

More Value than the Price Suggests

In the year just drawing to a close the price of Dodge Brothers Motor Cars was materially lowered.

Yet during this period more important improvements were incorporated than in any year in Dodge Brothers history. Advances were made in engineering and body designs. The cars possess a greater degree of smoothness, silence and ease. They are more comfortable, more beautiful.

Current prices—made possible, of course, by constantly mounting sales—are therefore not an obvious measure of value. Prices, in fact, have never told the full story of Dodge Brothers dependability and basic worth.

But now, more than ever before, there is far more value than the price suggests.

Santa Claus Makes Pleasant Call to City

Greeted by Hundreds of Deighted Children at Court House—Merchants Donate Treats.

From Saturday's Daily—The visit of Santa Claus and his helpmate, Mrs. Santa Claus to this city today was the source of joy to hundreds of the children of this city and vicinity and commenced to gather at the court house lawn as early as 9 o'clock and by the time the arrival of Santa and his wife at 10:30 there was a crowd of some 1,200 children at the court house lawn with several hundred of the parents and older people swelling the crowd that was extending the welcome to Santa for the yuletide season.

At the hour of ten o'clock arrived the whistle at the Burlington shops sounded the glad news of the coming of Santa and his wife and a few moments later the church and school bells rang out the tidings that he had arrived at Plattsmouth. As Santa and his wife arrived at the intersection of Sixth and Main streets the sleigh in which the Christmas visitors were riding was surrounded by the elected representatives of the city and St. John's schools who comprised the reception committee.

The parade was formed with the Junior drum corps under the direction of Vernon Ann heading the march and followed by the American flag and the Boy Scouts and following these the official reception committee of the city and parochial schools and then the center of attraction, the genial Santa and his wife.

As the parade came into view of the court house a great cheer arose from the children and it was with difficulty that the Boy Scouts held the mass of the little folks in check while Santa and his wife were making their way to the evergreen decorated platform on the terrace in front of the court house.

The children's reception committee and others representing the societies of the city were present at the platform.

C. C. Wescott acted as master of ceremonies and introduced the various members of the reception committee to Mr. and Mrs. Santa Claus while of course Santa needed no introduction to the children.

County Commissioner Harris greeted Santa for the residents of Cass county, while Mayor C. A. Johnson extended the official greeting for the city. As Mayor C. A. Johnson closed his address the golden key to the city was presented to Santa by little Miss Levene Hild most charmingly.

The speaking program was closed by the welcome of Judge James T. Begley on behalf of the chamber of commerce.

The children were then called upon to fall in line and each one filed past Santa they were presented with a ticket bearing a number corresponding to a similar number in one of the business houses or offices of the professional men of the city and which brought to the little folks many attractive little gifts and remembrances that they will cherish very much as mementos of dear old Santa.

The distribution of the tickets was added to by the fact that Mrs. Santa gave out a chocolate bar to each of the children that added to the fun and pleasure of the occasion.

The Boy Scouts did a most valuable service in the Santa Claus greeting that deserves the warmest words of praise and made the event a real success.

LOOKING OVER RIP RAPPING

From Saturday's Daily—The Burlington railroad which has in years past had all kinds of trouble in regard to the threatened inroads of the old Missouri river on the Iowa side of the stream east of this city, is not asleep on the job but is preparing to check any of the designs that the river might have in the spring toward annexing land by washing it into the stream and threatening the property of the company. F. T. Darrow of Lincoln, chief engineer and Division Superintendent here yesterday enroute to the scene of action east and north of this city on the Iowa side where the rip rapping is in need of being strengthened and will have this work looked after now while the going is good.

HAS HANDSOME STORE

From Saturday's Daily—The interior of the Harry Kruger paint store on North Sixth street has just been repapered and while yet there remains the placing of several fine art panels in the store, the room presents a very handsome appearance. The room has been divided by a partition reaching to the ceiling of the room and which closes off the main sales room from the rest of the room and makes a very handsome place for the handling of the retail portion of the building and also gives ample space for a workroom in the rear. The result makes one of the most attractive rooms in the business section of the city and one that Mr. Kruger can well feel proud of claiming.

PIANO FOR SALE

For sale—Late Model, practically new Gulbransen upright piano. Solid Steel Plate Brush Pin holes, latest style spring brass flange action, golden oak case. A-1 condition. Price \$195. Easy terms or big discount for cash.—Ghrist & Ghrist, 118-22 So. 6th st. Plattsmouth, Neb. Phone 645.

John Cotner Receives Probable Fatal Injury

Caught Between Two Trucks While at Work on Highway North of This City.

From Saturday's Daily—This morning John Cotner was very seriously if not fatally injured while at his work on the highway north of this city, being crushed between two trucks and receiving internal injuries that it is thought will probably result in his death.

Mr. Cotner was working for the Modern Construction Co., which has the contract for a part of the grading on the K. of T. highway north of this city and in his work was preparing to assist in the unloading of one of the trucks when a second truck came up and was backed into the first truck, Mr. Cotner being pinned between the two trucks and having his abdomen very badly crushed and injured.

As soon as the accident occurred the alarm was given and one of the trucks pulled away and the injured man tottered a few steps and fell onto the road in a faint. Help was summoned and the injured man hurried to the office of the Drs. Livingston where an examination disclosed that the injured man was suffering from an internal hemorrhage and indicating the rupture of one of the intestines or blood vessels.

The injured man was hurried to the hospital in Omaha where he was given treatment and such aid possible altho his condition was most grave and gave little encouragement to the members of the family who were summoned to the office of the surgeons here as soon as the examination was made and it was seen that the injured man was injured internally.

It was stated that the other employees at the highway work had called to Mr. Cotner as the second truck started to back into the vicinity of the truck at which Mr. Cotner was at work, but he failed to hear the cries of his companions and in a few seconds had been caught and pinned by the trucks.

Arrest Young Man on Charge of Assault

Melvin Burgess of University Place Charged With Chime in Cass County.

From Saturday's Daily—Last evening Deputy Sheriff W. C. Schanz returned from Lincoln bringing with him Melvin Burgess, 24, of University Place who was arrested in Lincoln Friday charged with an assault on Maybelle Z. Purdy, aged 16, the alleged assault taking place in Cass county near Greenwood.

The complaint was made by E. O. Purdy of Havelock, father of the girl, before County Attorney W. G. Klock and who accordingly had the warrant issued for the arrest of the young man and who is now in the county jail here to await arraignment which it is expected will be held this afternoon.

The alleged assault is claimed to have occurred in the vicinity of Greenwood in this county, the two parties having been engaged in an auto ride in the vicinity of Ashland and also in Cass county. It is claimed that the young man made his advances while the parties were riding along the highway near Greenwood. In the struggle of the parties the car in which they were riding was wrecked and the young woman was injured in the wreck and has been confined to her home in Havelock since that time, suffering an injury of her spine that has necessitated her being placed in a plaster cast.

SUFFERERS BROKEN WRIST

From Saturday's Daily—Mrs. Joseph Skalak was a victim this morning of the icy and slippery condition of the sidewalk on South Sixth street, sustaining a fracture of the left wrist. Mrs. Skalak had started down to take in the visit of Santa Claus and while coming down the steep hill on South Sixth street between Marble and Granite street slipped and fell, alighting on her wrist and causing the fracture of the wrist. The injured member was dressed by Dr. J. S. Livingston and the injured lady made as comfortable as possible but the injury will detract from the full enjoyment of the Christmas festivities.

A PRETTY SIGHT

From Saturday's Daily—Last evening those who were on Main street enjoyed a pleasant sight and one of the first intimations of the Christmas season which is but two weeks away. The onlooker had the sight of a very large and handsome Christmas tree, brightly lighted that seemed to be suspended in the eastern skies but on investigation it was seen that the tree was on the balcony of the Hotel Perkins and which had been very handsomely decorated by Mr. and Mrs. Brantner for the holiday season. From the outward indication it is going to be a real Christmas at the Perkins.

When thinking of a Christmas reminder says it with cards, the personal note to a friend. See the line at the Bates Book and Gift shop. Your name printed if you wish it at a small cost.

Bargain Wednesday
