A Very Happy Family.

Doctor J. P. Brendel reports the arrival of a very desirable young lady at the home of Mr. and Mrs. W. E. Moore of Union, who arrived at noon last Monday. Mr. Moore, who has been taking whistling lessons has been compelled to forego his practice until the first of the coming year, on account of the smelter which has wreathed his happy face to the extent that he could not pucker his mouth to whistle. The fond mother evidences as much happiness as Mr. Moore, who is not so demonstrative. Mrs. Moore and the newly arrived little lady are doing very nicely and the proud father is getting along as well as could be expected.

Everybody Enjoyed the Dinner.

An exceedingly large crowd of Murray people, their friends and people from out of town enjoyed the exceedingly excellent dinner which was prepared and served by the ladies of the Christian church on Thanksgiving day. All who ever ate the cooking of these ladies knew the dinner would be uncomparably good but which has wreathed his happy face to the extent that he could not pucker his mouth to whistle. The fond mother evidences as much happiness as Mr. Moore, who is not so demonstrative. Mrs. Moore and the newly arrived little lady are doing very nicely and the proud father is getting along as well as could be expected.

Appreciate the Patronage.

We wish to extend our sincere thanks to all who in any contributed to the success of the Thanksgiving dinner, supper and bazaar which we served on Thanksgiving day. We want our friends to know that we greatly appreciate, not alone their kind act but also the kindly spirit which prompted these kind acts.

BIBLE SCHOOL LESSON

Sunday, December 5th

By M. S. Briggs

Golden Text: "Give and it shall be given unto you again, in good measure, pressed down, shaken together, heaped up and running over."—Love Stories of the Bible.

The Bible is the most wonderful book in existence. It contains the way of life history extending back to creation, literature, narration, poetry and many a love story which surpasses in beauty all other that has ever been told.

Jonathan and David swore together fidelity to each other, when they according to the usual practice would have been enemies, for both were heirs to the throne of Israel, they swearing together, "The Lord be between thee and me and between thy seed and my seed forever," and through all the troublous times that came into their lives, they remained always faithful, their love for one another surpassing their love of the woman.

Last week we had the story of the valiant leader who trusted in Jehovah, Gideon, and how he defeated with the Lord and at his command 135,000 Midianites with his three hundred men whom the Lord had selected. Many years have elapsed, but the conditions were the same and we step aside in the history of the Nations of Israel and take a glimpse in the private life with its prosperities and its adversities, its hardships and its happy times, with the deaths that came and with the blessings.

There was a man of the tribe of Judah, whose name was Elimelech, and he married a woman by name Naomi, they residing near Bethlehem where they had a small plot of land upon which they lived, but adverse times came and the drouth was very severe and there was nothing to eat. So this hardy farmer and his heroic wife, hearing that in the east there were good crops, gathered what they had together and departed for some place where they could eat and make a living, for they were willing to work.

They had been blessed with two boys, one named Mahlon, which meant "weakening" and his brother, Chilion, which means "plinking." The name Elimelech meaning "God is King" and the name Naomi meaning "sweet or pleasant." The home at Bethlehem was a very pleasant place to live and heretofore for many years the land had been productive and Bethlehem meant "House of Bread."

Doctor J. P. Brendel reports the arrival of a very desirable young lady at the home of Mr. and Mrs. W. E. Moore of Union, who arrived at noon last Monday. Former Judge Letton Gets High Court Post

Lincoln Man Named to Succeed Harry C. Lindsay, January 1st—Turner Made Deputy.

Lincoln, Nov. 29.—Judge Charles B. Letton, of Lincoln, for 18 years a justice of the state supreme court, was today appointed clerk of the court and state librarian by the unanimous vote of the present seven sitting members of the high bench.

George H. Turner, of Fairbury, present secretary to Chief Justice Andrew M. Morrissy, was appointed deputy clerk. Both appointments are to take effect on January 1 at the close of the terms of the present clerk, Harry Lindsay, who has served 22 years in the position, and Victor Seymour, present deputy clerk. Judge Letton is a republican, and Turner is a democrat.

Judge Letton began his service as a justice of the supreme court in 1905. Previously he had served two years as a supreme court commissioner. He continued as a member of the court until two years ago, when a new law went into effect providing for the election of supreme court justices by districts instead of from the state at large. This situation placed him as a candidate against Judge W. B. Rose, of Lincoln. Both Letton and Rose were residents of Lincoln, and one of the other of them had to disappear from the court, and Judge Letton was defeated by Judge Rose. Since that time, Judge Letton has been practicing law in Lincoln.

Didn't Seek It

George Turner, the new deputy clerk, is a graduate of the University of Nebraska college of law and has been secretary to Chief Justice Morrissy for several years. He became the chief justice's secretary before he was graduated from law college.

All other clerical appointees of the supreme court were reappointed at the session of the court Monday afternoon.

Judge Letton told the World-Herald last night that he had never been a candidate for the position of clerk and librarian. "I understand that the court saw fit to vote unanimously for my appointment and I appreciate it," he said, "but I wouldn't have it understood that I was seeking the job myself. I didn't ask for it, but I will try to fill the place to the best of the ability that 19 years' service on the bench may have given me."

The likelihood of an early shaking of the supreme court plum tree was predicted in the Lincoln correspondence of the court to hurry new appointments through and to name a new clerk in place of Harry Lindsay, brought an avalanche of letters and telegrams to the supreme court chambers at the capitol from lawyers all over the state asking that Lindsay be retained.

Up to that time, it appeared from the volume of protests that came in, most of the lawyers in the state were not aware that a movement was afoot to block the reappointment of Lindsay.

Children of William Gerdes Say Aunt Simply Neglected to Adopt as Promised.

Briefs were filed with the supreme court Monday by the two sons of William Gerdes in support of a judgment of the lower court that they are entitled to two-thirds of the estate left by their aunt, Martha Gerdes, in Cass county. Their father's mother secured a divorce in Lancaster county and the custody of the children. Later, as they claim, she agreed to a request of John Gerdes, their uncle, and his wife, to let them have the children on the promise to adopt them. This was neglected during the lifetime of Mrs. Gerdes, and after her death her brothers named Schluette, claimed her estate. They said that Mrs. William Gerdes has never consented to the children being adopted by their aunt and uncle, and that the order of the divorce court that gave her the children never having been altered, adoption was impossible.

The brief sets out the facts as the plaintiffs claim they were established, and that this justified the lower court in finding that the failure of the aunt to secure their adoption during her lifetime did not deprive them of the interest in her property that such action would have given them.—State Journal.

We have a few of the Cass county maps showing every man's farm, and will close them out at 50c each. Call at Journal office and get one now.

LIMITATION ON STATES

Washington, Nov. 29.—States are prohibited from prescribing operation for railroad locomotives operating within their borders, the supreme court declared today in cases from Wisconsin and Georgia.
