

Alvo Department

Miss Thelma Foreman, daughter of Mr. and Mrs. Oris Foreman, will attend the state university this school year.

The little child of Mr. and Mrs. Earl Bennett has been having a siege with whooping cough, but is getting along nicely now.

Carl Rosenow was looking after the barber shop during the vacation of George Eidenmiller and wife, who have been in the west.

Joseph Vickers is the proud possessor of a new Ford truck, which he uses much for his transportation and for the hauling of stock for others.

Frank E. Cook and the family are enjoying the possession of a new Buick touring car which they recently purchased from the distributor, O. F. Anderson.

George P. Foreman has just sown thirty acres of alfalfa and it looks like he has made a good strike, for the rains should cause it to get a good hold this fall.

Charles Foreman was at Aurora last week, where he was called to attend the funeral of the late Judge Ball, and while there visited with relatives for a few days.

The Fire Warden of Lincoln was a visitor in town on last Wednesday and had some of the people guessing, but found things in general looking pretty good in the city.

The golf course which is laid out in the pasture of George P. Foreman, is a very popular place these days, especially when it does not rain and prevent the fans from using it.

W. P. Bornemeier, of near Elmwood, was a visitor in Alvo and was enjoying the ball game which was played here last Wednesday, and which was won by the home team.

James M. Manners and the family were over to Elmwood on last Friday afternoon, where they were attending the Cass county Sunday school picnic and enjoyed the time very much.

While Frank Edwards and the family were away on their vacation, the farm and stock were looked after by George Hardnock, who is an excellent man and very careful and painstaking in his work.

Little Mary Catherine Parmenter was one year old on last Tuesday and in honor of the occasion she had grandfather, Henry S. Ough and her aunt, Mrs. Clo Schafer, with her for dinner. All had a very fine time.

R. L. Parmenter and the family are moving to the Henry S. Ough property, where they will reside, they having made some very marked improvement on the interior and have the property in excellent condition now.

The Alvo town team of baseball players were over to Hickman on last Sunday and engaged the team there in a good natured contest in which Alvo came out the winner with 12 scores to their credit, while the team at Hickman had only 2.

Robert Garcia, who has been working on the farm of John D. Foreman, was taken ill about a week ago and had to lay off from his work for a number of days on account thereof. He is reported as feeling some better at this time however.

Little Joan Cook, who had her tonsils removed at Lincoln last week, is getting along nicely and will soon be entirely well again. She is so improved that she and her brother Wesley were over to the ball game on their ponies last Wednesday.

Miss Grace Kitzel who was taken to Omaha, where she underwent an operation for appendicitis, is reported as getting along nicely at this time and it is hoped that she will soon be well again. The operation was performed at the hospital in Lincoln.

Mr. and Mrs. George Eidenmiller were spending last week at the home of Mr. and Mrs. Orville Waddick, who live in Clay county, where they enjoyed a most excellent visit. The two ladies are sisters and this fact added much to the enjoyment of the vacation visit.

The Rev. R. H. Chenoweth and family were visiting in Elmwood on Friday of last week, where they attended the county Sunday school picnic and witnessed the playing of the baseball teams of Alvo and Unadilla as a result of the tie in the Sunday School league.

Frank L. Edwards and the family have been seeing the west for the past ten days, driving in their automobile to Palisade, where the folks of Mrs. Edwards reside and after having spent some time there they proceeded to Denver and Colorado Springs, at which places they enjoyed themselves very much.

Joseph Armstrong and Charles Godbey were looking after the extension of the walk near the Methodist church, which while it was in good condition was a little narrow and was widened out to make it more suitable for the purpose as it is much used. They were making the extension on last Wednesday.

Edgar Stoffer, the minister of the Church of the Brethren, and his good wife, have been blessed by a visit from the stork which left a fine baby girl in their possession, who is to become a companion to them in the years that are to come. The mother and the little miss are getting along nicely while Elder Stoffer is expected to pull through.

Miss Kate Nickel, one of the Cass county teachers who lives just east of Alvo, was in Plattsmouth last week, taking the short course in Vitalized Agriculture so she might be the better enabled to present the subject to the school which she teaches. Her parents, Mr. and Mrs. Peter Nickel, were over to the county seat with the daughter, driving her over the fore part of the week.

John D. Foreman and the family, who have been visiting at Burwell, where they spent the time at the home of Albert Foreman, are also visiting with other friends, spending some time at the rodeo. They also visited with George Foreman, Jr., at Valparaiso, G. P. Foreman accompanying them on the trip. They were not unlucky in the matter of their fishing for they were able to catch some excellent fish in some of the lakes near Burwell.

James H. Foreman, who is one of the good farmers of the neighborhood of Alvo, also knows how to grow watermelons as well, and it is claimed that none exceed his in lusciousness. Some of the younger set visited his place without an invitation and partook of the melons and not alone that, but destroyed some of the vines and came near having to pay the penalty in court. It is said that some of these present had even had an invitation to come and visit him and eat melons, but preferred to steal them instead.

Makes a Good Umpire
It is claimed that when a man shall put his attention to a certain subject, he can master it, even if it be a most difficult task, and this has been proven in the case of Herman L. Bornemeier, who has his time well taken up with the many duties of life on the farm and also studying other economics, thus materially monopolizing his time and was called upon to act in the capacity of umpire at a ball game and came to the scratch in regular order and dispatched the work in his usual prompt and efficient manner. When in doubt, ask Herman.

Been Playing Ball
Alvo has been playing ball for certain, and has fully demonstrated their ability as handlers of the stick and bat, for in five successive games they have not only won from their opponents, but shut them all out as well. The five teams in the Sunday school league which they have shut out are Greenwood, Eagle, Palmyra, Elmwood and Weeping Water. That is surely playing good ball and no more about it.

They were to have played a tie game off at the community picnic held to celebrate the completion of the schedule in the Cass-Otoe Sunday School Baseball league last Friday, with the Unadilla team, but owing to the rain which was falling heavily on Friday, the playing may have been difficult or impossible. Carl Rosenow was to send a report of the game in order that we might have it for this issue, and as we are writing this on Friday morning, we do not know if the game was played or not, but are pretty sure if it was, Alvo proved to be the winner.

A Good Paper
There is nothing like a good newspaper thru the winter season when the nights are long and time hangs heavily on one's hands. The Journal furnishes its readers with all the Cass county news, reaches them twice a week instead of only once, and yet costs no more than the smallest country town weekly newspaper with its four pages of "patent" print. Hand your \$2 to M. S. Briggs, Journal field representative, and be assured of an entire year's good news service.

KANSAS GIVEN A WETTING

Kansas City, Sept. 3.—The semi-arid wheat region of far western Kansas is receiving moisture that will be of great benefit in preparing and restoring wheat beds at this time of the year, the local weather bureau announced today. A fourth of an inch of rain is all that fell at Tribune, Kas., in Greeley county, during August, but as much fell last night and a drizzle was reported today.

Continued showers were forecast for this section. Rain was reported falling this morning in the eastern half of Kansas, northwest Missouri and in Iowa and Missouri.

Fall rains have so far failed to bring fall temperatures for the mercury is running from 3 to 5 degrees above normal, it was said at the bureau.

CAREER OF FAMOUS RUM SHIP IS ENDED

San Diego, Cal., Aug. 31.—With only two men left of her original crew of 20, anchors gone and water supply almost exhausted and her rum vaults empty, the famous rum runner, Mariop G. Douglas, the "flying Dutchman" of southern California's rum row, has surrendered to Mexican authorities and is under tow to Turtle Bay by the San Diego motor ship Bergen.

ORDER OF HEARING AND NOTICE ON PETITION FOR SETTLEMENT OF ACCOUNT

In the County Court of Cass County, Nebraska.
State of Nebraska, Cass County, ss.
To the heirs and all persons interested in the estate of John H. Sibert, deceased:

On reading the petition of J. C. Comstock, praying a final settlement and allowance of his account filed in this court on the 4th day of September, 1926, and for determination of heirship, and decree of distribution of said estate—

It is hereby ordered that you and all persons interested in said matter may, and do, appear at the County Court to be held in and for said county, on the 18th day of September A. D. 1926, at ten o'clock a. m., to show cause, if any there be, why the prayer of the petitioner should not be granted, and that notice of the pendency of said petition and the hearing thereof be given to all persons interested in said matter by publishing a copy of this order in The Plattsmouth Journal, a semi-weekly newspaper printed in said county, for one week prior to said day of hearing.

In witness whereof, I have hereunto set my hand and the Seal of said court, this 4th day of September A. D. 1926.

W. A. H. DUXBURY, County Judge.

A Murder and Suicide and 3 Other Unnatural Deaths Occur Within Space of Few Days.

Scottsbluff, Neb.—This section of the North Platte valley was bewildered today by the five unnatural deaths which have occurred within the last few days.

Last Saturday, Mrs. Elizabeth Grooms was killed on the Overland drive here when her automobile was crashed into a car driven by Newton Chatfield. Tuesday afternoon Victor Gonzales was drowned in the sand pit swimming pool south of here. Tuesday night Amelia Domson, three years old, disappeared and was found today in an irrigation lateral near here. This morning Ed Perchaluk killed himself near Minatare. In addition to these tragedies, there have been numerous near fatalities in automobile crashes, three happening within the last thirty-six hours on the Overland drive, where cars were wrecked beyond repair, but the occupants miraculously escaped.

The body of Amelia Domson, daughter of George Domson of Scottsbluff, who had been missing since 6:30 p. m. Tuesday was found in an irrigation lateral a half mile from her home, after a concerted search by hundreds of persons. The body apparently had floated into shallow water in front of the irrigation check where it lodged in a depression and covered with debris and rubbish.

Belief that the girl drowned was abandoned for the theory that some one had run over the child on the highway and had thrown the body into the lateral. She was one of a family of eight children, who are working in the beet fields here.

Ed Perchaluk, a farmer near Minatare, killed his wife by shooting her with a shotgun and then stabbing her. He later shot himself with the same gun. No reason other than temporary insanity has been assigned for his act.

Perchaluk first fired the gun in his yard. His wife came to the door and asked him not to do that because he made her nervous. He immediately went into the house, chased out his children, shot at his wife, but missed her. He then struck her with the gun and then stabbed her half a dozen times with his pocket knife. Removing his shoes and socks, he laid down beside her and pulling the trigger of the gun with his toes, shot himself in the head.

Eight children, the oldest of whom is fourteen year old, survive. Only

one child, a four-year-old daughter, witnessed the tragedy. The others rushed to a neighboring farm house and gave an alarm. County authorities announced no inquest would be held.

FRANCE IS FAR FROM DRY
Washington, Sept. 3.—The state department has received no official word concerning the reported champagne party given by William Corcoran, American consul at Boulogne, to Gertrude Ederle, in honor of her channel swim. Press dispatches which aroused the W. C. T. U. in Douglas county (Omaha) Nebraska, were observed by department officials at the time of publication, but so far have been ignored.

Officials today declined to comment on the reported incident except to point out that American consuls serving abroad are subject to the laws of the nation to which they are assigned and since there is no prohibition law in France, Corcoran's conduct, assuming that the press dispatches were correct, was not believed to have been offensive to either French authorities or the French people.

If the incident took place, it is not anticipated a report will be made, nor is it probable that a report will be requested until it is known what action the Nebraska and the national W. C. T. U. takes regarding the matter.

Fred Kissling departed this morning for Lincoln where he goes to meet his wife and son, Ronald, who are returning home from a visit of some ten weeks at Yakima, Washington, where they have been at the home of Mrs. Kissling's mother.
