### Senator Heflin Launches Bomb in Senate Debate

Washington, Dec. 20 .- Unlimbering another attack on the Harding administration, Senator Heffin democrat, Alabama, told the senate today Attorney General Daugherty's friend, Jess Smith, was murdered "because he knew too much" and that it would 'open the eyes of the nation" if the inside story of the recent Fall-Doheny oil conspiracy acquittal here ever were told.

they wanted to get rid of Smith. I stated here the other day that Jess Smith knew more than anybody else connected with the department of justice of the high handed work of Mr. Daughterty and that the reason for getting rid of him was a very strong one. We were conducting here a general investigation of the whole thing. It was rumored also that Jess Smith grew exceedingly nervous over it and made up his mind to make a clean breast of it all. But The jury that acquitted Albert B Fall and Edward L. 'He quoted newspaper stories say ing that while the jury was considering its verdict its members were singing and "shooting dice." One of them insisted on a verdict of acquittal way in the night.
