

# Nehawka Department!

Prepared in the interests of the People of Nehawka and Surrounding Vicinity Especially for the Journal Readers.

Nick Limpault was looking after some business matters in Lincoln on Monday of this week, making the trip via the train.

Business called D. C. West of the Nehawka Bank to Plattsmouth on Monday of this week, he driving over to the county seat in his auto.

Z. W. Shrader was on the market Thursday of last week with a very fine load of hogs which had been finished at the farm of Mr. Shrader.

Nels Anderson, proprietor of the Nehawka pool and billiard hall, was fortunate in securing Gust Nelson as his assistant in the place of business.

Miss Bessie Weller, the excellent young saleslady with the Sheldon department store, was a visitor with her parents at Stella for over the week end.

"Bobbie" Wunderlich, little son of Mr. and Mrs. Walter J. Wunderlich, is having a tussle with the measles, but is reported as getting along nicely with the malady.

Frank M. Lemons, the barber of Nehawka, and the good wife, were visiting in Nebraska City last Sunday, where they also were attending a movie in the evening.

Mrs. Albert Wolfe and daughter, Miss Gladys were visiting in Nebraska City for the day last Monday, where they were visiting with friends as well as doing some shopping.

Albert Anderson and family were visiting and looking after some business at Omaha on Monday of this week, they driving over to the big

city in the car, and enjoying the trip very much.

Chalmers Switzer was carrying the mail on the route which is supplied by Robert H. Chapman for a few days, as Mr. Chapman was taking a vacation and was spending the time out of town.

Edward J. Wood, the painter and decorator, has been quite busy during the past week, doing some interior work in the decorating line at the home of Stewart J. Rough, which has made the home more pleasant.

Robert D. Taylor, who has completed his truck body was a visitor in Omaha on Monday of this week, taking with him a load of hogs from William August, which were disposed of on the market at a very good price.

The Rev. Swingle, who has been preaching in Nehawka and attending school at University Place at Wesleyan university, has accepted a position as instructor in a college at Winfield, Kansas, where he will have the chair of theology.

Miss Agnes Gumbel, teacher in the Nehawka school, and Prof. and Mrs. Engle were visiting in Elmwood for the day last Sunday and were guests at the home of Superintendent and Mrs. Ledger, of the Elmwood schools, where they all enjoyed the occasion very much.

The community sale which was held in Nehawka on last Saturday, attracted more than passing attention, and had a good crowd of bidders on the grounds. A full fledged Universal automobile was sold for just \$7.50, a warrant going with it that it would run out of town or no sale.

We noticed a very fine appearing window in the store of Henry Westell and inquiring was told that it was the handwork of our friend, J. G. Wunderlich. The window was most tastefully decorated with a fine display of the excellent goods that are handled at that emporium of farm necessities.

Julian Peterson, who worked in this vicinity last summer, and has been staying at the home of his parents at Colerize, returned to Nehawka one day last week and will work with his brother-in-law, Mr. Edward Murray, this summer. Mr. Peterson will be remembered by his many friends here.

Henry Lindsay, who believes in having fruit in season and some over to keep during the winter, has been planting out on his farm near Nehawka, a number of plums, cherries

and other small fruit tracts as well as many bushes of berries of all varieties, and he says that he is going to have plenty to eat when they are in season.

Mrs. William August, who has been in rather delicate health for some time, went to Omaha, where she entered the Methodist hospital and will take treatment and if required, an operation for the restoration of her health. Her many friends are hoping for an early return of the health of Mrs. August and that she may soon be home again.

Lawrence Smith, son of Mr. and Mrs. Herman Smith, who has been employed on the construction of the highway north of Plattsmouth, was down home from his work for over Sunday and reports that the grading of that portion of the highway will be completed in a short time and ready for putting in shape for the coat of gravel which is to change the "Bug-a-Bear" into a real highway. The sooner, the better.

Grover Cleveland Hoback, who has been working in the Frank P. Shelton store for some time, has relinquished the position and is now hustling about taking the listing as assessor for Nehawka precinct. During this time the position has been supplied by one of the very excellent young men of this vicinity, who has been employed at Lincoln for some time, Mr. Lucian Carper, who is making good in the new position.

### TEST THE SEED CORN. WARNING TO FARMERS

A warning to farmers that the outlook for seed corn is worse than a year ago is issued in an editorial in Wallace's Farmer.

"The chances are three to one," the editorial says, "in our opinion, that the corn stand this year will be worse than last year. Last year everyone was talking about the bad seed corn, and county agents were testing thousands of ears. This year the county agents and the extension forces are saying very little. Many long-headed farmers have not even run a general test on their seed corn."

### Killed a Wampus Cat

Early last week, C. D. St. John, hearing a noise in his yard made by some wild animal, took the shot gun and repaired to the yard, where he found the dog had trued an animal, and taking a shot at the varmint he tumbled it to the ground where the faithful dog finished the animal. Mr. St. John went to the house and again to bed, thinking nothing more of the episode, and of the opinion that he had merely killed a mauling cat. The following morning brought the discovery that the cat was much different from the ordinary cat, and much larger with a long tail and yellow eyes like a tiger. A man who has been spending his winters for some time in the western mountains, pronounced it a tiger cat, but when investigating further, a man who claimed to know, called it a wampus cat. Just what that is, we do not know, nor do we care to find out, especially by experience.

### Aged Nebraskan Dies

John W. Stoll, who was born at Nehawka, or rather near here, on the same quarter section of land where he lived all his life, and died last Thursday, suffered a stroke of paralysis the day before his demise, which was so severe he was unable to rally from it. Mr. Stoll was unmarried and was a member of the Lutheran church. He and his sister, Miss Minnie, lived on a portion of the farm where they were born, while another sister, Mrs. Frank Cox, lived on the other portion of the quarter section. Mr. Stoll was an excellent man and highly honored and much beloved by his neighbors.

While he was most sociable and accommodating and friendly to his neighbors and acquaintances, he scarcely left the home and was not known by many of the people living at a distance. The funeral was held from the late home and interment made at the St. John cemetery, which is but a short distance from the home where he lived for so long.

Mr. Stoll was born November 20, 1867, and would have been sixty years of age the next birthday anniversary. The funeral services were conducted by the Rev. W. A. Taylor, of Union, pastor of the Baptist church.

### Happy Birthday Surprise

At the home of Mr. and Mrs. E. F. Hoback, southwest of Union, Sunday, there was much enjoyment, the occasion being the 67th birthday anniversary of Mrs. Hoback. So the children of this couple and a few of their friends planned a real surprise on Mrs. Hoback, which was carried out to the letter, each one bringing a well filled basket.

Everyone had a most enjoyable time and there were plenty of good things to eat.

Those present to enjoy this happy occasion were Mr. and Mrs. Oscar Hoback and children; Mr. and Mrs. Frank Anderson and children; Mr. and Mrs. Jessie Dysart and children; Mr. and Mrs. Grover Hoback and children; Mr. and Mrs. Charlie Hempill, Mr. and Mrs. Frank Masie of Nehawka; Mr. John Arn and Gallant Stine.

In departing the guests wished Mrs. Stine many happy returns of her natal day.

### OHIO RIVER CUTS CAPERS

Cairo, Ill., April 3.—The Ohio river is apparently flowing upstream here. Reports to the United States weather bureau show that the river is falling at points above the city while rising here. The paradoxical action of the river was explained by the rapid rise of the Mississippi river which is now two or three feet higher than the natural stage of its tributary, the Ohio river. As a result, the water is backing up the Ohio channel.

Reports from Thebes, Ill., indicated that swift currents threatened the levees. Patrols were placed along the levees there to protect the dyke. The Mississippi river levee which threatened to break last night at Columbus, Ky., was still holding today. The village's 1,000 residents had moved many of their belongings to higher ground.

## Ask for Parole of Nehawka Man from County Jail

Petition, Signed by Number from Union and Nehawka Ask Release of James Blake.

There has been a petition signed by a great many residents of the vicinity of Union and Nehawka, received at the office of County Judge A. H. Duxbury in which the petitioners ask that the court parole for the remainder of his sentence, James Blake, Nehawka man who was sentenced for ninety days in jail for the sale of intoxicating liquor.

The petitioners state that the health of the prisoner is in such shape that he suffers physical injury as the result of the confinement in the jail and as he has served the larger part of the sentence they ask that the court suspend the remainder of the sentence and permit the prisoner to be released from the custody of the sheriff and return to his home.

It is claimed by the prisoner that he is a sufferer from attacks of heart trouble and that the confinement in the county jail has had a bad effect on his health and that he feels that being allowed to go to his home would allow him to recuperate from the illness and be able to resume his regular line of employment.

No action has as yet been taken by the court in the matter as there is doubt of the court having the power to make the suspension in cases of this nature.

This modern age likes the mellow mildness of Camels

TRY Camels and you'll know why they win the modern world. Mildness and mellowness. The smoking wish of this exacting age is realized in Camels. Such taste and fragrance as never came before from a cigarette. A mellow mildness that can result only from superb blending of the choicest Turkish and Domestic tobaccos.

This age demands the best of everything—and it finds its ideal smoke in Camels. Nowhere else can you find such smoothness, such ever-dependable goodness as here—
