

**GOING TO TEXAS**

From Wednesday's Daily—  
J. C. York, of Omaha, an old time resident of this city was here yesterday for a few hours visiting the old time friends and arranging for his departure on Thursday for Harrington, Texas, where he will make an extended visit with his son, Don C. York and family, who have been making their home here for the past few years. Mr. York is anticipating a fine time in viewing the country along the Rio Grande and with the relatives whom he has not seen for

a long time. Mr. York reports that L. V. Copenhaver, a brother-in-law of Don York, has been very poorly for some time and which will bring a great regret from the many old time friends in this city where Mr. Copenhaver resided for some twenty-three years.  
Joseph F. Hadraba, the druggist, accompanied by Mrs. Hadraba, were among those going to Omaha this morning where they will spend the day in that city attending to some matters of business.

**Farmers' Show at the Parmele on February 8th**

Secretary of Chamber of Commerce Has Some Plain Words on the Bridge Program.

In yesterday item regarding the entertainment for the farmers at the Parmele Tuesday the 8th, we should have said Joe Mrasek instead of Frank. Frank's a good scout too, but he just isn't doing this stunt. If present plans hold good there will be a good comedy movie included in this program. Of course, while this is an advertising stunt, yet the bigger idea is to offer our farmer friends something for nothing, just to show 'em there is more to Plattsmouth than a hard scramble after the ever-lastin'-gosh-a-mity-dollars. Work is out of the way—the show starts at 1 p. m.—let's have a big jolly crowd and mix a little closer. Mixed drinks had business but to mix drinks is the best "sorter" business in the world.

One thing this city certainly needs, is for some live wire to fix up a few more good modern apartments, and furnish them. There is hardly a week passes but what we have inquiries for modern apartments—and furnished. Looks like some of these old big homes could set aside two or three rooms and divert them into nifty furnished apartments. This is a crying need in this city and the man who rises to the crisis will be doing something fine for his community.

Senators G. W. Norris and R. B. Howell, Washington, are the names of the two gentlemen you said you intended to write or telegraph today to support the farm relief bill—unless you have already done so. Sometimes these senators forget just what we want back home here, unless we remind them. Do your bit!

Senator Norris rather straddled the

ence in his reply to a wire from this organization—you can help us, the farmer, and put a buzzer in Norris' head by a red-hot wire.

The Omaha Bee, with the aid of Chambers is endeavoring to throw a monkey wrench into the Bridge Program on the use of part of the road taxes to put over this program. If a bridge isn't a part of a road, I'll eat Cummin's new derby! Just try to cross the Missouri with a good road at each side, and no bridge. Of course, the issue of Chambers is based on technicalities, but the motive is deeper, and easily understood. Don't be misled. This is no "Jane ate cake, Jane ate jelly" matter.

The Omaha Bee wants lots of subscriptions from Plattsmouth yet they are willing to support a program that will hinder and embarrass Plattsmouth in securing her bridge. Wouldn't be a bad idea to drop Ballard Dunn a nice little letter and tell him what we think of the position of muddying the water taken by the Bee.

Since that Omaha church decided the world is growing worse, "worse" "worse" we had better pass a law, ordering the world to grow better and everything will be all right. That is the present day program, from booze to cigarettes, and flapper boots to skirts! Just pass a law, continue to look pious—and presto we all turn into be-harped stinging angels.

It's fine only the darn'd thing won't work.

The Kansas City Star stops to inquire how long this policy of enacting three laws, because one wouldn't work, will last?

The Detroit News shouts, "Why complain if the canal our marines are guarding in Nicaragua is not yet built? The blue prints MUST be protected!"

Whenever I listen to a choir with \$200 fur coats, \$100 "gaowns", and bespangled, bejeweled fingers, that dazzle your eyes as they turn the "Holy, Holy, Holy" anthems, I want

to cough "ferninst" me hand—and pray for the minister.

The Good Roads committee held a meeting last night in this office, and a most enthusiastic one.

Has anyone heard an appeal from Fosdick of the Rockefeller church urging America to lay hands off Mexico, and to keep out of war?

The divine right of kings, and the magic circle of the church are only surpassed by the sacredness of oil!

We want every member of the Legion to take up with our representative explaining why Plattsmouth is the best site in Nebraska for the Veterans hospital. Let's flood those boys up there.

Strut your stuff!

W. G. DAVIS, Sec'y, C. of C.

**NOTICE AUTO OWNERS**  
Owing to the fact that the 1927 auto licenses were not available until after the first of the year the time to secure these licenses has been increased to March 1st. All auto owners are urged to see that they have their licenses by March 1st as after that day the use of the 1926 license numbers will be subject to punishment according to law.

BERT REED, Sheriff, Cass Co.

**ARBITRATION IS APPROVED**

Washington, Jan. 22.—The Robinson resolution proposing arbitration of the oil and land controversy with Mexico was approved Friday by the senate foreign relations committee by a 13 to 3 vote.

This was the main development of the day at the capitol in the Mexican-Nicaraguan situation, although at the White House, it was reiterated that President Coolidge believes the American people do not understand the question at issue. Small collateral issues, in his opinion, have confused the public mind and obscured the greater one.

**Philathea Class Holds Election of Officers**

Mrs. William L. Heinrich Again Selected to Head the Class of Methodist Ladies.

From Wednesday's Daily—  
The members of the Philathea class of the First Methodist church of this city held a very interesting meeting last evening at the parsonage of the church where they were entertained by Mrs. H. E. Sorter. Mrs. A. H. Bushnell, Mrs. W. L. Heinrich as the hostesses and the occasion was one of the most pleasant that this class has enjoyed for some time.

One of the chief matters to come before the business session of the class was the election of the officers and the following were named.  
President—Mrs. W. L. Heinrich.  
Vice President—Mrs. Bert Coleman.  
Secretary—Mrs. Lawrence Sprecher.  
Treasurer—Mrs. A. P. Moore.  
Class Reporter—Miss Gertrude Morgan.

The ladies also enjoyed a number of games and contests, the hymn contest in which the members were called upon to identify twenty hymns of the church selections of which were played by Miss Lindsay, the two highest being Mrs. J. A. Campbell and Mrs. A. S. Christ. Other games also served to pass the time most pleasantly for the closing part of the evening.

The ladies discussed at some length the plans for the year and which included a committee to visit every lady in the city who is not attending Sunday school and attempt to secure their enrollment in the class and as well discussing the plans for the creating of a room at the church where mothers with small children could have them cared for during the church services and which would add to the pleasure of the ladies who might wish to attend church or Sunday school and were prevented by the children from being present.

During the evening Miss Lindsay, new music supervisor and Miss Vyrval Fossler gave several delightful musical numbers.  
At the close of the evening dainty and delicious refreshments were served by the hostesses that added very much to the pleasures of the occasion.

**VICTIM STILL UNCONSCIOUS**

From Wednesday's Daily—  
R. A. Walker of Strassburg, N. D. who was found brutally beaten and with hands and feet tied lying in a

**PUBLIC AUCTION**

The undersigned will offer for sale at Public Auction at his home one-half mile east and one-fourth mile north of Union, on the gravel highway on—
