## Flag Day One That Should be Fully Observed

Tuesday, June 14th, will be Birthday of Stars and Stripes—Program Being Arranged.

From Monday's Daily—  
There is one occasion in the history of our country that is little heeded or properly observed and this is the anniversary of the adoption of the present design of the flag and too many pass by the significant occasion of the birthday of Old Glory as a mere matter of course. This anniversary one week from Tuesday, on June 14th, is a noteworthy one, and this year will be given a little more than passing notice in this community.

The Daughters of the American Revolution, who have been most active in building up a more patriotic spirit and in preserving the history and incidents of early American life, through the local Fontenelle chapter, are planning to make this flag day an occasion of patriotic honor.

When the colonies rebelled against the English government, the various sections of the colonies each bore separate flags to designate them, which served well the purpose they were intended for, the rattlesnake flag of the Carolinas and the pine tree flag of the New England states with the varied adaptations of the English flag used in different sections of the colonies. When the purpose of the revolution became fixed and the forming of a new nation was under way, it was necessary to have a banner distinctly American and for this purpose a committee was appointed from the Continental congress to select a design for a flag and to aid them they secured, so popular history tells us, the services of Mrs. Betsy Ross, who made the first flag for the committee, which was adopted, and which, with a few minor exceptions, is the same as the present National emblem they being the rearrangement of the stars in the field of blue. At the present time these stars represent the different states in the union, being 48 in number.

The D. A. R. are planning to have an observance of flag day here on Tuesday, June 14th, at 7:30 a. m., a short program being given at the field park on this occasion and which should be attended by all who can be present to pay honor to Old Glory. The Burlington shop whistle will sound at this hour and the flags in various parts of the city will be unfurled at the same time, if possible.

## COLORED BOY GOES HOME

From Monday's Daily—  
This morning Albert Hall, who has been an enforced guest here for the past thirty days of Sheriff Bert Reed, was released and returned to his home at Greenwood where he has been engaged as a brick mason helper for a period of several years. The young man got himself in trouble when he accepted an invitation to ride from Omaha to Greenwood with a stranger who claimed to reside in the south part of the state. They had hardly got on their way when the stranger produced a bottle of wicked and potent white mulie and they drank a portion and became so lit up that the other man to get out of the car and the stranger successfully navigated the car and led to the smashup at Greenwood and the arrest of the parties. Hall, in answer to the tearful story of his companion took the ownership of the hootch on himself and accepted the jail sentence to allow the other man to get out with a fine and be able to resume his business and after his very generous deed he has not heard a word from the man that he befriended and saved from jail.

Mr. Bajcek has just purchased a fine new nimbata that is a beauty and will be heard in special solo numbers at the entertainments given at Sedalia during the coming season. Mr. Bajcek is also a member of the Missouri Pacific band at that place.

## Pappio Drops a Fast Game to Local Team

Platters Take Revenge on Visitors by Score of 5 to 1—Show Real Stuff.

From Monday's Daily—  
Yesterday afternoon the fans and fanatics who assembled at the handsome baseball park that Carl Kunsman has just finished laboring with, were treated to a real exhibition of the national pastime on the part of the Platters and not so good a demonstration by Jimmy Bartholomew and his crew, as when the final blow was struck, the record showed that Plattsmouth had crossed the plate five times while but one lonely dweller from the Pappio had been able to exercise his dogs over the old home place.

By his performance yesterday afternoon, Swanson, local hurler, won a place in the hall of fame with other noted Scandinavians including the popular Flying Lindbergh, as he had the visitors on his list at all stages of the game and after the opening stanzas of the game made the totem look humbled.

Locally the game was what Eleanor Glyn would call a "sweet game," with everybody taking a little of the honor and some good fielding adding to the measure of the struggle. In this part of the game Joe McCarthy in the center garden stepped into the spotlight by grabbing off four long drives in his territory, one a sensational one handed grab of King's bingle that robbed that worthy of an otherwise safe hit. The fans also had an opportunity of seeing W. T. Distell, new find of the locals in action at the red hot corner of the diamond and in this place and in his general playing Distell demonstrated that making refrigerator cars is just a side issue with him and that he had a lot of real baseball dope stored away in his home that he can use, and which will be a great asset to the locals as the season advances. A perfect fielding record and one hit marked his first day in the ranks of the Platters.

In the opening of the game things looked not so good for the locals as Pappio seemed to be determined to defeat us right at home and their work in the initial stanza set wild their frenzied fans who accompanied the team here. Margaret, youthful second sacker of the Pappio gang, took kindly to the offerings of Swanson and placed one through second, advancing on the sacrifice of Siebold and scoring when Ruff singled to center, but the locals tightened and stopped any further demonstration on the part of the visitors.

Just to show that they were out to hang the Jinx on the Pappio tribe, the Platters also started to go places and do things in the last of the first inning. George Reichart, our clever second sacker, warmed up one of Jimmy's offerings and gave the ball a ride for two bases to the right field and when Pete Herold poked a safe one to left field, George registered, but further scoring was stopped as Art Klauschie was whiffed, while Spidell secured a safe hit, but Herold was tagged trying to pilfer second, while Distell was put out on a foul at third base.

Again in the third inning, there was an offensive on the part of the locals, in which they were assisted by their foemen with two bad errors. Herold opened, but was nipped by a fast catch by Ruff at third. Klauschie planted a hot one to Ruff at third which Blondie kindly mended up and allowed Art to reach first and later pilfer second. Spidell was whiffed and then the fireworks started, with Distell driving a hard grounder at short that Machies booted. Distell later stole second and while the excited Pappio gang was attempting to place the KO on him, Art came home with the needed run to give the locals a lead.

In the sixth once more the old scoring machine got busy after Mason and McCarthy had retired, when Hans Newman celebrated his return to the staff of hitters by lacing out a clean hit over second and later watching the second base from the watchful eye of King, scoring from there when Swanson happened one to right field.

The seventh inning furnished a lot of fun for the fans, exercise for the local players and a great deal of trouble for the boys from way up north when the Pappio gang became thoroughly disorganized and allowed two more runs to be chalked up against them. Jimmy Bartholomew was in a generous mood and hit Pete Herold, adding to Pete's many wounds, but was able to fool Art Klauschie and strike him out. Spidell then hit a slow grounder and started for first base, falling down and allowed two more runs to be chalked up against them.
