Remember, this is not a one-day sale. Prices quoted in this bill (with the exception of Sugar and a few highly fluctuating staples) will hold good through the month of January. We must raise \$25,000.00 within the next thirty days, and to do so will sacrifice our entire stock. Not only items listed in this bill, but every single thing we sell will bear a cash reduction. Prices quoted are strictly for cash and we will positively not deviate from this iron-clad rule.

LOW PRICES ON PRESERVES

Never before have you been offered such values in Preserves as we are listing, and you can safely buy at least two years' supply, as they will keep and it will pay you big to do so. We are able to list but a small part of our large stock, all of which is on sale.

This is no time to mince words! Due to existing financial conditions we must liquidate our \$25,000.00 within the next thirty days. To do so, we must liquidate our Kitchen Utensils, etc., without consideration of profit or even realigning. Instead of arranging with some large sales-promotion concern to pass the additional saving along to our friends and loyal patrons of 15 years made simply to get you into our store—no article advertised that

Never, since the advent of high prices, have goods you need and use every day been sold at a price so low as we are offering. We are offering our vast warehouse stocks, bought on an even lower market than now prevailing, to keep this bill, as these prices are not one-day offers, and with the exception of sugar and stock as to be able to meet outstanding obligations. If money ever did talk, it is speaking

This is a Sale to Raise Cash

and it must be obvious to every thinking person that at these prices we simply cannot charge a single item. Goods are being drastically cut to raise money—so bring your money and share in the bargains we are featuring for you. Produce accepted at current market prices and due-bills issued for produce will be taken at their face value in lieu of cash.
