COLLEGES CHARGED WITH WASTING TIME

Akron, O .- "American colleges and dollars going into circulation in pay- learned court of the wisest nation in universities are illogical organizament for the great crop has given the world, acquiring knowledge in tions which waste at least a year of smiling on the broad acres until the of the age in which he lived; of gov- ing to their abilities," says Dr. George F. Zook, president of the Municipal University of Agron.

"Boys and girls from all walks of life and of every variety of intell igence are being admitted without proper classification of the course to " A survey made in the Massachu-

setts schools showed that only 40

per cent of the students who intend-

succeed if they should attend. Dr. Zook explained to the students of the university's summer school, to whom he spoke of the need for classification, that it is the duty of the secondary schools to induce those who have the ability to do college work to attend college, and in some take special vocational work to fit

them for earning a lichihood. A change in methods of admissi at the Municipal University at Akron takes effect next fall. No entrance exfor admission, and the entrance rules will be changed to encourage the fitwhich they are best adapted.

IN THE BLAST AREA

Dover, N. J., July 13 .- In spite of partial law and precautions taken by nilitary authorities in the area laid of officers' homes. One officer reported that robbers had entered the wreck of his quarters and had stolen money from his trunk, three pairs of boots and the medals from his uniforms.

NO CABINET IN GREECE
