ALIEN ENTRY IN YEAR TO AMERICA 496,106

Washington—The alien population of the country was increased by the entry of 496,106 immigrants in the fiscal year ending June 30, the immigration bureau reports, but 20,550 others who sought admission were debarred for various reasons. The total admissions compared with 458,435 for the previous year and 879,302 for the year ended June 30, 1924.

During June 43,319 aliens were admitted, comprising 24,790 immigrants and 19,521 non-immigrants, while the exodus of aliens during the month totaled 25,650. Departures during June reached a high water mark, 1924 undesirable aliens being sent out of the country, while deportations for the year totaled 10,904.

Wedding of Young People Occurs Today

Miss Mary Schiessl and Mr. Albert Janda Are United in Marriage This Morning.

From Wednesday's Daily—This morning at the St. John's Catholic church occurred the wedding of two of the popular and well-known young people of the community. Miss Mary Schiessl and Mr. Albert Janda, now a resident of Omaha.

The bridal party entered the church as the Mendelssohn wedding march was sounded by Miss Alice Wooster, a close friend of the happy young people and to the strains of this melody the bridal party approached the altar where the impressive nuptial mass of the church was celebrated by Monsignor Michael A. Shine, rector of the church.

The bridal couple were attended by Miss Ruth Janda and Mr. Ernest Janda, sister and brother of the groom as bridesmaid and best man. The bride wore a gown of Georgette over white satin with Dutch lace veil with rhinestone head piece and held in pace with orange blossoms and white ribbons. The bride wore white slippers and hose to match and carried a shower bridal bouquet of white roses and lilies of the valley. Miss Janda was gowned in cornflower blue flat crepe with tan hose and pumps and carried pink roses. Miss Wooster wore a very striking gown of sunset satin black crepe, trimmed in pearls and a picture hat, with hose and slippers to match.

The groom and best man were garbed in the conventional dark suits. The bridal party after the wedding motored to the home of the bride's parents at 15th and Oak street where a very dainty wedding breakfast was served. The dining room was arranged with daisies and marigolds that made a very fitting setting for the happy event.

This afternoon Mr. and Mrs. Janda departed on the 2:35 Missouri Pacific train for Kansas City where they will enjoy a visit there with friends and on their return will be at home to their friends at the Dupont apartments at Omaha.

The going away gown of the bride was navy blue flat crepe with black satin picture hat.

The out of town guests to attend the wedding were: Mr. and Mrs. James M. Saylor, Ashland; Mr. and Mrs. Alfred Ulstrup and daughter, Elen, Ashland; Mr. and Mrs. P. B.

Dunn, Omaha; Albert Brandl, Creighton, Nebraska.

The bride is one of the charming and accomplished daughters of Mr. and Mrs. Joseph Schiessl and has grown to womanhood in this community and has been very prominent in the social life of the community and a lady of the greatest charm of personality she has made a very large circle of warm friends who are joining in the well wishes for the future happiness of this estimable young couple.

The groom is a son of Mr. and Mrs. Tone J. Janda, and like the bride has grown up in this community where he was for several years engaged in work in the local Burlington shops following the close of his school work and while a resident here was identified with the amateur sports of the city as a member of the basketball team and baseball team. He is at the present time employed by the Ford Motor Co., at their plant in Omaha.

NAMES WRITTEN IN

From Wednesday's Daily—The voters at the primary election had evidently had a well defined plan in the section of the county comprising Stove Creek, Weeping Water and Avoca, of writing in the name of an opponent for Miss Alpha Peterson, the present county superintendent of schools, as in these precincts a considerable number of votes were cast for Miss Verna Fossler of Elmwood, her friends having evidently decided to take this method of getting her name on the ballot. The election board in all cases did not report the full number of votes received for Miss Fossler and it will probably not be until after the official canvass of the vote that the final result of her strength is learned. The law requires that a candidate for the non-partisan offices receive ten per cent of the vote cast for the governor at the last general election and as the vote is very much heavier than the primary election it is not likely that a sufficient number will be secured to place the name of Miss Fossler on the ballot.

STORM VERY GENERAL

From Wednesday's Daily—The storm that visited this section shortly after midnight last night and which continued the greater part of the night, was very general over the county, visitors from the various localities report today. The storm started in the southern portion of the county and swept northward with a very plentiful rainfall that did a great deal toward the benefitting of the crops and was one of the best rains that has visited this section owing to its very general character.

GAVE GOOD PROGRAM

From Tuesday's Daily—The Barnyard Twins, Walt and Ray, who have been selected by Powell Crosley, celebrated radio manufacturer to provide programs from KOIL, each Monday evening from 10 to 11, were heard in their first pay job last night. The boys brought along a number of new barnyard effects and rendered a program of real merit interspersed with vocal numbers by the Crosley Twins, a duo of young ladies who are also paid artists in the employ of Mr. Crosley.

Crosley, who is known as the "Ford of Radio," in addition to operating station WLW, Cincinnati, is hiring talent to appear at different high powered stations over the country weekly under his auspices throughout the coming winter. We understand the talent is picked by competitive test, and the friends of Walt and Ray are pleased to note their success in being chosen to render pay concerts from KOIL, the station from which they pioneered as radio entertainers and won great applause from all parts of the country.

DEMOCRATIC VOTE

The only contest on the local democratic county ticket was that for the office of sheriff and which with Center precinct missing was as follows:

Johnson	570
Kell	320
Meisinger	169

A LABOR SAVER FOR WASH DAY

Most of the water lifting on wash day can be done away with if the water can be run into the rinsing tubs and sponged out again thru a hose. Even if a housewife does not have a water system and hose connections in the room where she washes, she can still siphon the dirty water out of her tubs with a piece of hose long enough to reach out of doors to a drain. She should put the hose under the water in the tub, be sure that the air is all out of the hose and it is filled with water, stop up one end of it with her thumb or finger, pull that end out and then down until it is below the bottom of the tub, and then let the water run. It will run as long as the other end is under water and the outer end is below the tub. If she needs a long hose to get the water to the outdoors or to the drain, she may have to practice the stunt a few times to get the outer end of the hose to the desired place while the other end is still under water. The last gallon or two that the hose will not take out can be easily emptied in the usual way.

NEW FOOT RACES

The ordinary racing program at the summer picnic can be made more interesting by adding a hurdle race, a newspaper race, and a caterpillar race. The hurdles are made of lath, one lath wide and from two to three feet high, depending upon the size of the boys to run. About five hurdles to the row and about twenty yards apart in the row will make plenty of sport for the hurdlers and the spectators. The newspaper race is run by having each contestant take a newspaper in each hand and having him step on the newspapers as he runs. The caterpillar race is for boys all about the same size. They should straddle a fishing pole, put one hand on the pole and the other on the shoulder of the boy in front, and then try to win the race. Five or six boys on each pole makes an interesting race. If not enough boys of a size are at the picnic to make many teams, give the smaller boys an advantage of a few yards and let them run with the big boys.

Mrs. J. A. Griffin, Mr. and Mrs. A. S. Lewis and Miss Bonnie Kelly 753 of Omaha were here yesterday as 920 guests at the home of Mr. and Mrs. E. P. Stewart, returning this morning to the metropolis.

LONGER WAVE LENGTHS TO BROADCASTING STATIONS

Washington—Eight radio broadcasting stations were permitted today by the commerce department to abandon their wave lengths for higher bands, and three new stations were licensed. New stations licensed today are WCRW, owned by Clinton R. White of Chicago, with a wave length of 239.9 meters; WJBW, owned by C. Carlson, jr., of New Orleans, with a wave length of 340.7 meters; and KGBW, owned by Martin Brotherson of Joplin, Mo., with a wave length of 232.8 meters. Changes in wave lengths authorized included KTNT, Muscatine, Ia., from 256 to 333.1; KFNF, Shenandoah, Ia., from 263 to 461.3.

LEED MILLIONS DWINDLE

New York, Aug. 6.—The 40 million dollars inherited by Anastasia, princess of Greece, on the death of her first husband, William B. Leeds, the "tin plate king," had dwindled at her death, August 29, 1923, to less than three million, chiefly invested in jewelry, it was revealed today when an accounting was filed by the United States Trust company, co-executors with Mrs. Margaret Stewart Green. Set against the total amount of \$2,582,331 were debts, administration and other expenses amounting to nearly a million dollars.

Mrs. Joseph Kelly departed this morning for Lincoln and was accompanied to that city by Master Harold Stewart, who will spend a short time in that city.
