enjoy Four Weeks Stay in East.

From Tuesday's Daily—
Mr. and Mrs. W. H. Venner returned recently from an extended trip in the east. They spent the greater part of the time in Boston, Mass., where they enjoyed every moment of their stay.

While there they took several short trips which added to their enjoyment. Rev. Andrew Graham who for several years was a resident of Nebraska and who now lives in Boston kindly took Mr. and Mrs. Venner out for a few hours ride. He took them to his lovely home which is on an island, on the Charles river, and on this trip they saw many of the beautiful scenes. Some kind friends also took them for a drive thru the wonder city of Boston and on thru suburban towns passing the navy yards, and Harvard college, and on out to Revere Beach, where they spent some time in viewing the scenes and the foaming ocean waters and gathering shells and pebbles for mementoes.

They visited the beautiful Mt. Auburn cemetery where rests some of our noted people. They saw Longfellow's monument, also James Russell Lowell's grave.

On the last day of their stay in Boston, they attended a meeting of the Mother church which was the largest gathering of Christian Scientists they had ever seen. The large church has a seating capacity of five thousand and many were standing in the aisles, and many came and could not be admitted.

On their return trip home they came by way of Albany, south of Lake Erie and through Cleveland, Columbus, Dayton, Cincinnati, on down to Greensburg, Indiana, where they visited with Mr. Venner's brother, Abram F. Venner, it being the first visit of the brothers together in a period of forty-five years, it being needless to say the occasion was one of the most delightful to both families. They then stopped at Columbus, Indiana, to visit a niece, a daughter of the youngest sister of Mr. Venner, then on home pronouncing it a successful and pleasant journey throughout.

Save Your Fields From The Chinch Bugs!

A very effective method of exterminating chinch bugs with the use of water gas tar and calcium cyanide chips has been developed for use at the time the chinch bugs are moving from ripe wheat fields to the greener corn fields. The procedure is as follows:

Water Gas Tar at Our Plant
We are Glad to Offer the Farmers the Opportunity of Driving Out These Pests.

Place a furrow between wheat fields and corn. Dig post holes 16 to 18 inches deep and run a line of tar between each hole and the bugs are soon cleaned out.
