A. H. Ward, the garage man, was a business visitor in Lincoln on last Thursday where he went to look after the replenishing of his stock of repairs and to get some special parts which he was needing at the garage.

In the baseball game which was played between Unadilla and Murdock at the former place, the game was won by the Murdock team by a score of five to two. The battery for the Murdock team was Thimman and Elchoff.

See the ad of John Gakemeier in this issue of the Journal, where he has a small farm and the cash difference to exchange for a half section farm of good Cass county land. He is ready with the small farm and the difference in money.

On last Thursday, Jess Landholm and Sikel Jacobson, the latter of Omaha departed for North Platte, and where after they shall have visited there for a time, will go to some points in Colorado, before returning as they expect to be away a week.

The senior class of the Murdock high school was spending the evening last Wednesday at Ashland where they attended the play, and were accompanied by professor Lamb, their teacher, who all consider as one of their pals, and a very nice relationship this is and it should be true in all cases.

L. Neitzel and Miss Eleanor Harting drove to Omaha last Sunday where they met at the home of Dr. S. B. MacDermid for dinner. There also were present the family of O. J. Hitchcock of Havelock. All this was in celebration of a birthday anniversary of Miss Dolly Fane MacDermid. All returned home in the evening.

They enjoyed the visit very much and returned to their homes in the south on last Tuesday.

With a show which exhibited in Murdock last week was a man, who was not clear in his bearings, and who had a car, which they attempted to navigate over the thoroughfares of Murdock unsuccessfully, and was forbidden by the mayor to get the car out on the streets, fearing some damage to traffic, people or property might result. Later the parents of the man were gotten in touch with and Mr. Edward Thimman was instructed to bring the car and the man to Omaha, which he did, delivering both to the parents.

On Wednesday of last week, the Bank of Murdock was closed on account of the holiday, it being the celebration of the discovery of America by C. Columbus, something over four hundred years ago. The bankers, Messrs. Guthmann and Tool, and their wives went to Union where was gathered the Cass County Bankers' association, and there enjoyed the afternoon working with the other financiers of the county and in the evening were banqueted by the ladies of the Methodist and Baptist churches of Union, who all report surely know the art of feeding the multitudes.

Oct. 2 and attended the Kountz Memorial church, Dr. Baltzley, pastor. This, by the way, is the largest English Lutheran church in America, with a membership of over 4,400. The choir, of 60 voices, is itself an inspiration. The subject of the service was: "What we believe about the death of Christ, and why we believe it," was very ably handled by the pastor. That was one sermon of a series on the doctrines of the church. We took exception to a statement of the pastor, who emphasized very strongly that there was no devil until after man was created. This might well be a subject for study and discussion during the coming winter.

Ladies Aid Meets

The ladies aid of the Evangelical church of Murdock were meeting on last Wednesday with Mrs. Matthew Thimman, and were entertained by this lady most royally. The ladies first looked after the business of the society which called them together and which they handled with much business ability, after which the gathering was resolved into a social gathering and which the ladies enjoyed very much. At the closing of the pleasant afternoon the enjoyment of the guests was enhanced by the serving of very delightful refreshment by the genial hostess.

The Four Square club of home economics met Monday evening, Oct. 10, in the Domestic Science room of the school building. The newly elected project leaders, Mrs. Henry Tool and Mrs. Lacey McDonald brought the plans of the training meeting at Elmwood September 23.

The chairman, Mrs. Lyda Lawton called the meeting to order, and proceeded to register those who wished to be members. There were twenty-two enrolled. The topic—County Federation and shall we belong—was taken up and voted upon. The members, as a whole, were interested in becoming federated.

Plans were discussed in regard to the regular program. It was decided to have the musical part of the program at the beginning of the meetings hereafter. Mrs. Ed Thimman took up the musical number of the month, "My Old Kentucky Home" composed and history of the song. The members joined in singing same from leaflets, "Humoresque" was given for our listening number.

The project work for the month was very ably given by the project leaders and all seemed much enthused over the plans for the year's work.

"Practical Helps and Time Savers in Sewing."

Plans were discussed of how we would dispose of the prize won by the Four Square club for the exhibit at the Cass county fair. It was decided to have a special meeting, each member invite a guest. As an act of appreciation for the meeting place of the club, it was decided to have the school board and their wives as guests, at this meeting. Much emphasis was placed on attending all meetings regularly. Visitors are always welcome. The club was adjourned. The next regular meeting will be held Nov. 14, at 7 p. m.

Some Fruit Producer

A second crop of raspberries for the year is reported from Weeping Water where a bush at the home of Mrs. S. D. Lytton, is bear for the second time this year. The bush had a good crop of berries in the regular season and has again produced a fine array of the luscious berries. The usual occurrence has attracted a great deal of attention and the neighbors are very much interested in the yield of the bush. Mrs. Lytton is an aunt of Mrs. F. L. Adams of this city.

Fairview Has Big Festival at School House

Farmers Union Band of Louisville Is Featured in the Splendid Program.

The fall festival that was held at the Fairview school house this past week was one of the most pleasant that has been held at that very popular community meeting place and afforded a fine entertainment.

There were some 400 present and the school building and the lawn were filled by the interested spectators to enjoy the pleasant time.

The Farmers Union band, composed of twenty-nine of the young men and women of the community gave a fine program of music under the direction of Bandmaster Kreiger of Weeping Water and the young people gave a real concert that was enjoyed to the limit by all in attendance. This band was started two years ago under the direction of E. H. Schulhof of Plattsmouth and has developed into one of the best bands in the county and have often afforded many fine concerts for the residents of the county. The community has felt a just pride in the work of the Farmers Union band and which is just deserved.

There was also a fine program given in addition to the band music. John Urish playing a number of selections on the violin and Miss Geneva Urish on the banjo with H. E. Heil also giving several violin numbers and with Mrs. J. W. Tritsch as the accompanist at the piano. Rueben Meisinger was also heard in a very pleasing number while the Reister sisters of Manly gave several vocal selections that were very much enjoyed. Miss Esther Albert was heard in a reading that was splendid and received the hearty approval of the audience.

The school house was decorated with the Halloween colors and the booth arranged for the sale of Halloween novelties proved a very popular place.

There was a fine array of eats provided and which made complete the very happy evening.

Mrs. Charles Olson departed this morning for Pawnee City, where she will visit over Sunday with relatives and friends in the old home.
