Miss Clara Margaret Gobelman and Mr. Royal Percy Smith Are Wedded on Tuesday.

From Wednesday's Daily—
At the home of Reverend and Mrs. Walter R. Robb, 715 Central Avenue, Nebraska City, Tuesday afternoon at four o'clock the marriage lines were read by Reverend Robb for Mr. Royal Percy Smith and Miss Clara Margaret Gobelman which started them traveling the pathway of life as newlyweds.

They came to the city by automobile and were accompanied and attended by Miss Virginia Verna Smith a sister of the groom and Mr. Harry Charles Gobelman, a brother of the bride.

The newly weds come from two of Cass county's best families, the bride being the youngest daughter of Mr. and Mrs. Val Gobelman, residing four and one half miles southeast of Murray, Nebraska. She has grown to womanhood in that community and has a host of friends and relatives who rejoice with her in her new found happiness. She is likewise well and favorably known in Plattsmouth where she attended the Plattsmouth high school, being a member of the graduating class of 1925.

The groom likewise is favorably known and admired for his sterling qualities. He is the eldest son of Mr. and Mrs. Stewart Y. Smith, whose home is located on the highway that leads southward from Murray to Union, Nebraska. He also has been the recipient of the courses of study as are dispensed by the Plattsmouth high school. The young benedict is likewise to be complimented upon having by his energy and initiative succeeded in procuring for his bride a suitable home on the Charlie Lovell farm two miles to the south of Mynard, Nebraska, where they will immediately begin house-keeping. The friends of Mr. Smith are a unit in wishing for him and his bride the long continued happiness to which they believe them to be entitled.

RECEIVES SAD NEWS

From Tuesday's Daily—
W. R. Young of this city and Albert Young of near Murray today received the sad news of the death of an old time friend, J. P. Smith, of Beach, South Dakota, and with whom Rex Young worked for some time. The deceased was also a brother-in-law of Dallas Young, residing at Beach, and where the death of Mr. Smith has caused the most intense sorrow.

Mr. Smith was manager of the Golden Valley Telephone company, one of the leading companies in South Dakota, and was well known throughout the west in the telephone business.

The accident occurred last Wednesday afternoon when a crew of the telephone men were placing a pole for the telephone lines near a high voltage electric line and the derrick with which the men were working was suddenly brought in contact with the high tension lines and the current came on down the derrick and caused the death of one of the men in trying to make a rescue Mr. Smith was also electrocuted and the third member of the party in attempting to rescue his companions suffered a like fate.

The tragedy has greatly stirred Beach where all the men were well known and the greatest sorrow is felt for the families of the unfortunate men.

The news has come as a great sorrow to the members of the Young family in this community.

Locals Lose in Second Round of Bluffs Tourney

Strengthened Iowa Team Wins Contest by Score of 11 to 2—Many Errors Were Made.

From Wednesday's Daily—

The baseball fans of the city who have been watching the battle of the local baseball artists were disappointed in the game yesterday in the second round of the Council Bluffs tournament when Plattsmouth was eliminated by the team carrying the Pacific Junction colors who handed the locals a defeat by the score of 11 to 2. The splendid showing that the locals had made in the initial game on last Friday had brought up the hopes of the participation of the locals in the finals of the tournament and which had been the hope, but as is often the case in the sport world the hope bucket was upset and the Edholm-Sherman laundry team that was playing for the Iowa town were able to carry off the honors and were assisted in this by a number of costly errors on part of the locals.

Shook, who is a hurler of the Harding Creamery team of Omaha was on the mound for the Junction and succeeded in whiffing eight of the Platters' batters and was touched for but five safe bingles. The Iowans were able to smash six runs off Burkhardt on five hits and one error coupled with three passes given by the Plattsmouth hurler who had a great array of curves and speed but lacked control. Jim Phillips of Council Bluffs finished the game for Plattsmouth and was nicked for three hits which with the errors of the locals and a base on balls netted a total of five runs.

The Platters secured two tallies in the opening of the first frame which represented their total for the game. Colby, who officiated at second for the locals singled safely and was followed by Art Klauschie who was safe on a bobble by Hanrahan at second. Colby advancing and both runners scored when Gradoville hit safely. Herb Klauschie secured a base on balls and Gradoville was sacrificed to third base by Jardine, while Newman was out on a fly to right. Pete Herold was hit by Shook filling the bases but the side was out on the strikeout of McCarty.

The locals were not threatening after the opening inning, while Pacific Junction scored three in their half of the first, three in the third, four in the fourth and one in the sixth inning.

The tabulated score of the game was as follows:

Best Way to Make Your Ads Pay Dividend

Consider Them in Light of Lost Returns if You Don't Take Time to Make Them Appealing

Some genius of the financial world is authority for the statement that people save money much more consistently when they quit viewing expenditures in the light of "Oh, that only costs a dollar," and say, instead, "That represents the interest on a hundred dollars for three months." And likewise the advertiser will get more consistent results from his advertising when he quits thinking in terms of "Oh, that ad only costs a dollar—I haven't time to write another one—let it run again," and begins saying, "A timely ad will represent \$50 to me in extra profits. I will take time to write one NOW." Advertising to bring results must contain a timely appeal. True, it may not cost much in cash to run an ad after its pulling power is spent, but the loss in business that results from failure to insert another one is another thing to be reckoned with.

No merchant with perishables would neglect to take care of them, regardless of how busy he might be. But the same merchants will continually neglect properly attending to their advertising and oftentimes lay the blame on the newspaper, when the fault lies within themselves. We repeat that a definite advertising policy will pay big dividends—but it must be mapped out and followed closely. It needn't be expen-

sive, but can be fitted to the needs of any business large or small and made to pay dividends that will surpass even the most sanguine expectations of the advertiser.
