- A COMPLETE stock of Genuine Ford Parts and Accessories, making our garage service complete in every respect.
- A COMPLETE line of Standard Products. Yours for good service and reasonable prices.

## SANBORN SERVICE GARAGE

Thomas Leaver was guest at the home of Mr. and Mrs. W. C. Boucher for the day and dinner on last Sunday.

Ralph Coleman, Will Coleman and Alvo Herman and mother were all visiting in Omaha for the day last Sunday.

Mrs. Frank Lappan of Hyannis was visiting with friends in Greenwood during the past week for a number of days.

Mr. and Mrs. Roy Comstock were blessed on last Sunday by a baby girl arrived at their home. All concerned are doing well.

Rex Peters and wife accompanied by Mr. and Mrs. O. E. Chittick of Lincoln were visiting in Omaha on Tuesday afternoon of last week.

L. C. Marvin the genial mail carrier has been beautifying his home by the construction of a trellis for his climbing roses and other vines.

A. E. Pailing was a visitor at Brookfield, North Dakota, for a few days during the past week where he had some business matters to look after.

J. I. Carpenter and the family were visiting for Sunday and Memorial day at Ellis where the parents reside and where they lived before coming to Greenwood.

The Sanborn Service station has installed a new pump for the serving Ethyl gas and this can serve the Ethyl or the White Rose gas as one may desire.

M. E. Peterson was called to Lincoln on last Wednesday to secure parts for some work which the firm was doing and which they did not have in stock.

Messrs. White and Bucknell and the families were spending Memorial day at Stirling, where Mr. W. A. White and family resided before coming to Greenwood.

Charles Bell has secured a two row lister and a two row cultivator for the proper caring of his corn crop getting the same from the Sanborn Implement company.

J. A. Burnett and wife with their daughter, Freda, and Thomas Burnett, all of Lincoln were guests at

the home of Mr. and Mrs. C. E. Calfee for the day on last Sunday.

Dr. Talbot has been having the home refurnished on the interior and has the home not more pleasant and in keeping with their ideas, as they ever keep a most pleasant home.

O. F. Peters has been kept to his bed from Friday of last week with an attack of something like the gripple or flu. He was reported as being somewhat better about the middle of last week.

Mrs. R. A. Owens of Memphis, mother of Mrs. E. F. Smith accompanied by another daughter was spending last Sunday and Memorial day at the home of her daughter in Greenwood.

Urban Rasmussen received a letter from his friend Phillip Reese who is at Savannah, Mo., where he is being treated for a growth on his lip which writes he is getting along nicely with the treatment.

John C. Lomeyer who ever endeavors to remain neutral has been quite ill for the past week and was not able to take a portion of the time, he however is reported to be some better at this time.

Nelson Emelund and his friends were out on last Monday fishing and found the fishing quite good but as he was very generous in disposition he did not bring any of the fish home as he gave them all away.

C. E. Schulte and R. E. Schulte were looking after some business matters in Plattsmouth on Wednesday of last week, they driving over to the county seat to look after some business matters at the court house.

Henry Wilkin was a visitor in Elmwood for the past week and during the time Mrs. Wilkin was looking after the barber shop. Henry was assisting in the painting of his father's, William Wilkin's home in Elmwood.

J. F. Calfee and wife of Lincoln were visiting for a few days at the home of his son, C. E. Calfee, of Greenwood, and on last Wednesday was taken home by Mrs. Calfee and daughter, who also visited in Lincoln for a short time.

Miss Anna Pailing who has been a member of the musical class of one of the very best of musical studios of Lincoln was selected as one who was to assist in the giving of the recital which marked the close of the course last week.

Taking a trip to Omaha and riding on a truck last week, Mr. P. A. Sanborn developed an attack of the gripple and he was only able to look after the business for a number of days following on account of the illness. He is, however, some improved at this time.

Mr. and Mrs. E. M. Jarvine were over to Omaha on Wednesday of the past week, where they went to look after some business matters, relative

to their auto line here, and on their return brought home with them two of the celebrated Whippet coupes of which they are selling many at this time.

A. R. Birdsall and the wife who duct the North side cafe have had a Frigidaire plant installed at their place of business for the caring for the refrigeration of the goods which they carry. This will place them in excellent shape for the caring for all the goods which are served in the summer season.

L. V. Schepler was looking after some business matters in Omaha last Wednesday, driving over in his car for the occasion. The wheat in this portion of the country is reported from that which is fully headed out, to some which is shooting and other which does not show any signs of heading as yet. The wheat is fair and should make a good crop.

While out rounding up a drove of horses last week, Leonard Stradley had a peculiar and painful accident, which put this gentleman out of the hummer for a time. He was driving the horses through the trmer and was riding one horse which ran along by a tree and very close so much so in fact that Leonard was dragged off the horse and bruised quite badly.

Last Friday while driving along the highway near the farm of Arthur Reese, Mrs. George Bucknell, who has two children and Mrs. Thomas Bethel with her, the steering gear of the car went wrong and the car, as cars do, took for the ditch by the roadside, and would not stop until it had been precipitated by the road. All were more or less bruised by the accident but are all getting along nicely now.

Robert Matthews has had in hand the organization of a band for the city of Greenwood and has interested a large number of the musicians in the proposition, and will probably in a short time be able to realize a first class band for Greenwood. This would be a means of advertising the city, and is a move that should enlist the work of the business men and others in putting the matter successfully across. Get behind this matter all who want to see a better and livelier Greenwood.

In charge of the American Legion Memorial day was celebrated at Greenwood, with an address at the Methodist church and a very patriotic program. The subject of the oration which was delivered by a member of the faculty of the state university was on "Preparedness." Following this the graves of the soldier dead were decorated with flowers and an American flag, and then a parade of salute fired over the last resting place of those who paid in full their devotion to their country and to home.

Receiving Much Corn.

During the past two weeks since the price of corn has been advancing there has been much delivered of this cereal, and between the two elevators there has been purchased and delivered or to be delivered soon about fifty thousand bushels of the last year's corn, this making for the crop nearly 175,000 which makes a pretty good representation with a short crop last year.

### ST. JACOB'S OIL

You may make a race track out of the streets hereabouts turn around in the middle of a block, go through the lights, ignore the stop signs and get away from it—but keep away from Plattsmouth.

A friend of Morris Jacobs relates that a few evenings ago this young man was traveling from Omaha to Nebraska City via Plattsmouth, and because he didn't see a stop sign—and it was after 2 in the morning—he just kept going. That is he kept going until a man with a shield called "stop!" Morris stopped, and when the man got up close he saw it wasn't a shield but a badge.

"Where do you think you are, in Omaha?" said the man. "Can't you read that sign?"

"No sir, Yes sir, I didn't see it sir—have four or five of Mr. Davidson's cigars, sir."

Morris finally convinced the badger that he was meek and mild, and as full of guile as a 5-year-old child—so the badger let him go.

Julius, aged 4, "But papa what was Morris doing down there in Plattsmouth at 2 in the morning?"

Father: "He was just returning a 'Maiden Nebraska City' product from a 'Made in Omaha' function.—World-Herald.

### MOISTURE HELPS A LOT

From Friday's Daily—

This morning when the Plattsmouth residents awoke to face leaden skies and a drizzling rain it was sure a grand and glorious feeling. The early spring rains left a large amount of moisture in the soil but this has been soaked deep into the earth and left the surface decidedly dry and very hard for the farmers and gardeners to carry on their work. In the past week need of moisture was much marked and the farmers had begun to see the need soon of rain if there was to be any corn crop or garden in this section.

The average person has the habit of complaining about the weather when it rains they want dry weather and when it is dry they want rain and there you are. However the weather man generally sees that this portion of Nebraska has about the right kind of weather to produce a good crop and help feed the world.

## New Trains to Start on the Burlington Sunday

No. 1, Westbound and No. 10, Eastbound Will Be Restored to Service Starting Sunday.

From Saturday's Daily—

The Burlington is announcing a change in their train service through this territory that will be effective on Sunday, June 5th.

The restoration of westbound train No. 1 and eastbound train No. 10 is made effective in the new time card announced. Train No. 1 from Chicago will stop here at 6:15 a. m. for passengers from points east of Pacific Junction and otherwise will be sent on through this city. Train No. 10 will pass through here at 3 a. m. but will not make this city a stop under the present schedule.

The only time change that will affect this city is that of No. 4, eastbound train which now leaves here at 10:15 and under the new schedule will leave at 10:23 for the east.

### RADICAL IS ARRESTED

New York, June 3.—Armando Borghi said to be a member of the Borghi family of Italy, which has been prominent in radical anti-government activities for many years, was arrested for the immigration authorities tonight.

## Watch Elimination!

Good Health Depends Upon Good Elimination.

RETENTION of bodily waste in the blood is called a "toxic condition." This often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. Thousands have learned to assist their kidneys by drinking plenty of pure water and the occasional use of a stimulant diuretic. 50,000 users give Doan's signed endorsement. Ask your neighbor!

## Improvement of the Roads in Western Cass

Vicinity of Eagle to Have Secondary Roads Fixed Up in the Best of Shape.

Last Friday afternoon County Commissioner Fred Gorder came down from Weeping Water and in company with a party, including the editor of The Beacon, made a trip over the rural roads in the vicinity of Eagle for the purpose of locating the most needed work. The object of the inspection at this time is to have the work done early in the season so it will be well packed before next winter. For many years the policy has been to do road work during the farmers dull season late in the fall, with the result that the roads are left in a miserable condition just when needed most. Mr. Gorder was heartily in favor of a plan to work out a program for early improvement especially of the mail and school routes and readily agreed to lend every assistance possible. It is expected that some of the farmers even at personal expense in busy times, will assist in pulling their neighborhood out of the mud by placing teams and men on the work. All the really needed work cannot be done this year, but Mr. Gorder, after viewing the situation, will know how to handle it to the best advantage. There are several places where small steel bridges will be substituted for present drains, and these drains placed elsewhere. Some grading will be done in the worst places, and the drainage looked after so the water will not stand in the road. He informed us that he would have a crew at work on these places by the 15th of June, and that this program of more substantial work properly distributed, and with the co-operation of adjacent farmers, would in a few years place our roads in fine condition.—Eagle Beacon.

### PLAN MANY IMPROVEMENTS

The owners of Beautiful Arcade Rest, which has been established in this city at the former Walker residence property in the north portion of the city, are planning a number of improvements and changes that will make it a place where the sick and ailing may be cared for with all of the comforts of home and the most restful of surroundings. Mrs. Gertrude Epperson, the matron states. The management of Beautiful Arcade Rest plan, if the response to the efforts they are making is sufficient to have an annex erected at the grounds on North 4th street that will permit the handling of a larger number of patients. The equipment of the Arcade will include electric steam, sun and massage baths, as well as the electric vibration treatments for the patients who may be in need of them.

The pleasant surroundings of the Rest and the careful treatment that will be given the patients should make this place one of the most popular resorts in this section of the state.

In addition to the treatments afforded here the Arcade Rest will also have in connection, a large farm where nervous patients can be cared for and under the most skillful treatment and rest be lured back to health the farm giving ample room for the recreation of the patients and assuring the quiet and rest needed.

This is a fine opportunity for the residents here to encourage the management of Arcade Rest who are getting their institution established and which will fill a long felt want in this locality.

### NEHAWKA HAS ROBBERS

From Saturday's Daily—

Some time during the night Tuesday, \$25.00 was stolen from the Willis Cash Grocery. Mr. Willis had \$48.00 in bills and placed the money in a drawer among other papers during the day. Forgetting about the money, he locked up the store that evening and the next morning the money was gone.

Whoever took the money evidently knew where it was put and was familiar with the store. Entrance was gained to the store by breaking the lock on the cellar door and entering the store from the basement.

This is a fine opportunity for the residents here to encourage the management of Arcade Rest who are getting their institution established and which will fill a long felt want in this locality.

### CLAIMS HE WAS SLAVE

Atlanta, Ga., June 3.—An investigation has been ordered by Governor Clifford Walker of charges reported to have been made by a negro that he was held in peonage for nearly a year and a half on a farm in Oglethorpe county, Georgia, owned by a "Doctor King," and that many other negroes are held on the plantation and watched by armed guards, it was announced today at the governor's office.

It was further charged by the negro, according to reports reaching the executive, that five negro laborers on the farm were slain while he was there. Th Negro, Jams Felton who said he only recently escaped from the farm, was said to have told Va. Fifty other negroes, according to his purported account, were being held forcibly and worked in the fields under the supervision of twenty-five armed guards.

### GOVERNOR PROCLAIMS DAY

Governor Adam McMullen issued a proclamation Friday setting aside June 14, as Flag day. The proclamation follows:

The flag, our star spangled banner was born into the family of nations June 14, 1777, by act of the continental congress. The colonies, fighting for independence from the mother country, could hardly be called a nation in the technical sense, but by final success this embryonic nation dates from the great declaration, almost a year before the adoption of a flag.

What a transformation in that brief span in the life of a nation. The 4,000,000 have grown to 115,000,000. From being among the weakest it has grown to be one of the strongest nations. Its preeminence rests on the fact that the power of the government is in its citizens. The flag proclaims the divine right of liberty to man. Power under the flag cannot be inherited. It must be the free choice of a free people. The flag stands for the inalienable right of the people to be their own rulers. The flag is the symbol of sovereignty, the sign of authority, the guarantee of liberty and justice. It has ever been imagination to the poet, wisdom and eloquence to the statesman, ambition to the student, inspiration to the scholar, hope and happiness to all who labor for home and country. It is dedicated to the peace of righteousness.

Now, therefore, I, Adam McMullen, governor of Nebraska, call upon all the people of the state to do honor to the flag on its one hundred and fiftieth birthday. Let it be displayed in all public buildings, on the streets of our cities and at the home of our citizens. Children should be told its history and taught to love the flag as the emblem of our liberties.

Done at Lincoln, the capital, this 3d day of June, 1927.

ADAM McMULLEN,  
Governor.

### REVIEWS THE FLEET

Washington, June 3.—President Coolidge left Washington today on board the Mayflower for Hampton Roads, where tomorrow he will review for the first time the United States fleet, 98 vessels strong.

Moving in single and double columns down Thimble Shoals channel, the combined scouting and battle fleet will pass the Mayflower, turn Cape Henry and steam out to sea the battle fleet returning to the Pacific coast via the Panama canal and the scouting fleet going to Naragansett bay for the summer.
