progress, which it is hoped will continue all the year.

The F. O. M. club held their semi-weekly meeting Tuesday noon in Room 7. This progressive organization made plans for the coming year. Mr. Ray Schreiner, instructor of the Union high school spent the week end at his country home in the outskirts of Dunbar.

H. Boyd, former superintendent of the Union schools visited here on Monday of this week. His smiling face was welcomed by all the inmates of the high school.

The 11th and 12th English class is taking music under the instruction of Miss Kays, who found this training necessary that they might appreciate the melody of Poe's poetry. They are now taking the selection "The Bells."

The two basketball teams were defeated by Avoca Friday night. The sting of defeat was somewhat lessened by the delicious lunch served afterwards.

Due to the Senior's love of them writing, their history instructor gave them permission to write one every Friday. This brought a smile to the faces of all the little folks.

The beautiful new piece of furniture which has been added to the superintendent's office, brought forth many exclamations of delight as this tends to add to the homelike atmosphere.

In fear of a future financial panic the members of the F. O. M. club are undecided in which bank they shall place their dues.

Passing of a Pioneer Woman of Cass County

Mrs. Sarah Buck Gates, Who Came Here in 1815, Dies at Home in Ottawa, Kansas.

Sarah A. (Buck) Gates, daughter of Hon. John F. Buck and wife, entered this life March 31st, 1816 near Peoria, Ill. In May 1855 she came with her parents to Cass county, Nebraska, locating at "Three Groves" twelve miles southwest of Plattsmouth, where she resided until her marriage, October 26th, 1870 to Captain W. B. Gates of Ottawa, Kansas. Immediately after the ceremony, which was solemnized in the Presbyterian church in Plattsmouth, they departed by steamboat for Ottawa, all their married life having been spent near, or in that place, seeing it develop from a village to a city.

Mrs. Gates had been in failing health for some time, but was not thought seriously ill until a month ago, though gradually weakening. She retained all her faculties until the call came the morning of Jan. 4, 1927.

Her life was devoted to family, home and friends, and the many kind deeds, words and floral offerings proved her truly loved and honored by all who knew her, many coming from Kansas City and other cities to attend the funeral service, which was held in the home, 903 South Main.

She was laid to rest in beautiful Highland cemetery to await the last call. Mrs. Gates was a member of Edward Hand chapter D. A. R.

To mourn her loss remain her aged husband, himself very feeble, three daughters, Mrs. Frances Stephenson, Mrs. William Bunn of Ottawa, Mrs. Margaret Smith of Overbrook, Kan., and husband, two granddaughters and six great grandchildren, one brother T. D. Buck, Pierson, Wyo., two sisters, Mrs. A. Klepsen, Rio Oso, Cal., Mrs. J. D. Cross, Union, Neb., and many friends and relatives.

God holds the key of all unknown He guides us with unerring hand Sometime with tearless eye we'll see And then, O! Then we'll understand. ONE WHO LOVED HER.

BOYS ARE BROUGHT HERE

From Wednesday's Daily—Last evening Clair Kellogg, nineteen, and Marion Kellogg, seventeen, of near South Bend, were brought here from Lincoln, where they were apprehended on Monday night in possession of a Ford car owned by Paul Kyles of near Alvo, and which the young men had taken and appropriated for their use. The two young men were arraigned this morning before Judge A. H. Duxbury on the charge of taking the car and in which the elder of the two, Clair Kellogg, entered a plea of not guilty while the younger, Marion Kellogg, plead guilty. The young man that pleaded not guilty was formerly at Kearney state school and is at the present time on parole from that institution. The court decided that it would parole the younger boy as a first offender while the older boy will be returned to Kearney as his parole was revoked on the receipt of the news of his crime.

MISS ARNOLD IMPROVING

From Wednesday's Daily—The reports from the bedside of Miss Lucy Arnold today states that this lady is now doing very nicely and seems to be improving quite a little since the past few days. The change for the better in the condition of Miss Arnold will be the source of a great deal of pleasure to the host of friends in this community.

Chamber of Commerce Holds Its Annual Election

Judge James T. Begley Elected President by Unanimous Vote, Frank Bestor, Vice President.

From Wednesday's Daily—Last evening the annual meeting of the chamber of commerce was held at the auditorium of the public library and with quite a large number of the membership was present to enjoy the occasion of the informal discussion of some of the things desired in 1927 as well as the naming of the officers for the ensuing year.

The report of the officers for the past year was received and showed that the chamber of commerce had a very successful year and the membership had showed gains as well as a substantial budget being carried out for the year.

The auditing committee for the year was named as E. A. Wurl, W. A. Robertson and E. H. Wescott.

In the discussion of the Missouri river bridge proposition H. A. Schneider of the bridge committee stated that if a bridge was built in the immediate future it would have to be a toll bridge for the next few years at the least and that practically one third of the cost should be raised here, altho there undoubtedly would be a very pleasing support given the bridge at Lincoln and also at Red Oak as well as in South Omaha he thought. This was the biggest proposition for the advantage of Cass county and this section of Nebraska and if started should have a real support given it by the residents of this part of Nebraska and Iowa.

There was a great deal of discussion of the proposition of endorsing the proposal of the Nebraska Good Roads association for an increase of one cent in the gasoline tax in the state and a motion was finally put and carried that the chamber of commerce endorse this feature which contemplates creating a fund for the building of secondary highways over the various counties of the state by use of the tax.

The recreation committee of John Hatt, Frank Bestor and C. E. Hartford received several compliments for their very successful skating rink at Washington park and which has been an unflinching delight to the boys and girls.

President James T. Begley announced the election of officers was at hand and that his court work would not permit him to longer serve in that capacity in the ensuing year but the remonstrances of the president was lost in the loud and pronounced demonstration for his retention in the office, and in the conclusion the judge was forced unwillingly to continue in the office or suffer violence.

For the office of vice president the members of the chamber of commerce enjoyed a spirited race between W. C. Soennichsen and Frank M. Bestor, the two candidates being boosted by their friends and scattering votes cast for other members of the chamber making necessary three ballots and in which Frank Bestor was finally chosen.

For the office of treasurer Bruce Rosenkrans was again chosen, showing a fast clip to the other candidates in the race.

The membership campaign was strongly stressed by C. C. Wescott and as the small fee of \$6 a year covers the membership it was hoped to get a list of some 200 members in the club for the ensuing year.

Hears Niece Had Died.

Mrs. John Lidgett received the sad intelligence, from her nephew, Joseph Lidgett in Alberta, Canada, telling of the death of his wife which occurred at a hospital where she was being treated at Hanna, Canada. Mr. Joseph Lidgett will be remembered as having lived in Union a few years since, and having gone to the northwest, where he has engaged in farming. Mrs. Lidgett leaves besides the husband four children, the youngest only four days old, to mourn her death. Mr. Joseph Lidgett is a son of Joseph H. Lidgett of east of Union.

Union High School Notes.

The Senior boys and especially those who are of the basketball team are keeping themselves in condition by making a run on the road from the railroad to the pumping station and back that their wind may be the best, when it comes to playing basketball. This is keeping the boys in excellent condition.

The girls of the Senior class have organized a club which they are disposed to call the F. O. M. club and we are trusting they will get much benefit from the culture which their meetings and deliberations will give.

The Junior class are doing excellent work in the Algebra, they seemingly having good lessons notwithstanding the lessons are difficult. With the return from the rest which the holidays afforded the students seem to all be taking hold of their work and are making excellent
