### MRS. CARTER OUT OF DANGER

From Saturday's Daily—  
The many Plattsmouth friends of Mrs. James H. Carter of Omaha, formerly Miss Helen Egenberger, will be pleased to learn that Mrs. Carter is now considered so far improved that she is considered out of danger and with the little daughter is progressing nicely toward complete recovery. Mrs. L. B. Egenberger who has been with her daughter at the St. Catherine's hospital returned home last evening.

Blank books at the Journal office.

## Woman's Club Plans on Starting the Year's Work

Several Departments Planned and the Program Should Have Backing of Every Woman.

From Thursday's Daily—  
The executive committees of the Plattsmouth Woman's club for the years 1925-26 and 1926-27 met last evening at the home of Mrs. John F. Gorter to prepare a program for the coming year's work that should have the deepest interest for all the women of the community and one in which all should join.

The ladies are planning on several departments of the club work for the year that will add to the interest of the various activities and furnish a course of study that will be of real interest to every member of the club and an incentive for the ladies of the city who are not members to get into the organization.

The departments selected are as follows:—  
Music—Mrs. E. H. Wescott.  
Home—Mrs. Ralph Anderson.  
Legislative—Mrs. L. L. Turpin.  
Drama—Mrs. William Baird.  
The Art, Literary and Parliamentary departments are to be organized later as the membership gets more fully into the work of the club and the ladies of the community enroll in the organization for the fall and winter courses of study.

It was decided to hold the opening on Tuesday evening, September 7th, at the auditorium of the public library and at which it is hoped to have a very large representation of the ladies for the opening gun of the year's work. The club will at the meeting Tuesday evening select the delegates to the state convention which will be held at Lincoln in October.

Every lady in the community is urged to get into the work of the Woman's club for the year and as-

### PRaise for Teachers

From Saturday's Daily—  
I. N. Clark, of the department of rural education of the office of the state superintendent of schools, was here today to attend the closing work of the short and intensive course of vitalized agriculture held at the high school building in this week.

The showing of Cass county teachers in registering and taking advantage of the course is the best that has been shown by any county of the state Mr. Clark states and the number registered as well as the interest taken is more than pleasing to the state department and also to Miss Alpha Peterson, county superintendent of schools, who has had charge of the promotion of the special course.

### HAVE FINE TRIP

From Friday's Daily—  
Fred Aherns and Ansel Porter of Mynard returned from a six weeks auto trip through the west.

The places of interest visited by them were at the Cheyenne Rodeo, Sheridan, Wyo., Colorado Springs, Modern Woodmen Sanitarium, Lookout Mountain, Denver, Estes Park, Salt Lake City, Utah, Idaho Falls, Idaho, Yellowstone Park, Deadwood, Lead and Hot Springs and other places in South Dakota. They also stopped with friends and relatives all along the way.

## District Court Denies Restraint of Road Work

Injunction Asked to Prevent State Department of Public Works Opening Ditches Denied.

From Saturday's Daily—  
The hearing of the matter in which C. Lawrence Stull and C. H. Nave, residents along the Platte bottom, sought to restrain the state department of public works, the district engineers and the county commissioner from opening ditches and changing watercourses was decided yesterday afternoon in the district court when the temporary restraining order that the plaintiffs sought was denied by the court.

This action was one covering the handling of the water that is quite extensive at seasons of the year along the Platte bottom through which the King of Trails highway, a state and federal road project running. The plaintiffs, Mr. Stull and Mr. Nave, objected to the state department, through the district engineer, making changes in the water courses along the road and in opening up new ditches along the roadside which it was contended by the state and the county was for the purpose of giving better drainage and keeping the water off the road.

The court held that the county and state had not given any notice of the relinquishment of the ownership of the old road east of the present north and south road and that the use of the road for drainage purposes was entirely in their sphere.

The court will hear further arguments on the case on Friday, September 17th as to the water running onto the property of the plaintiffs and causing damage. In the hearing yesterday there was much conflicting testimony as to the water running onto the land, some witnesses testifying that changing of the water courses had caused the overflow while others testified that the overflow was a yearly occurrence.

### RETURNS FROM OUTING

From Saturday's Daily—  
Last evening the party of four young men who have been touring the west for a period of some five weeks returned home after a most delightful outing and one that they will all remember most pleasantly in the future years.

The party comprised Frank A. Cloldt and Leroy S. Fager of this city, J. Howard Davis of Geneva and Norris Miller of Shickley, Nebraska, have traveled some 7,000 miles over the west and northwest portions of the country and in their visit have touched all of the national parks and places of interest in the west as well as the principal cities.

On leaving here the party visited at the Black Hills and drove through the Big Horn mountains to the famous Yellowstone park and from there they drove through Idaho and Washington to Vancouver, British Columbia, for a short stay and then turned south, driving along the coast to southern California. The party visited Seattle, Portland, San Francisco, Oakland, Los Angeles, Long Beach, California, and in the southern California cities Mr. Cloldt occasionally was pleased in being able to meet so many of the former residents of this city and vicinity and the party were kept constantly on the go meeting the old time friends. While at Los Angeles at a theatre they had the pleasure of meeting Miss Dorothy Sattler who is visiting there and who was accompanied by Mrs. Carl Sattler.

On the return trip the party came through New Mexico and visited a number of the Indian settlements and places of interest in this very attractive southwestern state.

### MARRIED IN WYOMING

From Friday's Daily—  
The announcement has been received here by relatives of the marriage on Thursday, August 26th at Buffalo, Wyoming, of Frank Hiber and Miss Sarah King. The young people have gone to Sheridan, Wyoming, where Mr. Hiber is employed in one of the leading drug stores of that city and where they will make their home in the future.

Mr. Hiber is a son of Mr. and Mrs. John Hiber of this city and is a graduate of the local city schools and for some years was employed in the drug store here of F. G. Fritzsche & Co., later going to Wyoming, where he located on a homestead near Buffalo and has since that time largely made his home in that state and followed his profession as druggist as well as looking after his farm. The bride is one of the popular young ladies of Buffalo.

The many friends here will join in their well wishes to Mr. and Mrs. Hiber for their future happiness and success.

### APPRECIATES SERVICE

From Saturday's Daily—  
Miss Marie Kaufmann, who enjoyed a trip through Wisconsin this past summer has a few words of warm praise for the Burlington route and Agent R. W. Clement and A. O. Moore of the local station, who assisted in arranging her route and providing for her comfort and convenience in the various changes that might be necessary along the line of her travel. The assistance of the railroad removed many difficulties from her traveling and made the trip more than usually pleasant in every way for Miss Kaufmann. She says the Burlington service is what wins.

There is no slack business period for the merchant who advertises his goods the year 'round.

## Southern Nebraska Swept by Severe Storm

Damage Will Probably Total More Than \$100,000—Six Persons Injured, None Seriously.

Pawnee City, Neb., Sept. 3.—  
Damage that will probably total more than \$100,000 was caused last night by a tornado that swept northward from northern Kansas thru southern Pawnee county, injuring two persons and causing extensive property and livestock damage.

The worst damage was reported from DuBois a small town southwest of here, where a number of homes were destroyed and outbuildings flattened by the wind which followed a two-inch rain storm. A farm hand working at the W. B. Jones farm suffered a slight concussion of the brain when he was struck by a flying timber while milking a cow.

"I was sitting milking a cow," he said, "the next I knew the cow was gone." At the farm of Paddy Welch, a three-year-old child was injured when it ran out of a cellar to watch the storm. A bottle of carbolic acid blown down by the wind broke as it struck the child, causing severe burns.

Reports here were that the town of Axtell, Kan., suffered heavily, but communications were down and details could not be learned.

At DuBois the house and barn of Frank Clema was totally destroyed. At the farms of M. H. Allison and Ed Brock, near there, all buildings were destroyed and livestock killed. Five other farms reported damage. George Zanier, E. J. Krouse and William Koester reported several head of livestock killed. Two farms owned by W. B. Jones were struck by the storm which wrecked the buildings and killed livestock. The home of James Shaugnessy was destroyed. Five other farms reported barns and outbuildings wrecked.

Damage Great at Krider. Beatrice, Neb., Sept. 3.—  
Reckoning of damage wrought during the tornado at Krider, Gage county, late yesterday did not add more names to the small list of casualties including members of farm families, only one of whom was seriously injured.

Only approximate figures on building, livestock and crop losses, could be obtained. The total may reach \$50,000 to which will be added much damage done by hail outside of the immediate area of the tornado.

Telling the story of the storm to-night, Earl Colgrove, who lost all buildings on his farm, said:

"My wife, my brother Lloyd, and I were on the porch when we saw the black funnel sweep down toward the ground across a field. We ran for a cave and when inside we heard a terrific roar as the cloud passed over. No one building was left standing. When we came out of the cave, the hail and wind had beaten all my corn into the ground. I had nothing left."

"On the farms of Howard Martin, Charles Hroch and Herman Otters, burg every building was destroyed except the house. All the houses were riddled but left standing, with the families saved."

"Fred Krider had his shoulder broken at his place and his young son, George, had a hip broken, four ribs fractured and he is badly hurt internally."

"Large barns and other smaller buildings were torn from their foundations at farms of Ed Jones, Hanson Scott, on whose place the Hutchinson family lives, and that of the Phillips farm. At Edward Z. Phillip's farm every window and door was blown out. Mrs. Phillips was struck in the face by flying timbers, but she is not in a dangerous condition. A coach was lifted off the track when wind stopped a Burlington train, but no one was injured."

"There is much timber in the wooded valley around Krider, but hundreds of big trees were torn out by the roots or twisted off."

Bess Streeter Aldrich's newest story, "The Cutters" is now on sale at the Bates Book & Gift Shop. Call early and secure your copy of this popular novel.

### SCHOOL INSTITUTE NOTES

From Saturday's Daily—  
The rural teachers who have been here attending the short course in agriculture and a very interesting program was given as the means of observing—pre-operating day at the schools of the county will open for the regular work on Tuesday.

Mrs. E. H. Wescott gave a very interesting talk and instruction in music that was very much enjoyed.

L. R. Snipes, county agent also gave the teachers a short talk on agricultural activities.

Mrs. R. B. Hayes was present and gave cash prizes to the teachers whose pupils had been awarded prizes for the W. C. T. U. contest.

I. N. Clark, director of rural education in the office of the state superintendent also discussed the courses of studies in the schools for the coming year.

This afternoon the teachers were entertained by an address by Searl S. Davis, president of the Plattsmouth board of education on the conduct of teachers.

Mr. and Mrs. Cooper have gone to Nebraska City for a course at the Otoe county institute in agricultural work, while Mr. Snyder goes to Fairbury for further school work.

### WM. HARLEY IN ACCIDENT

On last Saturday Wm. Harley happened with an accident which he thought for a little while would be about the end of him. He and Judd Sutherland were filling in dirt that had washed away from one of the abutments of the bridge a mile east and a half north of town. Judd was driving the team and Bill was dumping the scraper. Bill was in the act of dumping a load of dirt from the scraper into the hole, when he braced himself and in so doing stepped on his overalls leg. This gave him a lurch which threw him clear over the abutment and he landed at the bottom striking an old cream can that lay there. For a little while he thought that day light was gone. The dirt went into the hole all right. Judd assisted Bill out and that settled the work for the day. Bill has been layed up since the accident and has not been able to do any work. He has a very sore and bruised back and hip, and it will be some time before he can do active work again.—Elmwood Leader-Echo.

### RAINS RAISE CREEK

From Friday's Daily—  
The heavy rains of the last few days and the especially hard storm of last night caused the Pappio creek, between La Platte and Fort Crook to swell and this afternoon was reported as being out of its banks and causing the overflow of the road just south of Fort Crook and making it necessary for many travelers to detour several miles west to cross the stream. The Missouri Pacific was also having some trouble as their bridge over the Pappio was menaced by the high water.

West of this city the Four Mile creek was out of its banks and causing a great deal of inconvenience to travelers.

The overhead crossing on the Louisville road over the Missouri Pacific was also threatened due to the waters having undermined a few of the piers.

### SCHOOL DAYS HERE

From Saturday's Daily—  
With each train today there has arrived members of the teaching force of the city schools from various points where they have been on vacations, to resume their regular work in the city schools and the youngsters who are out on the streets have a vivid reminder that on next Tuesday the regular grind of school work will be started to last until next spring when vacation days come again.

### MRS. WILSON AT GENEVA

Genoa, Sept. 3.—Mrs. Woodrow Wilson, accompanied by her brother, Dr. Richard Boling and Miss Belle Baruch, arrived here last night in order to attend the league sessions. This is a yearly pilgrimage according to the last wishes of the late President Wilson, who found the League.

### A VERY PRETTY WEDDING

AT METHODIST PARSONAGE

Last Friday afternoon at the Methodist parsonage occurred the marriage of Miss Bethel Innis and Mr. Henry Lucius Flowers. The wedding, while a very impressive ceremony conducted by the bride's father, Rev. C. F. Innis, was attended only by the immediate relatives, the editor and wife and Rev. Charles T. Hayes of Lincoln. Miss Esther Innis presided at the piano and Rev. Hayes sang "O Promise Me" just prior to the entry of the bridal couple. The marriage service was the ritualistic service of the Methodist church in full with ring. The couple were attended by Esther and David Innis, brother and sister of the bride.

The bride is the beautiful and accomplished daughter of Rev. and Mrs. C. F. Innis, a graduate of the Deaconess Training school at Kansas City. The wedding gown was of white flat crepe and the bride carried pink roses. Her traveling dress was of black crepe de chine with picture hat of black velvet.

The groom is a prosperous and energetic young tradesman, worthy of the bride he has won. They left immediately after the ceremony for Chicago, where they will be located for a few weeks, thence going to New York and via steamer to Miami, Fla., where they expect to spend the winter.

The Beacon and numerous friends extend to them hearty congratulations and wishes for a long and happy wedded life.—Eagle Beacon.

### WILL APPOINT RECEIVERS

From Saturday's Daily—  
This morning Judge James T. Begley and Court Reporter L. L. Turpin departed for Papillion where they are to hold a session of the district court and at which time the matter of the appointment of a receiver for the Farmers State Bank of Papillion and the State Bank of Richfield, will come up for the consideration of the court on the request of the state bureau of banking. These are the banks in which Edward Goerke, missing Sargy county banker, was interested and which he is charged with having looted the Papillion bank prior to his disappearance some two months ago.

### TEXTILE-WORKERS' STRIKE CALLED OFF AT MANVILLE

Manville, R. I., Sept. 3.—The strike of 1,800 textile workers of the Manville-Jencks company here ended today when the strikers ratified peace terms agreed upon yesterday by labor leaders and the manufacturers. Disorders were frequent during the strike. One attempt was made to burn the Manville mills. On the night of August 30, three persons were hurt in a clash between state policemen and a crowd of strikers and sympathizers who tried to rush the mill.
