An Excellent Woman Gone.

It has often been said that the King of Shadows loves a shining mark and this has been demonstrated when the Death Angel called Mrs. John Tigner of near Louisville, there she answered the call of her Lord on last Friday, when she had attained the age of 81 years, one month and eleven days, Miss Sarah Josephine Campbell was born in Washington county, Penn., on January 30th, 1846, and resided with her parents during her girlhood and here acquired a large number of very loyal friends. During the past few years they have been making their home near Louisville, where they had lived with their son, James Tigner. This union was blessed with five children, they being Mrs. Jessie C. Fisher, Mrs. W. A. Taylor, Mrs. Shepherd, Harry C. of Louisville, James M. of Louisville and Claude C. of Union, all of whom survive the mother, whom they loved with a devotion scarcely ever equalled and never excelled. There are thirteen grandchildren who love their grandmother and two who have been called to the other world, and there were waiting to welcome the loved one. When a young girl, Mrs. Tigner gave her heart to her Master and has ever lived a devoted and consistent Christian life. She has made a practice since childhood to read the Shepherd Psalm, the 23rd in number every day of her life, and this portion of the scripture has ever guided her in the path of right and been a solace to this excellent woman when clouds arose in her path to obscure the blue of the sky. For some weeks before the final summons came Mrs. Tigner had not enjoyed the best of health, and the husband and children have seen to it that every comfort had been extended to the loving mother. The funeral service was held from the Baptist church of Union and was conducted by the Rev. W. A. Taylor, the interment being made at the Union cemetery.

Card of Thanks

We, the husband and children of the late Mrs. Sarah Josephine Tigner, wish to express our sincere thanks for the kindnesses which were extended to our mother during her lifetime, and especially during the late illness, to all who in anyway ministered to her comfort, to those who sang at the funeral and for the many floral tokens, evidences of their love and honor of mother.—John D. Tigner and Children.

of Union and vicinity, and who was familiarly known as "Uncle Mat Mat Wolfe" took its flight to the other world.

During the past few months he has been making his home in Union at the home of his sister-in-law, Mrs. Lucy Wolfe, coming from a hospital at Omaha, where he had been receiving treatment. Madison Wolfe was born at Burlington, Iowa, on October 12, 1855, and was united in marriage in Colorado some thirty-six years ago. Mr. Wolfe having resided in Union and vicinity for a number of years before going to the west. To this marriage was born one daughter, who died in infancy. A few years later Mr. Wolfe returned to Nebraska and the vicinity of Union to make his home. As he was alone, he followed the occupation of working on a farm and has worked at a large number of places. Recently he was employed on the farm with his nephew, Earl Wolfe and when he sickened, was taken to a hospital in Omaha where he received treatment for some time before coming to Union to live. Mr. Wolfe had a preference in his religious connection, and that preference was the Methodist church where he generally worshipped. The funeral was held from the Baptist church in Union on Tuesday afternoon, March 15th, and was conducted by the Rev. W. A. Taylor, the interment being made at the Lewiston cemetery east of Murray.

State Labor Report Shows Improvement

Surplus of Both Skilled and Unskilled Workers Is Noted—Need Farm Help.

Lincoln, Neb., March 15.—Labor conditions in Nebraska improved during the last month, but skilled and unskilled labor are still plentiful, the United States department of labor said today. Brisk calls for farm help were received by the department, but the supply was ample to meet all requirements.

Slight gains for laborers were noted in meat packing plants and railroad shops. There seemed to be sufficient building in sight to absorb all idle resident tradesmen as soon as the weather conditions will permit the constructions to begin.

Omaha's Surplus Large. In Omaha there is a marked surplus of skilled and unskilled labor. The report said however, material improvement in the industrial situation is anticipated as soon as spring weather arrives and general outdoor operations are allowed to go forward.

Brisk calls for experienced farm help was a feature in the employment situation during February, while ice cutting continues to utilize considerable

able common labor. Meat packing plants registered normal employment for this period, while railroad repair shops show gains over previous months.

"In Lincoln this month the demand for farm help was slightly better than the demand last month," the report continued, "but competent men are plentiful, building is fairly active but winter weather has retarded operations to a marked extent and a surplus of mechanics prevail. Part time employment continues in railroad repair shops."

Hastings' Building Delayed. "In Hastings, inclement weather caused contractors to lay off considerable help in February, and there is a surplus of skilled and unskilled labor."

"In Grand Island, there is a surplus of common labor due largely to cessation of road construction work. The next few weeks should bring a marked increase in the demand for farm help. Building is seasonably inactive."

VANDALS DEFACE OUTLAW'S GRAVE

Liberty, Mo., March 14.—A reward of \$25 was offered here Sunday by John Samuel, half brother of Jesse James, for the apprehension of any one chipping off a piece of the stone monument over the grave of the noted outlaw in Kearney, Mo. The monument has been badly defaced and chipped by souvenir hunters.
