The news of the happy event brought a great deal of happiness to the relatives here where the proud parents formerly were residents. The father is a son of Mr. and Mrs. Frank Wooster and the mother was formerly Miss Catherine Novatney, daughter of Mr. and Mrs. Joseph Uovnaty of this city. In their happiness the parents will receive the well wishes of the many friends in this community for the future welfare and happiness of the little one.

'Poor Father' is Pleasing to a Large Audience

Three-Act Farce Comedy at the Parmele Last Evening and Is to Be Shown Again Tonight.

From Thursday's Daily— Last evening the A. B. C. class of the Christian church presented for the entertainment of the Plattsmouth theater going public the very pleasing three-act farce comedy, "Poor Father," one of the cleverest and most pleasing attractions in the line of home talent plays that has been offered here the present season.

The cast of the fun making play was selected from the young people of the church and each one in their respective roles proved a real hit and kept the large audience in the best of humor as the story of the play was unfolded, each situation proving even more humorous than its predecessor. In the funmakers Paul Vandervoort was one of the chief features of the show as "George Washington Brown," a trifter with the truth.

The cast was one of the best that has offered any of the home talent plays this season and comprised Earl Hackenberg, Donald Drake, Ralph Rowland, Roy Olson, Paul Vandervoort, Vern Hutchison, Gretel Hackenberg, Roy Hutchison, Gladys Arnold, Jean Pitch, Marie Wright and Mathilde Olson.

Between the acts of the play Roy Olson in a whistling specialty and Donald Drake and Paul Vandervoort in a dialogue proved added features of the evening. The entire proceeds of the play will be turned to the credit of the B. B. band for the building fund of the Christian church and which should realize a neat sum from the proceeds of the play.

The play will be presented this evening for the last time at the Parmele theatre.

Godwin was at Omaha last evening visiting with his wife at the hospital where she was operated on Tuesday and was delighted to find that the patient was very much improved since the operation that removed an internal goitre from her throat. Mrs. Godwin was much brighter and seemed better than she has for the past ten months and the attending physicians are of the opinion that the removal of the goitre will do away with the nervous and mental illness with which Mrs. Godwin has been troubled for almost a year. The news is most pleasing to the family and friends and it is hoped that the patient may soon be well on the highway to recovery.

ENTERTAINS FRIENDS

From Thursday's Daily— Miss Emma Johnson was hostess at a very delightful bridge party at her home in the south part of the city on Tuesday evening, the members of the W. H. E. S. club being the guests of the occasion and the event proving a most delightful occasion for all of the members of the party. In the playing prizes were awarded to Miss Genevieve Whelan and to Mrs. James H. Carter of Omaha for their skill in the fascinations of bridge. Senator Banning Has Given Real Public Service

Candidate for Re-Election in the Second District Has a Notable Record.

The voters of the counties of Cass, Otoe and Sarpy which comprise the second senatorial district, have a representative in the legislature of which they can feel proud in the person of Senator William B. Banning of Union, who is now seeking re-election on the democratic ticket for that office.

Senator Banning by his long service in the legislature has risen to be one of the outstanding figures in the state law making body and in his service he has won the respect and admiration of his associates, both republicans and democrats for his untiring devotion to the public interests.

William B. Banning was first elected to the legislature in 1908 and re-elected in 1911, serving with distinction in these two sessions, and in the memorable session of 1909 was one of the democratic leaders that secured the passage of the bank guarantee law which had been sponsored by Governor Shallenberger, at that time the head of the state government.

Senator Banning was again re-elected to the sessions of 1922 and 1924 and occupied a place of leadership and while one of the few minority senators his advice and assistance was highly valued by his republican associates. He was a leader on the finance, agricultural and insurance committees of the senate and was able to assist in the securing of valuable legislation.

In his service as a public official Senator Banning has been non-partisan and worked as earnestly for republican progressive measures as those that might originate from his own party.

With his high standing with the leaders of both parties Senator Banning will be able to give the very best of service and his wide experience in the affairs of state government would be most valuable for the district and state. The voters will make no mistake in returning Senator Banning to the legislature as he is a real representative of the people regardless of politics.

His strong stand in favor of the bank guarantee fund law as well as the direct primary law stamp him as an outstanding progressive leader.

MUSIC DEPARTMENT MEETS

From Thursday's Daily— The music department of the Plattsmouth Women's club held a very pleasing meeting last evening at the home of Mrs. John F. Gorder and with a pleasing number of the club ladies in attendance.

The preliminary work of this department has been organized and the ladies are now entering the year's work with interest. In the business session of the department Mrs. John F. Gorder was named as secretary and treasurer of this department.

The roll call was responded to with items of interest in regard to music and musicians and in which the various members took a great deal of interest. Mrs. E. H. Westcott, chairman of this department acted as the leader.

Mrs. William Woolcott gave a review of the prehistoric music as well as the American Indian and African negro melodies that was most interesting and traced the origin of several of the racial melodies. Mrs. Westcott also discussed at some length the music of Egypt, Greece and Rome in the early days of civilization and from which the modern music is traced. The ladies are to study closely the origin of music in their winter program. This department gives promise of being one of the most interesting of any of those in the Women's club and the next meeting on October 27th, at the home of Mrs. Robert G. Reed promises to be one that will be very largely attended.

CANDIDATE FOR SURVEYOR

The republican county central committee has made the selection of the candidate of that party for the office of county surveyor, naming Miles Allen of this city as the candidate and the same has been certified to the county clerk and the acceptance of Mr. Allen for the nomination has been made. There was no filings for this office at the primary election as County Surveyor Fred Patterson failed to accept the filing made for him on the democratic ticket and while receiving a number of votes, lacked the number necessary to win the nomination on either of the party tickets. The time for filing the names to fill vacancies has expired and Miles will be the only candidates for the office on the ballot although a large number will undoubtedly vote for Mr. Patterson.

REMOVE SIGNS AT CROSSINGS

Automobile associations and others engaged in the work of averting grade crossing accidents, can do no better than campaign for the prevention of crossing signs at or near railroad crossings.

There should be nothing at or near crossings to cause distraction. When the driver of a vehicle is approaching a crossing, he should have his mind on that very thing, and not be reading signs or thinking of nothing else.

Signs are likely to attract his attention, and though only for a moment, it is at a time when he should be watching for trains and thinking of nothing else.

It is for the safety of the motor driving public that signs at crossings be removed, other than those required to indicate a railroad crossing, and auto drivers and public authorities should co-operate to effect their elimination.

Toll Keeper at King of Trails Stick-Up Victim

Car With Three Men Stop at Bridge at 11:30 Last Night and Steal Receipts.

From Friday's Daily— The second robbery in a period of a week in this community occurred last night between 11:30 and midnight at the King of Trails bridge north of this city when Frank Elliott, who operates the toll house for the counties of Cass and Sarpy, was stuck up and robbed.

The stickup men arrived at the bridge from the north, in a sedan which Mr. Elliott did not inspect closely as there is a very large number of cars passing along the toll bridge over the Platte river at all hours of the day and night. The car had driven up and two of the occupants of the car alighted and started to walk around the car as Mr. Elliott came out to collect the toll. One of the men who was out of the car stepped up to Mr. Elliott and told him to keep quiet and also to start hiking down the road in the direction of Plattsmouth and not to lose any time about it.

The two robbers then proceeded to loot the cash register and secured between \$70 and \$75 from the register, the receipts of the bridge after 2 p. m. when the days receipts were sent in to be banked, and which also included the change that is carried for the use of the toll keeper.

There had been some \$15 concealed near the register which the robbers overlooked. Immediately after the robbery the car was turned around and the party headed their car back north and made their escape. Several cars arrived at the bridge immediately after the robbery had met the sedan driving at a high rate of speed toward Omaha.

Mr. Elliott was unable to give a clear description of the two men that did the hold up but from the general appearance of the men as the toll keeper gave the sheriff the men answer the same description as the men who have been suspected of a number of the holdups in Omaha the past few weeks.

This is the second robbery of this nature in the past week as James Rishel, night man at the Plattsmouth Lumber Co. garage was held up on last Friday night here and robbed of some \$50 and the two jobs were carried out in practically the same manner.

WARNING TO THE DUCKS

During the present duck hunting season it is reported that a very heavily fortified blind has been erected on the Missouri river just east of the pumping station of the Plattsmouth Water company and where one of the well known young men of the community has spent hours attempting to decoy the elusive Mallard and Teal into range of the blind and with some measure of success.

The blind has been well built and those who have inspected it state that it is well capable of withstanding a severe attack as the heavy placements that flank the blind could defy all but the heaviest artillery. In fact those who have had military training state that it would compare favorably with the fortifications of Verdun or Metz in the world war and against the heavy walls armies might fling themselves without success, let alone a few hapless ducks or geese.

The heavy fortifications that threaten the ducks along the river however has been provided with a banner of warning by someone (not the owner) that should give all that fly an opportunity to make their get away, as the large white flag bearing the form of an embattled duck "warns" is occupying a prominent place on the walls of the fortification so that all migratory birds can use their own judgment.

This is a real move for the safety of the wild fowl as should they get in range of Bob's trusty elephant gun they will surely perish. The only way the ducks can escape death in front of the fort is to remain still as if they move around much they will surely be spattered.

MRS. BROOKS OPERATED ON

From Thursday's Daily— This morning at the Methodist hospital in Omaha Mrs. W. G. Brooks of Burlington, Iowa, was operated upon after a several weeks illness in which Mrs. Brooks has shown no improvement and in the hopes of giving her relief she was brought to Omaha and the operation performed. Mr. Brooks came over from his home in Iowa and was present at the hospital during the operation. A telephone message received this afternoon from Omaha states that Mrs. Brooks came through the operation in fine shape and it is hoped that in a short time she may be on the highway to recovery if the present favorable conditions prevail.

ENTERTAINS AT BRIDGE

From Friday's Daily— Last evening Mrs. James H. Carter of Omaha entertained the members of the W. H. E. S. club at the home of her parents, Mr. and Mrs. L. B. Egenberger on lower Main street and which was attended by a large number of the former associates of the hostess.

The evening was very delightfully spent in the playing of bridge and in recognition of her skill Miss Mildred Schlater was awarded the first prize. At a suitable hour dainty refreshments were served that aided in the completion of the evening of enjoyment and which was doubly pleasant as affording the members of the party the opportunity of visiting their friend.

The record of the splendid services of Miss Archer had reached the head offices of the company and while at Los Angeles she was offered a very fine position in the main offices of the Union Lumber Co., and which she decided to accept.
