REASON! REASON! REASON!

Owing to the size of our stock at the present time and in order to convert merchandise into cash quickly, we have engaged the C. E. Baylor Furniture Sales System, the Great Bargain Givers, to hold this immense sale and cut this stock in half in seven days' selling. We realize, of course, that in order for them to dispose of this merchandise quickly, the most drastic price cutting must be done. In this matter we give them free reign to make prices as they see fit. We will guarantee to everyone who attends this sale that every reduction will be genuine and that no misrepresentation will knowingly be made.

(Signed) CHRIST & CHRIST.

I was requested to come here, given specific orders to close out half this stock in seven days' time. You people know that when a retail merchant contracts with us to conduct a sale it must be on the square with everybody or we will have nothing to do with it. So come—double the purchasing power of your dollars, for I have unmercifully cut the heart out of prices in my efforts to move this stock in seven days' time and give the people of this community the greatest bargains of a lifetime.

(Signed) G. S. HUNTER, Sales Director.
