

Alvo Department

Elmer Rosenow was a visitor in Lincoln on last Wednesday looking after some business for the F. E. Dickerson store.

Will W. Coatsman and wife of Blinwood were guests at the home of Mr. and Mrs. J. B. Skinner at Alvo for the day last Sunday.

W. H. Warner departed last week for Lincoln where he went to spend two weeks at the home of his brother, Frank Warner and family.

Dr. L. Miller was a business caller at Lincoln on last Wednesday morning, being called there to the state farm to look after some business matters.

S. S. Stahn of Lincoln was a caller on Roy Coatsman both for business and socially. Mr. Stahn formerly resided in Weeping Water and is well acquainted in Cass county.

Miss Carmen Miller has accepted an offer for her service as instructor in the schools of Alvo, and will depart immediately for that place to engage in teaching in that institution of learning.

Rea Jordan of Lincoln was down and was assisting Ed Parzell who is making some repairs on the Jordan store building, getting the same in the best condition possible, and otherwise improving it.

Walter Siegel has accepted a position with the Alvo bank and came over on last Monday and entered upon his duties and is liking his work well, and should make an excellent man for the position.

Edgar Klumme who was one of the graduates in the Alvo high school last year, and who has been residing here, at work on the farm, is to enter the state university, with the opening of the school year this fall.

Misses Margaret Miller and Miss Marie Vickers are to attend the state university this year, they both being graduates from the Alvo high school last year and will add much to the good training which they already have.

Charles H. Warner and wife with their daughter and Wallace Warner and family all of Plattsmouth were guests for a short time with W. H. Warner of Alvo, a brother of C. H. Warner a few days since. All enjoyed the visit very much.

The Ladies Aid society of the Methodist church held a supper at the church basement last Sunday evening, and notwithstanding the fact that the weather was far from good realized some thirty dollars for the use of the church.

In the ball game which Mantley and Alvo played week before last at Alvo on the local grounds, the results being in favor of Alvo with the score of 7 to 3. Return game was played for Sunday but we are not in possession of the results.

Mrs. Essie Campbell, who is a sister of Mrs. Charles Godbey and who has been visiting here for some time past, departed for her home near Sny City, Iowa, last Wednesday, she being accompanied by Mr. and Mrs. Godbey, who took her in their car and also visited for a time in Iowa.

Miss Marjorie Manners, daughter of Mr. and Mrs. James M. Manners who graduated from the Alvo high school last spring with such high honors is to enter the state university with the opening of the school this fall, and will certainly make an excellent student in this institution of learning.

One would not think it, but John B. Skinner is a foot racer of no mean ability for on last Wednesday with a little help he was able to surround a jack rabbit in the open and catch the long little spritzer, and placed him in a cage in the window at the Coatsman Hardware store, where he was put on a diet of straw.

John W. Banning and wife who were spending a week in the northwest visiting with friends at Stewart and other places in the northwest stopping for a visit at Alvo, returned last week, after having had a splendid trip and being much favored by the weather and abundant crops of all kinds. The small grain was a good yield, and the corn is fine and looked like it would get past, and mature a good crop.

Are Fishing This Week.
David L. Rootley and the family, finding business rather on the quiet order and having a little time, hitched up the auto and concluded they would go fishing for a time, so placing a notice on the door for the husband not to leave bread, departed and told their friends they would be away the remainder of the week.

Looking to the Future
While the days are warm and the weather pleasant, A. B. Stromer is putting in good time with the construction of an auto body and top, and putting his entire car in the best condition for the coming winter. He has the top and body almost com-

pleted and was painting the wagon when the writer was in Alvo last week, and we can testify he is going to have a comfortable car when done.

Will Make Home in West.
Mr. and Mrs. Ray Clarke gave a very enjoyable reception in honor of Mr. and Mrs. Verle Rosenow, on Wednesday evening of last week, in which they were joined by a large number of the very close friends of this popular couple, who were recently united in marriage at Beatrice. The evening was most pleasantly spent and all joined in extending the best wishes for the newly married couple in their new home at Mintare, where Mr. Rosenow has a very desirable position awaiting in the best sugar factory, he having in charge the electrical work for the factory.

Seed Rye, For Sale.
Good homegrown and clean, \$1.00 per bu. Call phone 1264. Alvo, Nebraska.—L. E. Appleman.

Schools in Session.
The Alvo schools opened with a large attendance ready for the day of their lessons and a thirst for knowledge. With the excellent faculty for their guidance and instruction, they should make good headway on the acquisition of knowledge this year.

On Her Way Home.
Mr. Simon Rhenmeyer has received word of the departure of Mrs. Rhenmeyer who is visiting for the summer in the old country, for home she having called for home on August 26th, and will be due to arrive home about the 10th of September. Reports tell of Mrs. Rhenmeyer feeling quite a bit better, and is hoping for more improvement.

Enjoyed the Gathering.
Last Wednesday evening the choir of the Methodist church of Alvo enjoyed a very pleasant gathering at the home of Mr. and Mrs. G. E. Stelle when they met for the purpose of rehearsal of the songs which they were to sing the following Sunday. The preparation for the coming services were made and then followed a social hour in which all enjoyed the occasion very much, and were very pleasantly entertained by Mr. and Mrs. Stelle and the family.

Forced to Alight.
An airplane hauling from some place in Ohio, and destined for Lincoln was forced to alight in the alfalfa field of Carl Johnson on last Monday, and as the propeller was slightly damaged it was taken to Lincoln by Albert Foreman, where the repairs were made. The pilot was in no way injured.

Picnicked at Home.
As a farewell reception and picnic, which the friends of Mrs. Essie Campbell, sister of Mrs. Charles Godbey, who has been visiting here for some time, as she was departing for her home in Iowa soon, there was organized a picnic, which was to have been held on last Saturday, but owing to the very misty weather, it could not be held in the open and was held at the home of Mr. and Mrs. Godbey where all enjoyed the occasion very much. There were there for the evening, Mrs. Essie Campbell, guest of honor, John B. Skinner and wife, E. J. Erickson and wife, Mr. and Mrs. F. E. Dickerson and family, James Friend, all of Alvo, and Mr. and Mrs. Eddie Craig and son, Jack of Lincoln.

Its Appreciated

Whether you start your account with a small or a large amount—your business is appreciated here.

The man behind the window who handles your transactions—the officer with whom you discuss some business or financial problem, will, you will find, take an interest in your affairs in a way that conserves your time and in a manner that suggests our appreciation of your patronage.

T. H. Pollock, President

No Compensation for Agriculture

H. G. Keeney Tells Picnic Group That the Plight of the Farmer is Acute.

Cowles, Neb., Sept. 1.—"There is a real agricultural problem as indicated by President Coolidge when he said 'the American farmer must receive an American price for what he sells if he is to pay an American price for what he buys,'" declared H. G. Keeney, president of the Webster county farmers' union, addressing a joint farm bureau and union picnic here Wednesday. Mr. Keeney who accompanied Secretary of Agriculture Jardine on a week's trip through the south, stated that everywhere Mr. Jardine spoke he openly recognized the acuteness of the farm situation.

It is foolish, Mr. Keeney said, to devise and stress ways of economy of co-operation or of pools, and yet fail to recognize that an inoperative farm tariff law permitted other interests to absorb the benefits of these measures, without conferring any compensating advantage to the farmer.

Mr. Keeney denied that prices of farm products were comparable with that of other commodities. He had been out in Kimball and Perkins counties. From the receipts of their wheat crop sold at present prices farmers were paying their interest and taxes, for their new and necessary "combined" and trying to reduce their indebtedness.

C. B. Steward, secretary of the Nebraska farm bureau, who also spoke, said that since the world war agricultural products have shrunk thirteen billions of dollars in prices and that farm lands depreciated nineteen billions dollars. Prior to the war 2 per cent of the value of products of America were agricultural, and now it is but 7 1/2 per cent, he said.

OLD LANDMARKS GO

From Saturday's Daily—
The court house has lost one of the old landmarks that have stood through the colds of many winters and the scorching heat of summer—those being the curtains that have for so long adorned the windows in the office of the county superintendent. The old curtains were placed in the office in 1917 by Miss Edna Marquardt, then county superintendent and have more than served their usefulness and for the past several months Miss Alpha Peterson, the present county superintendent has been agitating the supplying of new curtains and at last her efforts have been successful and the new curtains add snap to the southwest corner of the court house. The superintendent can now feel more comfortable that the new clearing old relics of past regimes have been removed and the new and snappy curtains replacing them.

REBEKAHS HOLD MEET

From Saturday's Daily—
Rebekah lodge, Bud of Promise No. 49 of this city was nicely entertained last evening by a program given by some of our young people. Helen Steward and Vestita Holbertson rendered piano solos, the Arn sisters gave several musical readings and the Robertson trio—Vestita, James and Rachel—sang and danced. All these numbers were well rendered and much enjoyed by the members.

SAVES BABY TRAPPED UNDER FLAMING AUTO

Roaching under his wrecked car, overturned in a ditch, as flames were creeping slowly through it, Arthur Martin, of Persia, Ia., dragged his 14-month-old baby girl to safety Sunday night on the River-to-River road near Underwood, Ia.

Mr. and Mrs. Martin and Mr. and Mrs. Sheldon Chapman and their baby were returning home from the Bluffs when something went wrong with the steering apparatus and the car landed in the ditch. None of the party was seriously hurt.

The car was totally destroyed by the fire.

LEAVES FOR DENVER

From Saturday's Daily—
This morning Mr. and Mrs. Ralph Hill and children and John G. Lohmes, the father of Mrs. Hill, departed for Denver where they will enjoy a visit of a short time with Mr. and Mrs. Elmer E. Chamberlain and family in that place and in enjoying the points of interest in the Colorado city and the nearby mountain country. Mrs. Chamberlain may accompany her father back home for a visit here with the home folks.

HERE FROM CALIFORNIA

George I. Berger arrived the first of the week from his home in California on a visit with his many friends here. He informs us that this is his seventh trip. While here he will visit at Louisville and Omaha with relatives at the latter place with his daughter, Mrs. Flo Zachary. Mr. Berger says that he made the trip back to have a good time and visit his friends. He predicted that we will have a corn crop in Nebraska and some warm weather to help make it and we believe he is right from the looks of the weather this week.—Elmwood Leader-Echo.

Gravel Pit Will Operate Near the Platte River

Daniel H. Merritt and Sons of Lincoln Purchase Thirty-Eight Acres for Pit.

From Saturday's Daily—
Following the investigation and tests made along the Platte river north of this city in the vicinity of the auto bridge, for gravel, which have been on for some little time, there will be a large gravel pit placed in operation in a very short time.

The firm of Daniel H. Merritt & Sons of Lincoln, large contractors suppliers of building and road material are the purchasers of the thirty-eight acre tract of land immediately south of the auto bridge which was formerly owned by T. H. Pollock of this city and who has disposed of the land to the Lincoln company for the sum of \$10,000.

It is the intention of the new owners to start in a very short time now to dig the gravel pits and to make it a real pit that will supply a high quality gravel to this section of the state and from the investigations that they have made the new owners are well pleased with the quality of the gravel, which is so well adapted for the use of work.

The construction of sidetracks leading to the new gravel pit will be started in a very short time it is stated and will be followed by the active operation of the pit and the use of the gravel in supplying the demand of the public and assure a large and practically unlimited supply of the gravel for this part of the state.

A number of gravel deposits have been uncovered at points south of this city but this is one of the very best that has been touched and of a high quality of gravel and with the fact that it is so close to the railroad lines makes it much easier to handle in large quantities for shipment.

When Buick improves upon Buick—the standard for the year is set

Buick for 1928 introduces a higher standard of beauty and luxury than the world has ever known. Buick interiors are as modish as exquisite drawing-rooms—as harmoniously colored—and as comfortable. Buick's new Fisher bodies are low-swung without any loss of head-room or road-clearance.

And so, down to the smallest detail of construction, wherever refinements could be made, Buick made them. Again Buick has improved upon Buick. Again the standard for the year is set.

WILL ERECT FLAGPOLE

The Women's Relief Corps of this city are arranging to make a permanent memorial here to the men of Co. A, of the First Nebraska, the first company in the first regiment raised in this territory for service in the civil war.

The ladies have secured a fine twenty-five foot flag pole that they are having erected on the site of Winsterstein Hill where in 1861 the flag was presented to Co. A, by the women of Plattsmouth. The pole has been placed and the ladies will hold the dedication ceremonies on Monday morning, September 5th at 8:30 at the small park at the foot of Winsterstein hill and where appropriate services will be held to mark the patriotic services of the day.

A large flag has been secured and will be unfurled to the top of the staff in honor of the men of Co. A, and the women of the city who presented them with the flag that they bore with honor in the civil war.

SUFFERS INJURED ARM

From Saturday's Daily—
Councilman Fred Egenberger of the second ward is wearing his right arm in a sling as the result of an accident that occurred at his home yesterday afternoon. Mr. Egenberger was engaged in watering the lawn and in doing so he was pulling the hose over the lawn and as he stepped backward collided with the small platform of a cistern and fell, striking his hand and forearm in such a manner that he injured the ligaments of the forearm and which necessitated the services of a physician to dress and make the injury as comfortable as possible.

DOINGS IN DISTRICT COURT

From Saturday's Daily—
In the office of the clerk of the district court today was filed two actions, one by Mrs. Mary Cook guardian of Mrs. Catherine Hawksworth against H. N. Dovey for the collection of a note of \$4,000 made on July 7, 1924, and one by Mrs. Cook against F. E. Schlatter and G. O. Dovey for the collection of a note of \$1,000 made on June 27, 1923, by the defendant Schlatter and endorsed to the plaintiff by the defendant, G. O. Dovey.

Canadian Wheat Pool Pays Large Returns in Cash

Returns Amounting to \$27,000,000 Is Distributed to the Members of the Organization.

Winnipeg, Man., Sept. 1.—Dividend checks totaling \$27,000,000 are being cashed by members of the Canadian Wheat Pool, the farmers' co-operative marketing association of the prairie provinces. The payment represents a surplus left over from last year's operations.

"Wheat pool members are using the dividend to meet current harvesting expenses," said E. B. Ramsey, secretary of the organization's selling agency. "Saskatchewan farmers drew \$17,825,000, those in Alberta \$6,500,000, and Manitoba \$2,696,700. Producers receive most of the payment for their wheat when they deliver it to the elevator. The remainder is paid at regular intervals.

"More than 200,000,000 bushels of wheat from the 1927 crop of Western Canada will be marketed by the pool this fall. Sixteen million acres of the 19,240,473 acres sown to wheat in Manitoba, Saskatchewan, and Alberta are under contract to the pool. Rapid development of the co-operative movement is indicated by the fact that the wheat pool has grown from a handful of farmers to a membership of 140,000 within four years.

"Marketing machinery is now in the hands of the farmers themselves. Elimination of the middleman means that members of the pool receive higher prices for their wheat because the organization takes no profit itself, but charges producers only handling and selling costs."

Many Making Sweets.
Chicago, Sept. 1.—Every 448th person you meet on the street is connected with the manufacture or sale of confectionery.

Two hundred and fifty thousand men and women are directly employed in the candy industry, according to Walter C. Hughes, secretary of the National Confectioners' Association, here.

"More lines of business throughout the world are affected by the American candy industry than any other food industry in existence," declared Mr. Hughes. "People in every part of the globe take part in harvesting, preparing, shipping, and delivering the materials that enter into confectionery."

"Candy manufacturers annually use millions of gallons of milk, cream, and butter from farmers; al-

monds and filberts from Spain and Italy; walnuts from France; coconuts from the West Indies and South Seas; Brazil nuts from Brazil; figs and dates from Turkey, Arabia, Tunis, Algiers and Morocco; cherries from France; pineapples and sugar from Cuba, Hawaii, and Porto Rico. Beet sugar and scores of fruits from the United States are included.

"Candy is erroneously considered in terms of its principal ingredient, sugar, which is but one of the many nutritious foods that go into the manufacture of the nation's sweets."

A few of the Cass county maps showing every man's farm are left. You can get one at the Journal office for 50c. Hurry, before they're gone.
