Band Concert Draws Hundreds Last Evening

Harold Harmon of Weeping Water Serves as Soloist for the Eagles Band at Concert.

From Thursday's Daily—
Those who had doubts of the popularity of the band concerts as a summer entertainment feature, had their doubt dispelled when they viewed the large number that assembled last evening to hear the weekly offering of the Eagles band under the direction of W. R. Holly, at the court house lawn.

The seats were filled to overflowing, hundreds being seated in the vicinity of the court house and large numbers were standing to enjoy the offering of this splendid musical organization.

The band offered some of the most alluring of the popular standard numbers including the tunefully melody from "Superba" as well as the medley overture, "War Songs of the Boys in Blue" that made distinct hits, while the beautiful Spanish serenade, "La Paloma" was also featured on the program of the evening.

One of the features of the concert that was appreciated to the fullest extent was the vocal number given by Harold Harmon of Weeping Water. "In the Garden of Tomorrow," the talented singer having an exceptionally fine voice and his rendition of the song was a treat that everyone enjoyed and trust that this vocalist will be here more often as a feature of the concerts.

The Wednesday evening concerts have proven most delightful events for the residents of this part of Cass county and with the splendid roads that are now available many have come here from distant points to enjoy the treat of the evening of music.

Last night after the close of the concert many motored down to the ferry where the "John Heckman" was tied up and enjoyed the remainder of the evening in the excursion down the Missouri river and back again and the dance that was a feature of the river trip and for which the Teten orchestra of Nebraska City played.

As the result of the visitation there are several bottles of beer added to the collection in the vault of County Attorney Kieck and Mr. Wright is in jail. A complaint was filed by the county attorney charging Mr. Wright with possession and to which he entered a plea of not guilty and the bond was fixed at \$1,000 and the prisoner returned to the custody of the sheriff. A DANDY OLD RAIN

From Friday's Daily—
Last night the banking clouds in the west gave hope to the residents of this section who have suffered in the intense heat of the last four days, that relief was at hand and which came in the form of a real life giving shower. The rain came on gently about 11 o'clock and without any wind or severe electrical disturbance that might have been expected with the very hot weather that has prevailed. There was thirty-fifth of one hundredth of an inch of water fell in the various showers that came on in rapid succession and which is reported all over the county and the farmers and the residents in the towns have a great deal brighter view of things today than they did yesterday. With the hot corn weather tempered and aided by a few of these rains it will mean another great corn crop on top of our wheat crop.

Officers are on Alert for Car of Kansas Robbers

Report That Robbers Are Headed This Way Causes Poses to Be Out to Watch Highways.

From Friday's Daily—
The members of the sheriff's office and city police were on the alert here all morning for the robbers that on Thursday afternoon held up and robbed the Kaw Valley National bank of North Topeka, Kansas, of \$14,000. The robbers made their escape in an automobile and sped away before the bank officials could give the alarm and by the time the authorities could get forces out on the highway in pursuit the robbers had gained a good start. It was reported that Sheriff Bert Reed, Deputy Rex Young and Officers Libershal and Pickrel were on the alert and had organized assistance out to watch the highways near here, but without success.

Several towns reported seeing the bandit car and it was thought that they were feeling on farther north and the alarm was sent to towns along the main highways in eastern Nebraska and western Kansas. The Woodmen would have men on the highway and the sheriff's office would have men on the highway and the sheriff's office would have men on the highway and the sheriff's office would have men on the highway.

The Athletic baseball club and the Modern Athletic team had a short matinee performance of the great national pastime at the baseball park east of the city late yesterday afternoon, the curtain going up at 6:15 and for the result could have descended in the next inning as the Athletics made sad havoc with their foes and garnered the game 24 to 4.

For the Woodmen Hulzer ascended the hill in the opening stanza and toiled hard against the Athletics but was not able to go far as the hard hitting aggregation of the Athletics hammered the ball at will and in the opening stanza brought in five runs. Grover Alexander Schlieske, who has played with the first team here on frequent occasions, was on the hill for the Athletics and while his offering was not exceptional, it was good and sufficient to hold his foes.

In the opening portion of the game the Woodmen would have men on the bases but poor punning on the sacks caused several chances to score being nipped off by the more resourceful Athletics.

Roland Thomas ascended the hill for the M. W. A. after the fourth inning and after suffering a few green deal from errors and wild fielding by his team mates.

The M. W. A. team however is promising a reversal of form on Friday evening at 6:15 when they will again try it out with the Athletics and will try out and put their stuff over on the foes.

Authorities Journey Down to Nehawka

Called to Settle Squabble Arising There and Remove Cause of the Disturbance.

From Saturday's Daily—
The call came this morning from the vicinity of Nehawka for the county representatives of the law to hasten down to that usually peaceful little city and straighten out a domestic triangle or some other kind of an angle that had arisen.

It was found on arrival there that a disturbance had arisen between a lady who had been making her home in that locality for some time and the parties at whose place she was residing. The battle had been a verbal one only but had occasioned so much feeling that parties had called the law.

County Attorney Kieck, who possesses the diplomacy of Secretary Kellogg was the head of the law party and was assisted by Deputy Sheriff Rex Young and they were able to induce the lady, who had come to the town of Nebraska from the driving town of which Big Bill Thompson is mayor, to leave Nehawka and return to Chicago. The lady was brought up by the officers so that she might catch a train out of our through line terminals and with her departure the status quo seems to have been restored in the community.

The party on their return resembled a small freight train as there were many articles and keepsakes that the lady desired to transport and large and small grips as well as bird cages and musical instruments comprised the load that filled the car of the deputy to the limit.

The trouble happened at the right time as the lady was able to take advantage of the excursion rates east and doubtless on the trip there will be music and so on as the birds and mandolin get into action on the train and cheer the wearied travelers who are taking advantage of the low rates to go east and see the Cubs play ball.

The outcome of the affair was very pleasing to the authorities and all involved and everything is lovely now and the clouds of trouble rolled away.

WHAT'S IN A NAME

From Saturday's Daily—
The question of "What's In a Name" was a query we believe by Syd Walter Rawleigh or perhaps Lydia Pinkham, but anyway one of our prominent residents is asking himself the same question.

It seems that this well known young man who is also an abstractor as a side line, had gone to Omaha yesterday and was induced despite his protests to go out to the tracks where King Ak's horses are now doing their stuff in the summer races.

Now the young man paid little heed to his companions, many of them being hardened race track devotees and who have been known sometimes to pick a winner—deciding in his own mind that he would play "hunches" and right away the hunch came to place on "Rapidan" seemingly named after the pretty little stream that flows down in Ole Virginia, but say—the stream is a raging torrent compared with the horse—so Bob says. The race was on and after the first lap Rapidan was not to be seen and when the horses dashed under the tape, the horse of which the hopes and fears, mostly fears, of our friend was placed, failed to show up. Horses came and went but "Rapidan" did not appear until after all others had cantered over the finish, as the horse that bore one of the proudest names in Virginia finished 150 lengths behind the field in the race. Bob says you cannot make a ten year old step in the two and four year old class.
