Up to House Now.

The bill will be reported officially o the house tomorrow morning for general file, after which it will be in charge of the house sifting committee. Representatives White and Crofoot are the Omaha members of that committee. Speaker Rodman, by virtue of his office, is chairman of the committee. It was confidently expected by friends of the bill tonight that the sifting committee will ake favorable action on the bill and report it to the house possibly early next week.

If the bill passes the house it would then have to go to the senate for concurrence in the house amendments. The amendments are said to be satisfactory to Senators Kryser and Stinson, introducers of the bill.
