Miss Mable Johnson who was one of the graduates of the Union high school this past year, will depart for Omaha where she will enter the Methodist hospital where she will take training as a nurse. Miss Mable should make a good nurse, she has a good understanding of human nature and an excellent high school education.

Mr. A. L. Becker who is the promoter of the proposed bridge over the Missouri river on the "O" road, is very enthusiastic for its construction and says he has now one-half of the materials needed on the ground, or rather in the ground, for the section there is filled with the best of building stone which he will donate for the purpose of making piers.

R. E. Foster, whose fifty-sixth birthday fell on last Sunday very appropriately celebrated the occasion with the family at home. Mr. Foster is feeling fine and ready for his portion of service for the community and country, notwithstanding the fact that he is so near the half hundred mark. We are wishing him many more years of good service, good health and prosperity.

Mrs. E. Dowler and her son, Wayne, accompanying Mrs. C. C. Baldwin, her mother, of Weeping Water depart this week for Denver and other points in the west where they will visit with two of Mrs. Dowler's brothers and a sister, they being, Robert and Melvin Baldwin and Miss Helen Baldwin, who are making their home in the west. Copenhaver and wife, and Charles Swan and wife, who have been visiting at Brush, Colo., at the home of Mr. and Mrs. Ralph McNamee, Mrs. McNamee being a daughter of Mr. and Mrs. Copenhaver. They returned home on last Sunday evening and report having had a splendid time. They report the crops not the best in the west but some have been grown and the people, while they are cut short will get through and are hoping for a better crop with the coming season. They visited at many interesting places and while they enjoyed the trip very much old Cass county and Union looked pretty good to them when they arrived home.

New Firm Comes to Union. Moss McCarroll, who has been a rustler during the time which he has been in business in Union with the beginning of this week has disposed of his business to two excellent young men, Phillip F. Rihn of Plattsmouth and a man well experienced in business and one of the most conscientious of men, a first class citizen and a man of much ability, while the partner, Charles Green, comes from Murray where he has lived for a number of years and is like his partner, a very excellent man, and we see no reason why they should not secure a good business here.

They are coming to be one of the firms which will boost the home town and will work in co-operation with the other interests in the upbuilding of the community. Depend on them for doing their share for the home town. See their announcement in this issue. Drop in and see them and get acquainted.

Will Build Farm Home. Reuben Eaton, better known as Rube, as he is called by his friends, will in the immediate future begin the construction of a home on the lower Weeping Water, and just opposite the site of the summer resort Kamp Kill Kare. In the grove which adorns the opposite banks. This will make an ideal spot for a home. The work of construction will be looked after by Mr. W. H. Crawford. The work on the home will begin in the near future. The material will be furnished by the local lumber yards where D. Ray Frans sells such excellent materials.

Have Severe Collision. While Earl Wolfe and wife were going home on last Sunday evening from the revival services, the weather was rather murky, there being a fog obscuring objects, and when just about to turn from the highway to go to their home, they collided with another car which was coming south on the highway. Both say it was not possible to see distinctly and while both thought they were in the clear, they were both farther than they had thought. Mrs. Wolfe sustained some very severe injuries, having her jaw bone fractured and a number of teeth knocked loose. She was taken to Omaha to a hospital for treatment. Both cars were more or less damaged. The car hitting that of Mr. Wolfe's was from Beatrice.

Revival Meeting Closed Sunday. The meetings which have been in session for the past two weeks at the Propst building and which have maintained much interest, closed with the meeting of Sunday night. There was much interest taken in the services and a goodly number of persons united with the church and will now work for the better work of the church and for a better condition of society.

Sketch of an Old Time Resident of Union

W. I. Baker, Living at Wakefield, Nebraska, Answers the Last Long Call.

W. I. Baker, 58, passed away at the St. Vincent hospital at Sioux City last Thursday, due to blood poisoning which started from an injury received on his hand while working around a threshing machine. He was taken to the hospital about a week before his death, but all efforts to save him failed.

CLAIM LARGEST PLANE London, Sept. 6.—Reports from the United States that the new bombing aeroplane Scyclos was christened near Philadelphia as the largest machine of the kind in the world have aroused British aeroplane manufacturers who maintain that the claim is incorrect. It is announced here today a new British plane, also a bomber, which has just passed its test, far exceeds the American machine in many details.

The British aeroplane carries not only a load of bombs, but also a torpedo weighing more than a ton. Its engines have developed 1,400 horsepower against 825 of the American machine. It is claimed and is built of steel tubing, the whole machine weighing some 10 tons.

MAYOR, WHO ORDERED SWIMMER ARRESTED, APOLOGIZES Lavellette, N. J., Sept. 6.—Mayor Enoch Titus Van Camp today apologized to Albert Roesch of Philadelphia, a summer resident here, for causing Roesch's arrest yesterday for "violating the dictums of common sense and jeopardizing the lives of his rescuers."

Roesch was swimming and found himself unable to return through the heavy surf. The boat was upset by the heavy seas but the men brought him to shore.

The mayor ordered Town Marshal Peter Bloom to make the arrest as a warning to other bathers "foolish enough to go in rough seas."

Jury is Selected in Fraud Trial of Former Officials

Both Daugherty and Miller Maintain Composure in Courtroom as 40 Talesmen Are Examined.

New York, Sept. 8.—The trial of Harry M. Daugherty, former attorney general, and Thomas W. Miller, one-time alien property custodian, charged with conspiracy to defraud the United States, started off at a rapid pace Tuesday.

Five hours after Federal Judge Mack convened court, to hear the government's evidence of alleged malfeasance and bribe accepted, the 12 men, who will decide the guilt or innocence of Daugherty and Miller, were selected and sworn. Court adjourned with the government ready to call its first witness.

The jurors are: Alfred M. Well, manager of a box factory; Edwin L. Ederly, retired post office clerk; John H. Boschen, merchant; Frederick P. Todd, solicitor; Julius Conn, superintendent of a washing powder factory; Murray R. White, salesman; Clifton C. Easterbrook, sales engineer; Henry G. Sameth, vermin exterminator; Henry Van Ost, insurance broker; Howard J. Tisher, mechanical engineer; James E. Toale, insurance agent, and Loren S. Wells, railroad electrical superintendent.

Although the jury was selected earlier than attorneys had anticipated, the talesmen were examined before the task was completed. Five were excused when they asserted they had formed opinions of guilt or innocence from reading newspaper reports of the case. One talesman in reply to an indirect question, said he was convinced of the guilt of Daugherty and Miller. Neither defendant seemed to notice this assertion.

Another prospective juror, who said he had been a member of the New York stock exchange for 13 years, told United States Attorney Becker, who is directing the prosecution, that he had a "preconceived opinion" of the case formed by Wall street gossip he heard in 1921. He also was excused.

Daugherty and Miller were in the courtroom early. Daugherty, dressed in a blue serge suit, sat most of the day in stent. He did not turn once to stare at the crowd that filled the courtroom beyond seating capacity. He would now and then hold whispered conferences with Max D. Steuer, noted New York criminal attorney, his counsel and he chewed gum constantly.

As talesman after talesman was called, Daugherty, who for years directed the machinery of criminal prosecution, watched the present procedure with dignity and composure. Many in the crowd seemed to sense the frame of a situation that placed a former adviser of presidents of the United States on trail. They craned their necks to get a glimpse of him, but he sat complacently slumped forward in his chair and took only a seeming casual interest in what transpired.

Fear Ban on Romance; Boy and Girl Dead Kearney, Neb., Sept. 7.—Apparently fearful that there might be some parental objection to their contemplated marriage, Pearl Waite, 16-year-old daughter of Mr. and Mrs. A. D. Waite, and Earnest Miller, 18, son of Mr. and Mrs. E. J. Miller, drew up a suicide pact and ended their lives with a .38 caliber automatic revolver.

The couple left the two expressed a desire that they be buried in one grave.

The bodies were found about 9 a. m., today in a rented car in a ravine near the Kearney Country club grounds and the gun, with two chambers empty, was found nearby. Bullets entering the right temple of each had killed the two whose bodies lay side by side.

Whether Miller first shot the girl and then killed himself or if each fired the fatal shots still remains to be determined.

The couple left a party of friends after 11 o'clock last night apparently in the best of spirits. During Monday, Miller had called on his friends, bidden them goodbye in anticipation of leaving this morning for Chicago and later to attend the University of Illinois. Friends say there was nothing to indicate depression or contemplated suicide.

The note which was found in Miller's inside pocket did not throw any light on the tragedy, merely requesting a double funeral at a certain church and burial in a single grave.

An inquest will be held, although county officials are certain it is a case of double suicide or murder and suicide, pre-arranged in accordance with the sentiment expressed in the note. Sheriff Sam Parker is making and extensive investigation.

Both Miss Waite and Miller were socially well known in Kearney, and had been going together for the past two years. Both were high school graduates and members of very highly respected families here.

Howard Dwyer, who has been spending the summer on a farm in the west portion of the state, arrived home last evening to spend a short time before returning to Lincoln to resume his work at the University of Nebraska.

Caupolican, Indian Baritone, Coming

Will Appear at the Parmele Next Monday Night—Seats on Sale Wednesday Night at Theatre

A great many of the residents will remember some 8 years back when they were entertained by one of the greatest singers they were ever privileged to hear. At that time Chief Caupolican, the great Indian Baritone was on the Lyceum Circuit and appeared on the Parmele stage to the delight of everyone present.

The Denver Express of Denver, Colo., where he appeared at the City Auditorium had the following to say of him:

Chief Caupolican made good his reputation as one of the greatest living baritones. His powerful voice was suited to the spacious building and he sang with amazing ease and effectiveness. He was forced to respond to repeated encores until nearly exhausted.

Reserved seats go on sale Wednesday night at boxoffice, 6:45 to 9:30.

Refugees Find Homes in Greece More than 600,000 Have Been Settled—Lack of Funds Delays the Work.

London—Of the 1,400,000 refugees at present in Greece, 622,855 have been settled in towns and on the land by the League of Nations Refugee Settlement Commission, according to its latest quarterly report to the League Council. About half the refugees, therefore, have not as yet received any assistance from the commission, which has been prevented by lack of funds from extending the work of settlement.

In anticipation of the possibility of the Greek government applying to the League of Nations for an additional loan, the commission estimates that £5,000,000 would be required to extend existing installations and to settle a minimum of 28,000 new families. Of this sum £2,200,000 is wanted for repairs to a large number of Turkish and Bulgarian houses; erection of new dwellings for refugees at present housed in improvised shelters; the purchase of flocks and herds for refugees settled on the frontiers and in the mountain districts; the execution of a large number of minor operations connected with the drainage of marshes in the neighborhood of villages, and purchases of animals for plowing.

Of the remaining £2,800,000 £800,000 would be used to settle a minimum of 8000 new agricultural families, and £2,000,000 for the settlement of 20,000 new urban families. This last sum also includes the erection of new quarters for the numerous families for whom no accommodation is available, and who are still living in the large towns under deplorable conditions.

The above report of the settlement commission was recently considered by the League's Financial Committee, which decided to go into the whole question at its next session in September.

Golfers Get Lined Up for the Tournament

Qualifying Rounds Are Played Sunday and Monday by Local Golfers With Good Scores.

From Tuesday's Daily—Labor Day, the second of the qualifying rounds in the local club championship brought out even some of the most prominent and busy business men. Fred Rea, Bob Bates and Jim Mauzy, cast business cards to the winds and spent the afternoon basking in the sun and hitting little white balls around the links.

Thirty-three golfers turned in qualifying scores, and as predicted several days ago, the players had a hard time hitting their usual stride. The qualifying scores were as follows:

Medal Scores (18 holes.) 1. Moore, A. O. 75 2. Westover, Dr. 75 3. Warga, Jess. 80 4. Wynn, Fred. 81 5. Holmes, J. W. 81 6. Horsek, Frank. 81 7. Cloidt, A. W. 83 8. Fricke, E. A. 85 9. Wolf, Jno. 86 10. Holmes, W. R. 86 11. Dover, Geo. O. 86 12. Krecklow, W. K. 87 13. Wynn, Fred. 88 14. Harris, Ted. 89 15. Hatt, Jno. 89 16. Rosencrans, C. A. 90 17. Rochards, Bob. 90 18. Horsak, Louis. 91 19. McClusky, Rev. 91 20. Knorr, Roy. 93 21. Baird, Wm. 93 22. Hartford, C. E. 96 23. Fricke, Fritz A. 96 24. Green, Thos. 99 25. Teepell, E. R. 100 26. Egenberger, J. S. 101 27. Dr. Westover and Andy Moore tied with seventy-fives, so these two champions will battle for the Medalist prize some time during the week.

One of the surprises of the tournament so far was the showing made by Frank Horsek, the 18-year-old ex-caddie. His 81 gave him a toe for 4th place with such good reliable players as E. A. Wurl and J. W. Holmes, and it looks very much like he will have to be reckoned with before the tournament is over.

Ninety was all one had to turn in to get in the Championship flight, and the pairings for play in the first round which must be completed today or Wednesday sure, are as follows:

Championship Flight. Moore, A., plays Wolf, Jno. Warga, J. F., plays Dovey, G. O. Holmes, J. W., plays Wynn, Fred. Cloidt, A. W., plays Hatt, John. Dr. Westover plays Holmes, W. R. Wurl, E. A., plays Krecklow, W. K. Horsak, Frank, plays Harris, E. C. Fricke, E. A., plays Rosencrans, C.

On Thursday the winners of the above matches must play in the second round. The losers in the above first round will play in the consolation anytime after their first match has been played but must be completed by Thursday.

There is no slack business period for the merchant who advertises his goods the year 'round.
