Mr. Klauschie, who was former catcher of the local team of the Sarpy-Cass county league, was taken to the spring training camp at Laredo, Teras, by the Des Moines team of the Western league and his work at the training camp attracted the attention of the Laredo management of the valley league who secured his services and with whom he has been playing for the past several months. Owing to the humid climate of that section of the country Mr. Klauschie has decided that he prefers his native surroundings in the north and has returned to his home at Omaha and has not fully decided on his playing plans for the remainder of the season

#### THE POWER OF PUBLICITY

There are narrow-minded individals who claim that the cost of publicity is not a legitimate expense of public service corporations. Publicity which encourages the widest use of an article is the most potent influence to reduce the expense of that article to the consuming public. Without publicity, the demand for an article becomes universal and the cost of production drops to a minimum.

That is why Americans enjoy the best public utility service in the world-utility companies are consistent users of advertising space. They have acquainted the people with every phase of their business and shown them the advantages of using electricity, gas, the telephone and street railway service. Their success is an outstanding example of the fact that advertising does pay when applied to an article or service of merit.
