

Greenwood Department!

Prepared in the Interest of the People of Greenwood and Surrounding Vicinity

Grant Peters was looking after dragging the roads for John Stradley while John could not work.

Frank Bauer and sister, Anna, of Union, were guests at the home of Mr. and Mrs. Harold Nichols for the week end.

W. A. Allen is getting the work done nicely at the Munny house and will soon have that structure entirely completed.

Harry Leesley was taking a little time off from his other occupations and building a porch at the home of his mother, Mrs. Dora Leesley, last week.

Mrs. Annie Nechal, who has been visiting at the home of relatives at Fairmont for some time past, returned home last week after having enjoyed a very pleasant visit.

Miss Nellie Landon, who has been visiting here for some weeks with relatives, and who enjoyed the time here very much, departed for her home at Alliance on Thursday.

J. H. Vick and wife, and Dr. Louis E. Moon, all of Omaha, were visiting in Greenwood on last Monday, they being guests at the home of Mr. and Mrs. P. A. Sanborn for a six o'clock dinner.

E. L. James, of Omaha, was a visitor for a number of days last week at the home of Mr. and Mrs. O. F. Peters. He was accompanied by the wife, who is a daughter of Mr. and Mrs. Peters.

John C. Lomeyer has gotten into the field with his two threshing outfits, one manned by himself, while the other is being looked after by Arthur Stewart. They are both doing good work.

Gust Sorman and Neils Anderson, two of the hustling carpenters of Greenwood were over to Murdock last week, where they were engaged in the construction of a house on the farm of Gust Wendt.

A large crowd of the members of the L. O. F. encampment were over to Ashland on last Thursday evening, where they enjoyed the ceremonies of installation of the officers and also the banquet which followed.

At the meeting on last Monday evening of the school board the organization of the new board was perfected by the election of L. C. Marvin as the president of the board and John Skilling as the secretary.

Rex Peters and the good wife were spending last Sunday at the home of Mr. and Mrs. Byres Lewis, of Falls City, where they drove in their car for the occasion. Mr. Peters and Mrs. Lewis are brother and sister.

Business called E. M. Jardine to Lincoln on last Wednesday afternoon, he making the trip via the wonderful car which he sells, the Whippet, and which made excellent time, as well as carrying him in perfect safety.

While engaged in his morning exercise, hauling ice, E. F. Smith had the misfortune to get one of his thumbs between two cakes of ice, and—no, it did not freeze the thumb—it only mashed it, and that was bad enough.

Mrs. E. A. Landon and Miss Nellie Landon, the latter of Alliance, who has been visiting here for some weeks, were in Lincoln for the day on last Tuesday and also visited at the home of Mr. and Mrs. E. E. Buck on Monday of last week.

Emmitt Landon reports the reception of new wheat for the first day as coming from three machines and sold by Winnie Bell, Meyer Brothers and Joseph Kyles, and as making an average of from 20 to 30 bushels to the acre. The wheat was all of excellent quality.

Judge W. E. Newkirk was feeling pretty good, thank you, when he answered the telephone last Tuesday evening to learn that he had been blessed by a grandson, whom the Judge hoped would be called William Newkirk Lee, and whom he and the young man's grandmother were over to Omaha to visit last Sunday.

Judge W. E. Hand, who has been in the northwest for some time, called there by the illness of Mrs. Hand's parents, Mr. and Mrs. L. S. Griffith, left them feeling much better than when he arrived. They are on the way to complete recovery the judge thinks. Judge Hand says crops in that portion of the state are excellent and prospects look good for a bumper crop.

At the installation of the officers of Greenwood lodge of the I. O. O. F., which occurred on last Monday, there was a fine time had by all in attendance there being a large delegation from Louisville, and with an excellent feed during the evening. There were fifty in attendance, the installation being a joint affair and comprising officers of the Greenwood and Louisville lodges.

George Bucknell and the good wife were out to Grand Island on last Thursday, they driving overland in their car, where they went to look after some business, as well as to

visit. Mr. Bucknell tells of the country looking fine and the wheat harvest all over and threshing in full blast. George said that at one place he saw seven threshing machines going at the same time.

Joy in all Measure
That is just what it was—and still is—when the stork brought a pair of very fine Americans to the home of Mr. and Mrs. John Stradley—a fine little daughter and also a lusty bouncing boy. All doing well but the father, who had to have some one take out his road maintainer for a day or two until he became accustomed to the new relatives.

Play Good Ball
At the game which was played in Greenwood last Sunday, and in which the team of this place, and that of Lincoln known as the Modern Woodmen of America, were the contestants, the Greenwood fans were greatly entertained by the exhibition of our national pastime, and especially because of the easy way in which the local team trimmed the boys from the big city. The M. W. A. team has a great reputation of being a fast bunch of lads, still in the contest the Greenwood team was able to accumulate some 15 runs to an absolute shutout for the visitors. Some particular attention was given to Jim Bright, who popped into popularity with two homers, two two-baggers and a single. Pretty good, my lad, just keep it up and you will pave the way into the big leagues in a short time.

Will Give Concerts
The Greenwood band, which is a credit to the efforts of Robert A. E. Landon, who is organizing and sponsoring by the business men of Greenwood and instructed by the teacher, Mr. Jack Kulik, is now about in readiness for the giving of their first public concert, which will be given on the streets of Greenwood on Saturday night, July 23rd. All lovers of music come out and enjoy this concert and boost for the boys and the home town.

Done Good Business
The auditor of the Farmers Union Grain company, of Greenwood, was in town recently and audited the books of the elevator company, with the result that it was ascertained that the institution was under very capable management in the hands of Mr. A. E. Landon, who is conducting the past six months transpiring since their last audit, done an excellent business, and the books showed a nice profit to the institution in which the stockholders will share.

Will Visit Here Soon
Glen Peters, of Scottsbluff, where he is employed in a bank, expected to come home on a visit, but as the other clerk in the bank was let out, Glen could not get away and will have to wait now until a later date, as he is kept pretty busy with the work, which he is liking very well.

Did Good Fire Work
During the recent dry spell, before the coming of the rain, the lawns became very dry and fire in some way got started on the lawn of Mr. Sam Aarons and was about to attack the house, when the alarm was sent in by Mrs. Aarons and the city fire department with all its trappings and the wagon, was soon there to stop the fire and prevent its spreading further. Their haste was even discounted by Mrs. Carl Weideman, who with a garden hose which she snatched from its resting place, where it had been left after watering the garden, soon had the fire out. However, the boys did good in getting to the scene as rapidly as they did.

Ladies' Felt Hat Lost
Lost: Ladies' black and white felt hat, east of Greenwood, on Monday evening, July 11. Finder please notify Marion Ossenkop, Louisville, Nebr., and receive reward.

Enjoy Family Reunion
Sunday, July 10th, at 5203 Holdrege street, Lincoln, was held the second reunion of the Mefford family. Luncheon was served cafeteria style at 12 o'clock, followed by generous helpings of ice cream and cake.

The afternoon was spent in reviewing other happy days. Pictures were taken of the gathering, which numbered forty-two. Four Chapin children, Jessie, Mae, Roy and Tacie, children of Theresa (Mefford) Chapin, were in attendance, being together for the first time in several years. Lila Bauers, granddaughter of John Mefford, celebrated her 4th birthday on this day.

Those present were G. H. Mefford, E. P. Mefford, Mr. and Mrs. C. L. Hanson and sons, Clark and Niel, of Lincoln; Jessie Chapin, wife and daughters, Selma, Esther, Ruth and Maxine, of Omaha; Mr. and Mrs. Walter Laughlin, son Vernon, Geneva, Tacie, Ellsworth and Lynn Mefford, Ashland; Mr. and Mrs. Roy Chapin, daughters, Goldie, Sylvia, Pauline and Vilda and sons, Hubert and Forest, of Havelock; John Mefford, daughters, Lillie, Louisa and Gladys, and grandson, Edwin Kirk, Mr. and Mrs. Albert Bauers, daughter, Lucille and Lila and son Melvin, Mrs. Lela Rung and sons, Farrell and Dale, and Mrs. Maggie Hanson, of Greenwood.

The day was one that will long be pleasantly remembered by those who were present and enjoyed the fine time provided.

—One Who Was There.

Hanson and sons, Clark and Niel, of Lincoln; Jessie Chapin, wife and daughters, Selma, Esther, Ruth and Maxine, of Omaha; Mr. and Mrs. Walter Laughlin, son Vernon, Geneva, Tacie, Ellsworth and Lynn Mefford, Ashland; Mr. and Mrs. Roy Chapin, daughters, Goldie, Sylvia, Pauline and Vilda and sons, Hubert and Forest, of Havelock; John Mefford, daughters, Lillie, Louisa and Gladys, and grandson, Edwin Kirk, Mr. and Mrs. Albert Bauers, daughter, Lucille and Lila and son Melvin, Mrs. Lela Rung and sons, Farrell and Dale, and Mrs. Maggie Hanson, of Greenwood.

Wheat Market is Favorable for U. S. Farmers

Spring Crop Will Be Nearly Seventy Million Bushels Larger Than Last Year Reports States.

Washington, July 15.—A wheat market situation as favorable for farmers this season as it was a year ago is foreseen by the Department of Agriculture despite the forecast of a larger production this year and the increase in stocks on hand July 1.

The United States was placed upon an export basis for practically all classes of wheat by last year's good harvest, the department said Thursday. Canada, Argentina and Australia also had large surpluses and world shipments were the largest on record. Europe's continued active demand readily absorbed these heavy shipments at relatively steady prices. While world shipments have decreased recently, the delayed crops in Europe, together with limited stocks, will make it necessary to import considerably more wheat before new crops are available.

Allowing for a prospective United States carryover of around 85,000,000 bushels, it continued, and for carryovers in other large exporting countries equal to last season, stocks of old wheat remaining for export in these countries and on the ocean July 1 were about 60,000,000 bushels greater than on July 1 last year.

The domestic winter wheat crop, the review said, will be nearly 50,000,000 bushels below last year's but the spring wheat crop will be nearly 70,000,000 bushels larger. Increases in European and North American crops were indicated but these increases, however, were said not to be great enough to make up 85,000,000 bushels in Canada and for prospective decreases in the southern hemisphere.

FIRE A SERIOUS DISEASE

The fact that the United States annually builds with more than half a billion dollars' worth of property a funeral pyre on which are sacrificed 12,000 of its citizens, should force us to recognize that prevention of such terrible waste of life and property is one of the major problems of the country.

After unlocking vast stores of wealth by our methods of efficiency in industry and business, it is worse than mockery to permit carelessness to turn in and destroy not only a substantial part of this wealth, but also thousands of priceless lives along with it.

Irving T. Bush, of New York, declares that the country should put fires in the class of preventable diseases; as, for instance, yellow fever. Medical research and skill finally located the cause of that plague and stamped it out. Skilled fire prevention engineers could take the place of the medical scientists who blocked yellow fever. Certainly anything that takes the lives of 12,000 persons and more than half a billion dollars' worth of property a year in one country, must be treated as a serious disease.

TRAIN JUMPS FROM RAILS

Marathon, Ia., July 14.—Chicago & Northwestern train No. 24, fast passenger from Eagle Grove to Hawarden, left the rails and piled up in the ditch here tonight. George Tallman, engineer is burned and scalded and probably will die. An unidentified tramp is at the point of death in a Marathon hospital. Fireman J. T. Johnson was seriously cut and bruised when he rode the locomotive into the ditch. Both trainmen live at Eagle Grove.

The locomotive jumped the rails and turned completely around. The entire train, including the tender two baggage cars, a day coach and pullman, were derailed and leaned sharply towards the ditch.

RUBBER HUNT TAKES EDISON INTO BOTANICAL GARDENS

New York, July 15.—Thomas A. Edison, continuing his research on rubber, has visited the library of the New York Botanical gardens the last three days, studying treatises on this subject, it was announced Thursday. Tests are proceeding regarding the production of various rubber producing species, and Mr. Edison is said to have filled five blank books with his notes.

Legion Auxiliary Ladies Hold Fine Meet Last Night

Many Interesting Plans for the Forthcoming State Convention Discussed by Ladies.

From Saturday's Daily—
Last evening the members of the American Legion Auxiliary were most pleasantly entertained at the attractive home of Mrs. W. G. Kleck on west Marble street and where the ladies were entertained by Mrs. Kleck, Mrs. Fred Lugsch, Mrs. Harry Leoss, Mrs. Otto F. Lutz and Mrs. Henry Lamphere.

The ladies taking advantage of the spacious porch of the home held their sessions there and which proved an ideal place with the breeze making the summer evening very pleasant.

One of the chief features of the evening was the discussion of the plans for the state convention at Lincoln which opens on August 1st and the local ladies who will attend the meeting have all been cared for in the billeting arrangements for the convention.

The meeting was presided over by Mrs. J. P. Johnson, vice-president, in the absence of Mrs. Henry Soennichsen, president, who is visiting in the east.

The enjoyment of the meeting was along the lines of membership and was in charge of Mrs. Carl Groff and the members of the auxiliary were delighted with the showing made, some 140 being enrolled in the local post this season.

The dance committee composed of Mrs. James Doyle, Mrs. Ed Fullerton, Mrs. Garold Holcomb and Mrs. C. A. Rosencrans presented their report and which showed a very flattering success and a great deal of credit for the success was due the ladies in the ticket campaign and in which Mrs. Doyle and Mrs. Fullerton secured a large number of sales.

At the close of the evening very dainty and delicious refreshments were served by the hostesses that added very much to the completion of the enjoyment of all of the members of the party.

State Regulates Buying of Cream

Secretary of Agriculture May Revoke Permits and Close Buying Station for Period of One Year.

Secretary McLaughlin of the state department has directed the conduct of a school of instruction Friday afternoon for the benefit of managers and superintendents of cream buying stations.

He asked for the co-operation of the men present to enforce the state law governing the licensing of cream testers. Several promised a fair and impartial observance of the law with a view to giving producers of cream all they are entitled to, no more and no less.

Secretary McLaughlin called attention to the amendment enacted by the recent legislature which provides that permits to test cream are issued by the state on condition that no unfair business practices, fraudulent or illegal act shall be committed by the holder and that true and accurate tests of milk of cream will be made. Permits are good for one year and are not transferable. The permit must be displayed in sight of patrons. The price paid for cream must be displayed continuously during business hours in letters two inches in height and shall be plainly visible from the street. It is a violation of the law to buy cream at a price that differs from the price posted.

Any person whose permit has been revoked by the state department for any violation of its terms or for conviction under the law shall not be granted a new permit for a period of one year from date of revocation and no new cream buying station for which permit shall have been granted shall be opened until a new annual permit has been issued by the department, and no testing station and equipment shall have been approved by the department. A permit may be withheld from an applicant whom the department deems unworthy. A substitute may be appointed by the holder of a permit for not to exceed thirty days, subject to approval of the state department.

FOUND DEAD BY ROADSIDE

Gary, Ind., July 14.—The body of a man reported thrown from a speeding taxicab today at Merrellville, Ind., near here, was identified tonight as that of Jeff McGraw, forty-year-old farm hand of Merrellville. The taxicab driver, Steve Petrovic, said three companions of the man were intoxicated when they hired his cab in Gary and placed the body by the roadside. The taxicab driver said McGraw and his three companions entered the cab in Gary and placed the body by the roadside. The taxicab driver and McGraw and his three companions were derailed and leaned sharply towards the ditch.

Baker, Clara and Dorthey Keckler, Inez, Mildred, May, Eddie and James Auerswald, Margaret Dall and Donna Ray Connors.

GIVE FRIEND SURPRISE

From Saturday's Daily—
The Lewiston Social Circle club yesterday afternoon gave a very pleasant birthday surprise for Mrs. Glen Thompson, one of the members the event being held at the home of Mrs. Thompson on the farm of her father, George Ray, south of this city.

The event was arranged by Mrs. John Hobscheidt and Mrs. S. Y. Smith and was one that the guest of honor was unaware was in store for her until the members of the club arrived to spend the afternoon with her.

The time was spent in visiting and having a general good time that all appreciated to the utmost and as the evening drew near the well filled baskets were produced and a fine picnic supper served that completed the enjoyment of all of the members of the party.

In honor of the occasion Mrs. Thompson received a number of very handsome and attractive present as reminders of the happy event.

BOY SCOUTS AT CAMP

From Saturday's Daily—
The travelers down the Schuyler line of the Burlington today report a large delegation of the Boy Scouts from Lincoln journeying to Camp Quivera, near Louisville, where they will enjoy one of the ten day periods there. The trip was made on the new motor car service and the car was filled to overflowing with the fifty boys as well as the other passengers.

Europe finds no difficulty in floating all the loans desired in this country. No one knows the real purposes, and as the interest rates materially exceed ours that goes pretty good.

Are You "Toxic?"

It is Well, Then, to Learn the Importance of Good Elimination.

FUNCTIONAL inactivity of the kidneys permits a retention of waste poisons in the blood. Symptoms of this toxic condition are a dull, languid feeling, drowsy headaches and, sometimes, toxic backache and dizziness. That the kidneys are not functioning as they should is often shown by scanty or burning passage of secretions. Many readers have learned the value of Doan's Pills, stimulant diuretic to the kidneys, in this condition. Users everywhere endorse Doan's. Ask your neighbor!
