

The Plattsmouth Journal.

Plattsmouth Rotators Visit Nebraska City

Guest of the Nebraska City Rotary Club at a Very Delightful Banquet and Session.

From Thursday's Daily—Last evening the members of the Plattsmouth Rotary club to the number of 11 motored to Nebraska City where they were the guests for the evening of the live wire organization of that city and enjoyed the first dip into the Rotary work.

The banquet was staged at the Frontier hotel, one of the leading hotels of the Otoe county city and the menu was one that pleased and satisfied to the limit the members of the party of visitors.

The Nebraska City Rotary club is one of the live organizations in this part of the state and proved real entertainers for their visiting brethren from up in Cass county.

The session was presided over by J. H. Sweet, president of the Nebraska City club and who professionally is the editor and publisher of the News-Press one of the enterprising daily papers of the state. Mr. Sweet introduced the different speakers of the evening and proved a presiding officer of more than exceptional ability.

The Rotary members enjoyed their sessions under the leadership of Harry Rice who has been well named by Ned Abbott as the Caruso of the Rotary and these songs and music afforded a fitting opening of the very fine toast list.

The visitors from Plattsmouth were given welcome by President Hyde Sweet and assured of real Nebraska City hospitality that was more than realized in the pleasant evening that followed.

The response was given by Prexy Searl Davis of the Plattsmouth club which was clever and up to the usual high standard of the efforts of the genial local head of Rotary.

The Plattsmouth delegation showed their musical ability in the songs that they gave at the banquet and which entertained the tree planter members.

One of the impressive features of the banquet was the charge given to the new members of the Nebraska City Rotary club who were inducted into the work. Carl Aldrich was the orator that gave the charges and which were most impressively offered and gave to all of the members of the party a fuller appreciation of the work of Rotary. The members received Grover Miller, Morton Steinhart and G. W. Wood.

Superintendent R. E. Bailey of the Plattsmouth city schools was then called upon and responded very pleasantly to his toast on civic and personal advantages of Rotary.

The theme of the address of the evening and which was offered by the Rev. Theodore Saurer, rector of the St. Mary's Catholic church of Nebraska City and who is an enthusiastic supporter of the purposes and ideals of the Rotary club in his own community and the nation.

L. D. Hiatt, one of the Plattsmouth "bunch" was also called upon and his offering was a most delightful and pleasant feature of the evening. The banquet was closed with "America" and taps and at the conclusion of which after a short visit the Plattsmouth delegation started the journey homeward.

Those from this city who attended the meeting were: R. A. Bates, R. E. Bailey, S. S. Chase, Searl S. Davis, Edwin A. Fricke, A. S. Ghris, Dr. P. T. Heinemans, L. D. Hiatt, Harry G. McClusky, George K. Petring, Fred I. Rea.

The officers of the newly chartered Plattsmouth branch of Rotary are: Searl S. Davis, president; John L. Tidball, vice-president; Paul T. Heinemans, secretary; Fred I. Rea, treasurer; W. F. Evers, sergeant at arms; R. A. Bates and G. K. Petring, directors.

HOLD PLEASANT MEETING

From Thursday's Daily—The Loyal Bureau class of the First Christian church held a very pleasant meeting last evening at the home of Mr. and Mrs. Walter Stein-kump on Wintersteen hill and which was very largely attended by the membership, there being in the neighborhood of some thirty-five present at this happy occasion.

A short business session was enjoyed and which gave way to the social features of the evening. A large number of games and contests were enjoyed and in the guessing contest Luther F. Pickett proved the most successful while the consolation prize was found to be between Walter Stein-kump and Ed Cotner and was finally decided in favor of Mr. Stein-kump.

At the close of the evening very enjoyable refreshments were served by Mrs. Lillian Pickett, Mrs. Bert Donaldson, who was assistant hostess of the evening.

The next meeting of the class will be on Wednesday evening, March 2nd at the home of Mr. and Mrs. Lloyd Sharp.

GOES TO ROCHESTER

From Thursday's Daily—Edward Donat, Jr., of this city, who has for a period of several months been suffering a great deal from the effects of stomach trouble in a very severe form, is now at Rochester, Minnesota, where he will be examined by the clinic at the Mayo hospital in the hopes of determining the exact cause of his trouble and secure relief if this is possible. Mr. Donat has been feeling the effects of this trouble for the past year in varying forms and in the last few months it has grown more severe and caused him a great deal of apprehension. So far there has been no word received as to his condition by the members of the family and they are anxiously awaiting word from him as to the results of the examination.

Hatchery Here is Securing Some Fine Results

Establishment in This City Bringing Renewed Interest in Poultry Raising.

From Thursday's Daily—The development of the poultry business in this part of the state has been quite large in the last few years and has brought to a great many of the farmers most profitable returns from the sale of the products of the hen and the sale of poultry.

As the poultry industry has developed there has come a more general desire to specialize in certain lines of purebred strains of poultry—the best layers, the most successful strains for the use on the market.

The establishment of hatcheries in this city has furnished a means of still further increasing the scope of the poultry business and the Morrow hatchery in the heart of the city and the W. F. Nolte hatchery at the outskirts of the city gives the means of securing a much larger increase in the feathered population of the county and many orders for the live chicks produced from thoroughbred eggs, have been received at both of the hatcheries and the result of the work of these two new industries has been most pleasing.

Those who have visited either of the local hatcheries have been very much pleased with the manner in which the plants are handled and the Morrow hatchery especially, located on Chicago avenue near the K. of C. hall has had a large number of callers who watch the production of the little feathered beauties of different strains of poultry, which will in the future be factors in the advancement of the poultry industry of this part of the state.

More and better poultry on the farms is one of the needs of the hour and with the production of the hatchery added to the individual incubator plants and array of setting hens should give some real results in the line of poultry raising for the coming year.

WINTERSTEEN SCHOOL MEETING

From Thursday's Daily—Last evening the Wintersteen hill school held the observance of the Founders day of the Parent-Teachers association and in which there was a very large number of this branch of the society present to enjoy the occasion.

The event marked the thirtieth anniversary of the national P-T association and the Wintersteen hill branch made the anniversary more than usually interesting.

A very interesting program was arranged by the committee in charge and which was presented by a group of the young people, consisting of a piano solo by Norma Edgerton, an accordion solo by Norman Warren, a reading by Miss Pauline Parker and a vocal solo by Miss Mathilde Olson.

Mrs. R. B. Hayes gave a very interesting address of the history of the Parent-Teachers association that covered the inception of the society and the later developments of this important part of the latter day schools.

Refreshments were served at the close by the committee and which was a fine birthday cake with its 30 glowing mandies in honor of the P-T birthday.

WEDDED IN GLENWOOD

From Friday's Daily—The marriage licenses issued the past week at Glenwood, Iowa, disclose that two of the Cass county young people hastened to the Iowa City, Iowa, to have their life's happiness consummated there. The contracting parties were Harry Noel of Weeping Water and Miss Lois Scotten of Murray. The bride is a daughter of Mr. and Mrs. J. A. Scotten and the groom is a well known young farmer of the vicinity of Weeping Water. Both of the young people have a large circle of friends in the locality where they have been reared and their friends will be pleased to learn of their marriage.

Louis Leiner Sues 'Cure-All' on Stock Deal

Alleges That "Electro-Magnetism" Lecturer Sold Mining Stock—Suit Filed in Omaha.

From Thursday's Daily—Louis Leiner, well known former resident here and now engaged in the operation of a restaurant in Louisville is the plaintiff in an action for \$1,731, which it is alleged is due Mr. Leiner from Gaylord Wilshire of Los Angeles, who is in Omaha lecturing on "Electro-Magnetism" in connection with the Iona company promoting the special course of treatments.

The World-Herald has the following in regard to the filing of the suit in Omaha yesterday.

Leiner alleges in the petition filed by Attorney R. T. Coffey that on July 13, 1926, Wilshire sold him 1,731 shares of stock at \$1 a share in the Consolidated Wilshire Mining company, represented to him as owners and operators of a mine at Bishop Creek, Cal., filled with paying ore.

Leiner alleges that Wilshire represented the mine as a paying proposition, where a large number of men were employed removing and putting the ore on the market. He alleges that Wilshire told him that machinery valued at over two million dollars was being operated at the mine, all of which representations, Leiner says, the defendant knew were false, but on the strength of which he invested the money.

Leiner alleges that the stock is worthless. On seeing Wilshire's picture in advertisements of the Iona company, he came to Omaha to consult with his attorney.

Gone to Kansas City.

He has known Wilshire for 30 years, having previously traded mining stock for Brazilian rubber stock with him, he said. No dividends have ever been paid on the stock, he says.

At his local office it was said that Wilshire had left for Kansas City late Wednesday afternoon. He had checked out of his room at Hotel Fontenelle.

Wilshire is reputed to be a wealthy investor in California, former lecturer on socialism and at one time editor of a socialist magazine. In literature he features a resemblance to George Bernard Shaw, playwright, with whom he says he corresponds.

Attorney Coffey said that Leiner phoned Wilshire on his arrival in Omaha, and that later the attorney was called by someone who said that Wilshire could not remember the stock transaction but that he would be glad to meet the complainant. He was served with summons by a deputy sheriff during a lecture he was giving immediately after the petition was filed at 2 p. m.

Had Been Sued Before.

Los Angeles, Cal., Feb. 16.—Gaylord Wilshire, made defendant today in a suit brought in Omaha by Louis Leiner, Nebraska farmer, has been connected with numerous real estate and mining interests in Los Angeles. He has lived in the city for 43 years, and was instrumental in the development of the Wilshire Boulevard district, an exclusive residential area. He founded Fullerton, Cal., and has gold mine properties at Bishop, Cal.

With the Iona company organized by him, he was defendant in a suit, which he charged the illegal use of his photograph in an advertisement for a health appliance.

GIVES WORDS OF PRAISE

From Wednesday's Daily—The representatives of the state of Nebraska which each year visit the offices of the county treasurers over the state have just completed their work here at the office of county treasurer, John E. Turner, their task being the check on the year closed during the regime of Miss Mia U. Gering.

The examiners who had charge of the work in this county were F. B. Honza and O. G. Peterson, two of the best of the expert accountants employed in the state treasurer's office.

In their checking over the work the auditors found everything in the very best of shape and have strong words of praise for the splendid manner in which Miss Gering has conducted the office of which she was the head for the past few years.

In their statement at the close of the work the accountants state that the books are perfect and neat in their completion and very accurate and show a very deep insight on the part of the former treasurer into the art of book keeping and auditing and which they feel should be acknowledged as due the former treasurer. Miss Gering has long enjoyed a very extensive reputation for her splendid ability in this line of work and on previous auditing of the books by the state examiners has received warm words of praise for her work.

ENTERTAIN FOR FRIEND

From Thursday's Daily—Mrs. Max Vallery and Mrs. Fritz Kehene entertained at a miscellaneous shower for Mrs. Roy Tschirren, formerly Miss Verna Stoehr, who was married to Roy Tschirren Dec. 15, 1926, and kept the marriage a secret up until this time. The home was decorated in the nature of George Washington Birthday.

The afternoon was spent in games. Mrs. Philip Hitz won the first prize while Mrs. Joe Bell won the consolation prize.

"Truly I Do" was sung by Mrs. East, May, from station KMA for the bride.

At a suitable hour a delicious luncheon was served. The bride received many attractive gifts that she will long cherish in her new home. The young couple will make their home in Omaha, Nebraska.

P. E. O. Ladies Enjoy a Period Costume Party

Home of Mrs. William Baird Scene of Unique and Enjoyable Party of Ladies.

From Saturday's Daily—Yesterday afternoon the ladies of Chapter P. E. O., met at the home of Mrs. William Baird and for the course of the afternoon the hands of time were turned back for many years to give the members of the chapter an appreciation of the styles of the years gone by when milady wore what to us seems strange and varied garb.

This feature of the program was in charge of Mrs. Evi Spier and in her pleasant manner she gave short verses descriptive of the costumes and the periods that they represented from early colonial day to the present time.

First there was the colonial dame of 1740 and which was portrayed by Mrs. P. L. Cummins. There was then the lady of the glory of the empire period when Napoleon was at his height of glory and this Mrs. Charlotte Patterson appeared. The next was when the girl of 1840 came upon the scene, this being enacted by Mrs. L. O. Minor while the fapper of 1851 was presented by Mrs. H. F. Goss.

The gown of the civil war days the height of the crime period was given by Mrs. W. A. Robertson. From here the hand of time advanced to the period 1880, when Miss Eleanor Minor appeared in the role of a little maid of that time, her costume being one of her grand-aunt had worn when a child in that time.

For the lady of 1885 Mrs. H. F. Goss appeared most charmingly while for the social leader of 1895 Mrs. P. T. Heineman was most pleasing. Mrs. George O. Dovey appeared as the lady of 1900 when the fashions again made a change and the review of the costumes was closed when Mrs. Luke L. Wilmes presented the lady of 1927.

The afternoon was closed by the serving of dainty and delicious refreshments served by Mrs. Baird and which proved a delightful finish to the occasion.

ROADS ARE SLIPPERY

From Thursday's Daily—Parties from this city who were out in the county yesterday and traveled over the country roads found the going very disagreeable with the mud making the highways hard to travel over, save when the districts where they are graveled highways and it is needless to say that the gravel was never more appreciated than it was by the traveling public that had come miles through the mud and bad roads.

Let us speed the time that there will be a great system of graveled highways over the county that may permit travel in all localities with peace and comfort.

MRS. GIVENTER AT HOSPITAL

From Friday's Daily—Mrs. Sam Giventer of this city was operated upon this morning at the Nicholas Senn hospital in Omaha, following a period of some duration in which she has been in gradually failing health and which it was felt could not be relieved until she was operated upon. That she will soon be able to be on the highway again it is needless to say for the many friends and they trust that she may not have to remain at the hospital long but soon be able to return home and be restored to her former good health.

HENRY GERING HOME

From Saturday's Daily—Henry R. Gering, who has been at the Clark hospital in Omaha for the past three weeks suffering from the effects of his paralytic stroke, was brought home last evening and will be cared for here at the family home. Mr. Gering's condition is such as to require a long period of treatment and it is thought that in the familiar and restful surroundings of the home and the association of the members of the family and the old home town is a great credit to your type of citizenship.

We understand the Louisville road is practically impassable these days due to it's being a dirt road. If you have friends, neighbors, or acquaintances along that road dependent upon it to get to markets, remember your stand in favor of graveled highways. It is a great credit to your type of citizenship.

Get in the Campaign of Chamber of Commerce

Makes for Better Roads, Better Communities and General Advancement of Civic Lines.

Nebraska's population made a gain of eleven thousand from July first 1926 to July first 1927, the latter date estimated on percentage of increase the past six months; other state increases were as follows where there has been an intensive advertising nationwide propaganda carried on by various Chambers of Commerce: Florida 54,000; Arkansas 20,000; and Texas, 84,000. It would rather boom old Cass county if we had received in the state of Nebraska by July 1st, an increase of eighty-four thousand in population.

Two great factors contribute to these increases: First advertising; second good roads built, building and planned! There is nothing that will build up a state, faster than good roads reaching out to receive its products—great arteries of trade, increasing land values, creating greater diversification of industries; more opportunities, more ready cash, and more pleasure.

"It pays to advertise!"

Good roads are an economic necessity.

The Salt Lake Telegram suggests the following slogan for the Dental Association: "Be true to your teeth or they will be false to you." (Griffin, Cummins and Heineman please note.)

It is inspiring to find a man full of love and enthusiasm for Plattsmouth and its future. That is one great pleasure we find in talking to Bob Bates. Everyone knows Bob Bates, but everyone doesn't know the odds of space he gives away in his splendid Daily Journal for boosting Plattsmouth; always has; and always will; the amount of free space given to club and church and other social notes. O. yes, the Journal is a most important asset to our community!

There was an increase of \$28,000,000 in cigarette taxes last year, according to the Pittsburgh Chronicle-Telegram, showing that the women of the country are "doing their bit."

In fact we find a good many men in this city and community who feel as Bob Bates does. They are the men who work, and strive on Chamber of Commerce committees without thought of remuneration, their only reward being in the keen satisfaction of doing something for their city and community.

The Catholic Daughters of America left us a brilliant poster describing the Pat Kroh's orchestra and the bully dance at the Coats Hall Feb. 21st. Tickets \$1 and a door prize. Don't miss it!

NEW PHYSICIAN HERE

From Friday's Daily—The city has a new member of the medical profession in the person of Dr. D. M. Sircu, formerly of Omaha, who arrived yesterday to locate in the offices formerly occupied by Dr. F. G. Doney on upper Main street. The new physician comes very highly recommended as one of the active young medical men of Omaha and who is now taking up a country practice and expects to make this city his home in the future. The Plattsmouth people are pleased to welcome Dr. and Mrs. Sircu here and trust that they may find a very successful field here and enjoy their new home to the utmost. The offices of Dr. Sircu are all now arranged and he is ready to take up his active practice.

ENROLLS IN C. OF C.

From Thursday's Daily—This morning William F. Halmes, one of the live wire young farmers of this part of the county was in the city and while here was a caller at the office of the Chamber of Commerce and had his name enrolled as a member of this organization. Mr. Halmes is one of the leading poultrymen of the county and his speciality is pure bred white rocks. Mr. Halmes believes in the spirit of co-operation and shows his belief in enrolling in the local civic body.

NO FURTHER WORD

From Thursday's Daily—No further word has been received here by the family of the condition of A. B. Hass, who was reported a few days ago as being in very serious shape at the Mayo hospital in Rochester, Minnesota, where he has been for the past several months taking treatment. Mr. Hass was reported at that time as being quite serious, and has apparently made no change, as there has been no advices received here.

ARRIVAL OF FINE SON

From Friday's Daily—The home of Mr. and Mrs. Hallie B. Perry in this city will be made a great deal happier in the future as the result of an addition that came to the family circle yesterday when a son and heir was born at the Methodist hospital in Omaha. The mother and little one are doing nicely and the occasion has brought the greatest pleasure and happiness to the proud father.

Have you anything to sell? Tell the world about it through the Journal's Want Ad department.

HITS TWO BELOW

From Friday's Daily—This morning proved one of the few days this winter when the mercury has reached below the zero mark and the temperature registered two below, and making it one of the coldest days thus far this winter. The cold wind that heralded the coming of the cold snap yesterday died down by evening and brought with it the more severe cold but which was not so noticeable as the wind had brought a great deal of discomfort.

The winter has been one of remarkable mildness however as it has been only on a very few days that the mercury has reached below the zero mark and then only for a short period. The usual weather of from ten to fifteen degrees below zero has been missing this winter from the Missouri valley states.

Bishop's Crusade to be Held in This City Next Month

Starting on Sunday March 13th With Visit of Bishop Ernest V. Shayer to St. Luke's.

From Friday's Daily—The "Bishop's Crusade," a part of the nation wide move of the Episcopal church to quicken the spiritual life of the church and the communities in which this church is active, will be carried into the city of Plattsmouth in the coming month and special services in carrying out the program of the crusade will be held at the St. Luke's church here commencing on Sunday, March 13th.

On Sunday, March 13th the Rt. Rev. Ernest V. Shayer, bishop of Nebraska, will be here and hold a service at the church at 11 o'clock in the morning at which time there will be the confirmation of a class of new members received in the church.

On Sunday evening Bishop Shayer will give his illustrated lecture on the holy land and his visit there which is most fitting at the approach of the Eastertide and the lecture will take the congregation along the scenes where Christ lived and taught in the holy land.

Commencing on Monday, March 14th Father Gallagher of the St. Andrew's church of Omaha will be here and hold services at 7:30 a. m. and 7:30 p. m., at the St. Luke's church.

The public is invited to participate in these meetings in the interest of greater religious life and activity.

Columbia P-T Ass'n Holds a Social Meeting

Large Number in Attendance at Gathering at Columbian Building Last Evening.

From Friday's Daily—One of the most pleasant gatherings of the season of the Columbian Parent-Teachers association was staged last evening at the school building on south 8th street and which was attended by some seventy-five of the patrons of the school despite the cold and unpleasant weather conditions that prevailed.

The members of the association were amply repaid for their attendance by the very fine program that had been arranged and in which all of the audience held the greatest interest in the musical numbers and the splendid addresses that marked the occasion.

Secretary W. G. Davis of the chamber of commerce gave a short address on the schools and the community, touching on the progress of the schools and the need of the training of the child along the appreciation of the civic duties of citizenship and the advancement and progress of the community in which the child might live.

Mrs. Edward Roman, one of the talented ladies of the city was heard in a most charming number, her voice being most pleasing in the selections offered. Miss Jessie Whelan was the accompanist.

Ralph Rowland, one of the members of the faculty of the high school favored the gathering with a very delightful violin number, one that was filled with beauty and expression. Miss Eula Reed very charmingly gave the accompaniment.

Superintendent R. E. Bailey of the city schools was also one of the speakers of the evening and gave a most interesting discussion of the public school system, the changed conditions that prevail in the schools now and at the time that he was a student, the general advancement of the public schools and the higher standards of education that are now made a part of the schools. The training of the child and the value of the Parent-Teachers association in the handling of many of the home and school problems was also touched upon by the superintendent in his very interesting talk.

At the conclusion of the program refreshments of sandwiches, cake and coffee were served that made a very pleasing completion of the entertaining and profitable evening of the school patrons.

The Dennison line solves the problem of mid-summer hostesses. Sold exclusively in this territory at the Bates Book and Gift Shop.
