SANBORN SERVICE GARAGE

Walter Burke and John Elwood were making hay from the lots of E. A. Landon on last Wednesday.

George Trunkenholz and Clyde Newkirk were looking after some business matters in Havelock on last Wednesday afternoon.

Everett Cope has been on the sick list during the most of last week, and was not able to be at his post in the store of E. L. McDonald.

Leo Peters began the cutting of his first crop of alfalfa last week, which compelled the father, O. F. Peters, to repair the hay barn.

During the absence of Dewey Head-

ley, the manager of the Searle Chapin Lumber company, the yard was looked after by Judge W. E. Hand last Wednesday.

Phill Reese was a business visitor in Ashland for a short time last Wednesday, where he was looking after some matters in connection with the oil station.

Misses H. G. Wright, Ella Marshall and E. A. Landon were visiting with friends as well as looking after some shopping in Lincoln on last Wednesday.

Arrangements have been made for the presenting of "The Prairie Rose," a production which the I. O. F. and the Rebekahs will put on in the near future at Havelock.

Clyde Newkirk, who has been very busy writing insurance of all kinds, life, auto and fire, reports a very good business. He is a rustler when it comes to this kind of work.

Henry Wilkin has been papering his shop and making the place look neat as a pin and as he conducts an up-to-date barber shop, wants things looking the best about him.

With the extra work which the rush of corn caused last week, E. A. Landon had to secure the assistance of M. R. Cameron to care for the receiving and loading of the same.

L. V. Scheffer and family were visiting in Waterloo Sunday and at Omaha on Monday, looking after some business matters at the latter place as well as visiting with friends.

W. P. Bailey and family were visiting for the day on last Sunday at the home of Mr. and Mrs. Elmer E. Buck, near Ashland, they driving over for the occasion in their car.

P. A. Sanborn says business is good, thank you. He has been disposing of a large quantity of machinery of all kinds during the recent weeks and the demand seems to still hold up.

Last week Dr. W. H. McFadden was in Lincoln for a number of days, where he was in attendance at a meeting of the medical fraternity, it being a convention of the practitioners of this vicinity.

Jardine Motor Company

Greenwood, Nebraska

The Jardine Motor company is busy receiving and delivering cars, selling and delivering new ones during the past week to Kenneth Hart, L. O. Kelley, H. W. Johnson, C. H. Maston and Albert Snedgen.

Fred Ethrege, Clyde Newkirk, S. S. Peterson and George Trunkenholz were all in Havelock on Wednesday evening of last week, where they went to witness some work in the third degree in the I. O. O. F. lodge.

See the change in the ad of W. H. Leesley in this week's issue of the Journal, where he is offering Leghorn baby chicks at eight cents each. Better get in on this offer while it is open, for this will not last very long.

Last Thursday Phillip and Oscar Reese departed for Savannah, Mo., where Phillip went to consult with a specialist regarding a growth on his face which has been giving this excellent gentleman considerable concern.

Al Cline, who acquired the Cline property in Greenwood, has been making some decided changes. Having had the barn torn down and the house painted and otherwise repaired, has also added water service which places it nearly up to a modern residence.

Al Ethrege, who believes in assisting the kiddies to have a good time, made a little red wheel barrow for Lloyd, his little friend, who is better known as Barney Google, and how that young American was tickled when he was presented with his one wheeled wagon.

Mrs. Rex Peters appeared on the program at the Temple theatre on Tuesday evening of last week, and with her husband drove over for the occasion in their car. The appearance was in a cantata and which was well rendered, Mrs. Peters making a very pleasing appearance.

George Bunknell and the family and Mrs. W. A. White were all over to Lincoln on Wednesday of last week, where Mr. Bunknell was making purchase of goods for the store here, and bringing as many as the car would carry home with him. The ladies were visiting with friends also while in the Big town.

Hears Aunt Has Died
Mrs. Henry Wilkin received the sad intelligence last week of the death of her aunt, Mrs. Fannie Lehigh, of Omaha, a sister of her father and well along in years. The aunt died on Monday and Mrs. Wilkin hastened to the home to render what assistance was possible and to attend the funeral, which occurred on Wednesday.

Rebekah Assembly Elect
At the last meetings of the Rebekah assembly of the I. O. O. F. after the conclusion of the other business of the evening, elected officers for the coming term. The selections made were Mrs. Gust Sorman, Noble Grand; Mrs. Harry Schroeder, Vice Grand; Mrs. Una Kyles, secretary, and S. S. Peterson, treasurer.

Met in Greenwood
The Encampment of the I. O. O. F. met on Thursday evening in the I. O. O. F. hall in Greenwood instead of Ashland, and held their semi-annual election and selected for the coming half year Roy Owens, C. P.; Verne Sherman, S. W., and John Armstrong, H. P. The installation will come in two weeks.

NEBRASKA LAW A SUCCESS

St. Joseph, Mo., 26.—A review of progress made in eradication of tuberculosis in Nebraska, since the passage of a law by the Nebraska legislature in 1925 was given before the midwestern states tuberculosis conference here today by Dr. A. H. Francis, inspector in charge of the United States bureau of animal industry, at Lincoln. The voluntary area plan for eradication of tuberculosis was adopted in 1923, Doctor Francis said, and a law on the subject was passed in 1925. "The law under which we are operating now," he said, "provides that after a county was accepted by the department of agriculture as an area for the inspection and testing of cattle for tuberculosis, inspectors had authority to enter and buildings pastures or enclosures where cattle are kept for the purpose of making inspection or tuberculin tests, and any interference therewith was made punishable by a fine of from \$25 to \$100."

"Under this law we have been able to carry our work steadily forward. At the present time, out of ninety-three counties in the state, we have thirty-six under supervision as follows: Sixteen modified accredited areas; thirteen in which work is going forward; four in which work was stopped temporarily on account of a recent decision of the supreme court; three that have petitions completed and are ready to start work. In addition to this, petitions are being circulated in five counties, some of which are practically completed."

ROTARIANS SET SAIL

New York, May 25.—Rotarians from every state and many sections in Canada today attended a farewell luncheon prior to boarding seven liners for Ostend, Belgium, where King Albert will open the eighteenth international convention, June 4.

A church in Chicago has started services for golfers before the Sunday game, which merely goes to show how little some people know of golf.

It is said that the Filipinos wear the tails of their shirts outside. The climate is their excuse. We cannot recommend the practice to Americans even on hot days. Beautiful as is the shirt-tail, it should bloom unseen. To those who will agree to tuck them in, we have a wondrous assortment of shirts to offer, at prices that are soothing in the extreme.

Large Crowd Leaves for Shubert Convent'n

First District Convention Goal of Many From Over the East Part of State.

From Thursday's Daily— This morning the auto loads of the American Legion members from this city were trucking southward to the "Little Paris" at Shubert, down in Richardson county where the first congressional district convention of the American Legion was in session.

Early this morning as day was first streaking the sky, the early risers in the main party of the city were startled with the thought that war had again broken out as Clyde Jackson appeared on the scene attired in the old "D. and rarin" to go, but it developed that Clyde was to be the official color bearer for the Platts-mouth post at the Shubert convention and was on the job bright and early.

Each minute of the morning brought out more and more of the former service men to join the caravan and by noon practically ninety per cent of the local service men were en route to the scene of the district meet. W. R. Holly and C. E. Ledgeway departed among the early delegations as the pathfinder car and blazing the trail for the rest of the party.

The local drum and bugle corps were at the convention and will help make the parade one of the most successful and peppy and the large delegation from here will give Platts-mouth a strong representation. B. A. Rossnerans, the composer of "No-braska" was also accompanying the party and will assist in the presentation of the song at the Shubert meet as the song has been dedicated to the American Legion of the state and has been heard at a great many of the local Legion gatherings and the Platts-mouth bunch will see that the praise of the state are sung with vigor at the convention.

The convention will probably be held in the northern part of the district the next year and the Platts-mouth Legion members would be pleased to have the meet come to Nehawka if the post there wishes to have it and will give their neighboring city all the support that is possible.

Popular Louisville Girl Weds a Murdock Farmer

Miss Pearl Schoeman and August Wendt Married at Lincoln on Wednesday of This Week.

This has been a busy spring for Cupid and wedding bells have been ringing merrily. One of the interesting weddings was that of Miss Pearl Schoeman, youngest daughter of Mr. and Mrs. John G. Schoeman, of Louisville, and August Wendt, of Murdock, who were married at Lincoln, at one of the Evangelical Lutheran churches of that city, the pastor, Rev. Agel officiating.

The bride wore a beautiful and becoming gown of pale green georgette and carried bride's roses. They were attended by Miss Elsie Heil, of Louisville, and Herman Wendt, of Louisville, in the vicinity of South Bend. She is a very sweet and amiable young lady, educated and accomplished and has been prominent in church work and in many social activities.

The groom is the second son of Mr. and Mrs. Wendt, one of the wealthy and prominent families of the vicinity of Murdock. The young couple represent two of our best families in the county, honored and respected by all and they start out on life's journey under the bright auspices attended by the well wishes and congratulations of their host of friends. On account of the rush of spring work, they are not taking a long wedding trip, but expect to have their honeymoon journey at a later time.—Louisville Courier.

LEAGUE BALL GAMES

The games in the Sarpy-Cass county baseball league Sunday will see Platts-mouth pitted against Papillion at the Sarpy county seat, Louisville invading Bellevue and Springfield taking on the Fort Crook soldiers at the Fort diamond. This is the first meeting of Platts-mouth and Papillion this season and if the weather will permit a large number of the fans will probably journey out to witness the battle at Papillion. The invasion of the Sarpy county territory will be watched with interest by the Louisville and Platts-mouth fans as indicating the strength of the various teams are showing on the road.

FICTION BECOMES REALITY

Birmingham, Ala., May 25.—Fiction became reality for Mrs. M. T. Harris, when she discovered today that she had inherited \$3,000,000 from an uncle she had never seen. An advertisement in a local newspaper brought Mrs. Harris the first intimation of the death seven years ago of her uncle, William F. Keyes, a New York real estate operator.

Crop News Turns Board of Trade Into Bull Market

Rains Over Country Boosts Grain to New High Levels; Wheat Opens March.

Chicago, May 28.—Excitement reminiscent of the wild bull markets of 1924 pervaded the Chicago board of trade in a wild session Friday in which nearly every grain future on the floor soared to new high prices for the crop.

Feverish buying, particularly in wheat and corn, culminated near close in a wild flurry that sent July wheat up \$1.50, September corn over the dollar mark and even pulled oats out for a big advance.

Wheat started the upward march and corn swung into line in an old-fashioned bull market in which all opposition was swept aside by excited bulls who vied with frantic shorts in bidding for grain in all pits. Crop news from Canada where more rains were reported, and claims of deterioration southwest where the principal buying incentives at the outset, with unexpectedly strong cables giving the bulls further inspiration in wheat trading.

Corn also showed the effects of the weather reports and went up when rain was reported falling over part of the corn belt and was forecast for other parts while the upward trend was further aided by continued reports of late planting.

Wheat wound up 4 1/2 to 5 1/2 cents higher, May wheat closing at \$1.54 showing the greatest gain. Corn showed an equal gain for the day, September closing at \$1 to \$1.00 1/2 while oats were pulled out of the rut by the other grains and wound up 1 1/2 to 2 1/2 cents higher.

When the grain markets closed prices showed that upward of \$150,000,000 had been added since May 1 to the value of grains left in this country from last year's crops.

BAD STORM AT LINCOLN

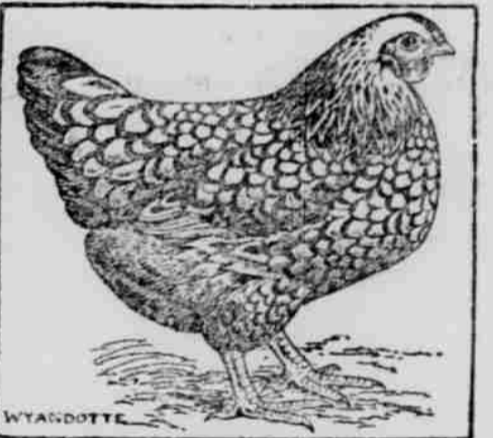

The small rain storm that visited this city and vicinity last night near the midnight hour, reached the proportions of a small tornado at Lin-

coln and Havelock, reports from those two places state.

At Havelock the damage is estimated at \$25,000 including the roof of the Burlington blacksmith shop which was blown off, a garage building completely blown down as well as hundreds of cases of minor damage and windows that were blown out. Many trees in both Havelock and Lincoln were demolished. At Lincoln the damage was largely confined to windows and signs blown down in the business section of the city.

The storm at Platts-mouth was accompanied by some wind but nothing of serious proportions and the rainfall was slight compared with that farther south and which struck the local people en route home from the Legion convention at Shubert.
