In order to save gas on the mail route, Lacey McDonald has had installed on his car a Kingston vaporator, which he finds is saving him much on his fuel bill. The work which Mr. McDonald is doing, which comprises about the same amount of work each day, will afford him an excellent opportunity to know how much this addition to the car will save.

There were in the party, Mr. and Mrs. Henry Detwater and Mr. and Mrs. Con Super and daughter, one of the party a daughter of Mr. Shatto. Mrs. Rush was very badly bruised in the fall. She was fortunate in that she did not sustain any broken bones. WEDDING NEAR LOUISVILLE
On Sunday morning at the Rev. Theodore Hartman, pastor of the Evangelical Lutheran church just west of Louisville, closed his regular morning worship hour, he was called upon to officiate at the marriage of his daughter, Miss Lulu Helen, to Dr. Walter J. Baumgartner of Murdock. This is the fourth daughter of the Hartman family to be married at this pretty and attractive church and in each case the father has had the privilege of reading the wedding lines for the ceremony. Participating in the ceremonies as organist has been Prof. Otto Hartman of Arlington, brother of the brides and on Sunday as the bridal party reached the church he sounded the bridal chorus from "Lohengrin" and as the recessional played the popular and well loved Mendelssohn march.

The bride wore a frock of embroidered rose tan flat crepe and with hat to match, and carrying the beautiful Ophelia roses. She was attended as bridesmaid by Miss Eldegarde Baumgartner, sister of the groom, who wore a very charming gown of orchid crepe with hat to match and carrying pink roses. Ted Hartman, brother of the bride was the best man. Little Miss Suzanne Van Hize of Manestee, Michigan, cousin of the groom was the flower girl, and carried a basket of pink roses. She was dressed in a pink embroidered voile with pink streamers.

After the wedding ceremony a dinner was served in the parlors of the church which were arranged in a very pretty color scheme of pink and white. One of the features of the wedding luncheon was the large bride's cake that had been prepared by the mother of the bride. Only the intimate relatives, some thirty in number were guests at the wedding luncheon. The luncheon was served by four of the young ladies of the church congregation, Misses Pauline and Hilda Vogler, and Amanda and Lella Stollmann.

The bride has been one of the efficient teachers in the Louisville schools and is very popular with a large circle of friends in her home community. The groom is a graduate of the University of Nebraska in the school of dentistry and is a son of Mr. and Mrs. Conrad Baumgartner of near Murdock.

of Commerce, being quoted as follows: Business is getting better—Better every day! And it will continue to better. The better we learn to say That business is getting better, Better every day! And it will continue to better. The better we learn to say That business is getting better, Better every day!

P. S.—Understand he was still chanting this "Consent" after all the rest had been chanted to sleep. Perhaps optimism is so much a part of his pepp makeup, he chants it in his sleep.

Yesterday afternoon had a called from Superior, Nebraska—Mr. Frank Dowd, experienced in the co-operative creamery game, and had a long talk about the creamery proposition in the state. Mr. Dowd said, "Plattsmouth offers an ideal location for a farmers' co-operative creamery—plenty of cream, and no close competitors. The creamery game is past the experimental stage, and no reason why one at Plattsmouth would not be a success. It will stimulate the dairy business and be a source of steady profit and income to the shareholders." He further stated: "You have here something that seems to be natural to your vicinity—sweet clover—the greatest asset in the dairy game possible."

Let's do some optimistic chanting ourselves. Anything I despair is a "gloom-bugger"—he's a dried up mummy trying to flirt with life, and can't see a thing.

W. G. DAVIS,
Secretary.

P. S.—Forgot to say that yesterday's trip was due to the kindness of our peppy telephone manager Mr. Lahr, and his Pullman on tires"—W.G.

Mrs. Anella Wynn was among the visitors in Omaha today where she was called by the illness to her aunt in that city.

Enjoys Fine Trip to City of Weeping Water
Secretary of Chamber of Commerce Enjoys Visit to Our Neighboring City Yesterday.

Yesterday visited Cass county's fair city—Weeping Water. Had a splendid visit with the various merchants. Mr. Seely, editor of the Republican, showed me the new linotype machine just installed in his up-to-date print shop. . . . Found our Missouri river bridge booster, Troy Davis, in a pair of overalls, helping to install a fine new window or store front in one of the business blocks. . . . Had real gosh-to-goodness crispy-crust homemade cherry pie and ice cream and cake (Sunshine cake, if you please) at the Cozy cafe. . . . Mr. Seely and a bunch of Weeping Water citizens were planning on coming over to hear Holly's band last night. It looked progressive to see their band-stand on the main street, with a big sign on it "Band concerts every Thursday evening"—and, upon inquiry they stated that meant up into all. . . . Called on both banks, and noticed a slogan in the Nebraska State Bank reading as follows: "To a good citizen, there is no such thing as a poor town." We might add that a good citizen "rustles his bustle" to make a poor town a good one while not admitting to any one his town could be better.

Yesterday's ride was one round of joy and inspiration. "Nebraska, the beautiful" is too weak—it should be "Nebraska, the superb" or "Nebraska, glorious and supreme!"

The wheat fields only lacked the spray and foam to be tossing oceans of water. The corn is coming along in booming shape—so "Go dry those tears and calm that lone and beating heart"—and boost, yourself, until you are black in the face.

From a squib in the World Herald this forenoon we note Clarke G. Powell, commissioner Omaha Chamber

Save Your Grain!

There is no better binder made than the "Minnesota." It will stand any competitive test for quality, workmanship or performance in the field. If sold at the same price as other makes, it would be giving the farmer at least as much, if not more for his money. But it is sold for less money—that is why so many farmers are replacing old binders by MINNESOTAS.
