Reception in Honor of City Teaching Force

High School Auditorium Is Scene of Very Pleasant Gathering of Patrons.

From Friday's Daily—
Last evening the reception tendered by the board of education of the city to the members of the teaching force of the city schools, proved a most pleasant social event and despite the intense heat of the afternoon and early evening a large number took advantage of the occasion to meet the teachers both the old and new members of the staff who were in attendance.

The receiving line was composed of the members of the board of education, Superintendent and Mrs. Bailey and the teachers of the school who were receiving their formal introduction to the school patrons and in which there was a mutual pleasure derived.

Mrs. John F. Gorder, of the board of education, presided, and a short and delightful program occupied the time between 8 and 10 o'clock while the reception was in progress.

Brief remarks of greeting were made by President F. L. Cummins of the board of education and Superintendent Bailey of the city schools in extending welcome to the teachers and the patrons of the schools.

Two delightful vocal numbers were given by Frank A. Clodt with Mrs. H. F. Goss as accompanist while Mrs. A. D. Caldwell favored the members of the party with two violin numbers, Mrs. Goss being the accompanist. Mrs. E. H. Westcott was also heard in two very delightful vocal selections with a violin obligato by Harvey Johnson, violinist.

During the evening punch and wafers were served and which added to the enjoyment of the members of the party.

Largest Mortgage Ever Filed in Cass County Recorded

That of the Iowa-Nebraska Light & Power Co., to Cleveland Trust Co., for \$12,000,000.

From Saturday's Daily—
Today at the office of County Register of Deeds Miss Jessie Robertson, was filed for recording the largest mortgage that has ever been offered in Cass county, in the sum of \$12,000,000. The mortgage itself is a small sized book.

This mortgage is made by the Iowa-Nebraska Light and Power Co., to the Cleveland Trust Co., of Cleveland, Ohio, and represents the reorganization of the light and power interests that have heretofore operated in this part of the state as small units of the larger company.

The mortgage is filed in some thirty-one counties of the state where the company has properties located and the cost of recording in the several counties will reach the total cost of \$3,000.

Accompanying the mortgage is a deed transferring the property of the Nebraska Gas & Electric Co., in Cass county to the Iowa-Nebraska Light & Power Co., and which places the property in the hands of the large corporation that is now formed to consolidate the interests in a large and compact organization.

HEAT INCREASES TRAFFIC

The intense hot weather of the past week has served to increase the auto traffic in the downtown district and particularly at night and has kept the police force very busy in attempting to check up on the various drivers who may unwittingly or otherwise "crash" the stop signs on the streets. The traffic continues far into the night and affords the auto owners a chance to get cooled off after the very hot weather of the day.
