NEBRASKA CROPS ARE HELPING BUSINESS

Chicago bankers are calling western Iowa and all of Nebraska the bright spots of the country, according to Fred H. Davis, president of the First National bank. He returned Sunday from a week's business trip in Chicago.

The bankers told Mr. Davis that the wonderful wheat crop and the fine prospects for corn will place Nebraska as one of the states doing a "very good business."

While in Chicago, Mr. Davis witnessed the demonstration given Gene Tunney, heavyweight champion of the world, which took place in Chicago's loop district, Friday.

One of the greatest literary successes of the year is "The Cutters," the latest work of Bess Streeter Aldrich, Nebraska's own authoress. For sale at the Bates Book & Gift Shop

DEATH COMES TO DRY LEADER VERY SUDDENLY

Mr. Wheeler apparently responded rapidly to treatment, however, and showed so much improvement that it was decided not to operate.

However, his condition took a sudden turn for the worse, and he sank rapidly.

His death followed that of his wife by only a few weeks. Mrs. Wheeler was fatally burned in an oil stove explosion at the Wheeler home, which also indirectly was the cause of the death of her father. Seeing his daughter in such a state, he was stricken with a heart attack, which proved fatal.

Mr. Wheeler had just returned from Cleveland, where the funeral of his wife and father-in-law were held, when he was taken ill.

Funeral arrangements have not yet been completed, but it is believed burial will be in Columbus beside his wife's grave.

Undergoes Operation Monday

Mr. W. L. Taylor, who has made Omaha his home for some years has during the recent years and especially the latter months been in very poor health and on last Monday underwent an operation which showed a very serious condition as the growths which were expected to have shown as ulcers proved to be of a malignant character, and it was considered by the operating physicians as of no use to continue the operation and the patient was made as comfortable as possible without the operation.

To Grade Road East of Union

Vance Harris and Peter Mann, the gentlemen in charge of the grader which has been doing such excellent work north of Nebraska for some time past, have gotten the work done and had the machine in town on last Monday and were giving it the once over and maybe some more, getting it in readiness for tackling the roads east of Union, and some of them are needing it badly enough and no mistake.

Gave Excellent Concert.

The boys of the Union band, and they are a clever set at that, were out on last Saturday and gave us their excellent program which was greatly enjoyed by the citizens of Union and vicinity. Mr. W. G. James the leader of the band, and a very good musician as well, has gotten a new Conn Trumpet, which is adding much to the number of pieces which they already have.

Restaurant Changes Managers.

The restaurant which has been conducted by Mr. and Mrs. J. A. Eaton for some time, and by the way they have conducted an excellent eating house, has been sold to Ira Clark, who needs no introduction to the people of Union and vicinity as he has conducted an eating house successfully in the past and we are certain he will again after having assumed the management of the cafe. This makes two excellent places for the traveling public to eat, as Mr. Oscar Naylor is conducting a good eating house.

So with the determination of becoming an agriculturist, he tendered his resignation as manager of the oil station, which has been filled by Mr. Trunkenbolz by the installation of Mr. Ralph Peasley. Mr. Peasley should make a success of the business, having an ability which spells success.
