**Water Company Wins Decision in City Litigation**

In Suit With City Over Water Rates Increase the Company Secured a Decision.

From Wednesday's Daily—  
The long pending decision in the case of the Plattsmouth Water Co. vs. the City of Plattsmouth, was made public today by the United States court at Omaha and where the court finds generally for the water company and against the city.  
The water company had contended for a physical valuation of \$256,000 on their plant while the city valuation engineers had set an estimate of \$207,000 on the plant. The court in its decision places the physical valuation at \$220,000.  
The exact amount of rate increase to the consumer has not been estimated by the local representatives of the water company. Under the court decision the company will be entitled to receive a certain per cent of return on their investment and on this basis the increase in rates will be based. Recommendations of the court as to the rate making valuation have not been thoroughly gone into by the representatives of the company, but it is hoped that by tomorrow or Friday the company will be in a position to definitely give some facts as to the exact amount of the raise that will be required of the consumers.  
The case has been pending for the past year and several days were required in hearing the case at Omaha before a special matter whose findings were transmitted to Judge J. W. Woodruff for his consideration and on which the court decision was based.

**Dismiss Appeal in Thimgan Will Case in High Ct.**

Through Lack of Jurisdiction the Supreme Court Dismisses the Appeal.

From Wednesday's Daily—  
The appeal filed in the supreme court by the contestants of the estate of Sarah Thimgan, deceased, was dismissed yesterday in the supreme court at Lincoln, the case having been appealed from the district court of Cass county.  
The appeal was dismissed on the grounds of the lack of jurisdiction of the supreme court as the transcript failed to contain the judgment of the district court and which the court held was a matter that denied their jurisdiction in the reviewing of the case.  
This case was one in which two of the children of the deceased, Edward and Matthew Thimgan contested the probating of the will of their mother, alleging incapacity as to the testator to make the will and undue influence exercised by beneficiaries of the will over the deceased.  
The will was offered for probate in the court and allowed and later was appealed to the district court for a jury trial and where judgment was given for the proponents and the will allowed to stand.  
The case was then appealed and has been pending in the supreme court for some time.

**Funeral Services Held for Searson**

Prominent Educator, Formerly of University of Nebraska, Buried at Lincoln Sunday

Funeral services for James W. Searson, who died in Boston Thursday, were held at the St. Paul Methodist church at Lincoln, at 4:30 p. m. Sunday. Rev. Walter Aitken delivered the eulogy to an audience which completely filled the church's auditorium.  
The casket was open from 3 o'clock until 4:30, and a steady stream of people filed past it until the services began.  
In speaking of Professor Searson, who was a prominent educator in Nebraska and Kansas and an author of many textbooks, Rev. Mr. Aitken said in part: "His was a noble life from first to last. He saw and followed the light that many men do not see, or see, or follow. He was a friend to the friendless and was behind every good cause. He was tender hearted, generous and thoughtful, and he lived a life of service to man and God."

As a prelude to the services, an organ solo, Chopin's funeral march was played by H. L. Kirkpatrick, and Ed Boehmer, accompanied by Mr. Kirkpatrick, sang Buck's "Crossing the Bar," as an interlude. The closing number was "Amen's Death," by Grieg, played by Mr. Kirkpatrick.  
The floral offerings were among the most beautiful ever seen at the church. More than 200 persons attended which were in charge of Rev. Mr. Aitken.  
The pall bearers were: Harry L. Carpenter, B. E. Dill, William Delzell, Adrian Newens, Prof. E. L. Holton and N. W. Davis.

**AGED LADY POORLY**

Mrs. William Puls, Sr., one of the old and loved residents of Murray and vicinity, is very ill at the family home in Murray, suffering from an attack of pneumonia with which she was stricken late Friday evening. Mrs. Puls had been apparently in the best of health and was feeling well pleased that all of the children had been gathered at her home in the last week, the son, L. H. Puls, of Colorado, and her youngest daughter, Mrs. Laura Ringwood of Minneapolis, having been there with the other children who reside in the vicinity of Plattsmouth and Murray. The daughter had left for her home in Minneapolis and several hours later the mother was taken ill with what developed into a serious case of pneumonia. The patient has since been under the care of Dr. G. H. Gilmore and Dr. T. P. Livingston and is in quite serious shape. The daughter at Minneapolis was notified and is expected today to be at the bedside of the mother. Mrs. Puls will be 80 years old in September and her host of friends over the county, who have known and loved her through the many years are hopeful that her condition may show improvement in the next few hours. Councillman W. H. Puls of this city and his wife have been at Murray the greater part of the time assisting the other members of the family in the care of the aged mother.

**4-H Club Members to Camp**

Practically every member of a Nebraska boys and girls 4-H club will have a chance in the next six weeks to attend a summer club camp within driving distance of home. The first camps are starting this week. Two camps will be held each week under the direction of county extension agents and state extension agents of the state club office. Cots will be furnished, boys and girls will bring their own bedding and dishes. Eats will be prepared at or near each camp. A part of the time will be spent in outdoor classes about club work getting exhibits ready for the fairs, planning demonstrations and judging contests. The rest of the time is to be playtime for the boys and girls. Every camp will have a swimming pool close by and a place to play ball and other games. News reporters will be urged to "write it up" for their papers at the camp or immediately after they return home.
