Another Auto Wreck at the Union Corner

Ill Fated Spot Scene of Severe Accident to Party of Plattsmouth Young Folks Last Night

From Thursday's Daily—
A group of Plattsmouth young people motoring to Union last evening to enjoy the dance being given at that place, added another to the many auto accidents that have been credited to the sharp turn in the highway a mile east of the town of Union.

The party comprising Walter Baldwin, Chester Smith, William Wilson, Alice Smith and Violet Denison, had left this city early in the evening in a Ford touring car owned by William Smith, uncle of two of the party, the car being driven by Chester Smith. With the snow falling and blowing the driving was not the best and the approaching turn in the highway was not seen until the car was crashing across the road and over the embankment to the south of the highway.

The car was going at a very fair rate of speed when it plunged over the embankment and as a result was turned over twice, being very badly smashed up as well as causing the injuries to the members of the auto party.

Dr. J. W. Brendel, of Avoca, had been visiting with relatives at Murray and returning home his car was but a short distance back of the Smith car when it took the plunge over the roadside. The doctor on reaching the scene, hastened to the rescue and assisted in getting the members of the auto party out of the wreckage and taking those that seemed the most severely injured on into Union to the hotel. There the doctor called the parents of the injured members of the party and assisted in making them as comfortable as possible until the arrival of the relatives from this city.

When the accident first occurred, it was thought that Walter Baldwin had sustained internal injuries that might have a fatal termination, it being thought that his lungs were injured, but after several hours he was seemingly recovered from this part of the injuries, although his lower limbs are very sore and stiff, but no broken bones.

The most severely injured of the party seems to have been Chester Smith, the driver of the car, who had a broken shoulder as the result of the accident, while his sister, Alice, had several cuts sustained from the flying glass as the windshield of the car broke and scattered the glass over the members of the party.

The other members of the party seem to be uninjured aside from bruises and a few scratches.

As soon as possible after the accident the members of the party were brought on back to this city, where they received medical aid and were made as comfortable as the circumstances of the case would permit.

FINE LITTLE ORCHESTRA

From Thursday's Daily—
A group of the young boys of this city, who have become interested in the study of music and are active with the public schools, have organized a juvenile orchestra that is a real credit to the city and certainly shows the wonderful musical talent that has been developed as the result of music in the schools and the home instructions in this line of work.

This juvenile orchestra is composed of Robert Hall, Donnie Cotner, Robert Best, Arthur Hitz, Vernon Arn, Marvin Tritsch and Edward Egenberger. The orchestra has played together for some time and enjoyed many very fine evenings at the home of the members and their first public appearance as an organization was on Tuesday evening at the C. D. of A. supper party and their program was one that won the attention of the large audience and the young men will have the opportunity of being heard often in the future, there is no doubt.

The orchestra is not under the leadership of any director and handle their own direction among the various members of the orchestra and their skill in the musical work has largely been gained through the high school orchestra and working knowledge of the best of music.

UNDERGOING TREATMENT

From Thursday's Daily—
Sam Giventer of the People's Market, who has been in very poor health for several months as the result of stomach trouble, is now at the hospital at Omaha where he is taking that for another complication that has arisen. Mr. Giventer has had a large number of his teeth removed in an effort to check the stomach trouble and this has resulted in his developing a very painful condition and which it is hoped the stay at the hospital will benefit.

FINE BIRTHDAY CAKE

In the report of the Rotary anniversary here Tuesday evening one of the features of the evening that was not communicated to the press was the fact that the club in addition to having a well feast provided by the Methodist ladies, also had a surprise given them by some lady unknown, suspected of being a member of the Rotaryans, but which of the many fine cooks provided the birthday cake is not known. The cake had the one candle in honor of the anniversary and the treat was one that the Rotaryans will long pleasantly remember and the lady or ladies that prepared the cake have the appreciation of the Rotaryans.

GIVE FRIEND FAREWELL

From Friday's Daily—
The Social Circle club gave a very fine surprise party on Mrs. Will Cook, who has been one of the project leaders of the club for the past season, on Tuesday evening. The event was in the nature of a farewell as Mr. and Mrs. Cook are soon to move from their present home to a new location. The neighbors in the old home will miss very much Mr. and Mrs. Cook but the new section where the Cook family will locate will have a very fine addition to their citizenship in Mr. and Mrs. Cook. The friends of the club are pleased that Mrs. Cook will keep up her work in the Social Circle club as formerly. The evening at the Cook home was very pleasing and at a suitable hour dainty refreshments were served.

The next meeting of the Social Circle club will be on February 29th at the home of Mrs. Fred Hanni and all members are urged to be in attendance.

A VARIETY OF WEATHER

From Thursday's Daily—
This locality is having an assortment of weather as varied as could possibly be imagined from the mild and warm weather that started the rain early Wednesday morning and which by late afternoon turned to snow and a biting wind that caused the mercury to make a rapid descent.

This morning the temperature showed seven above zero but the cold wind from the north made it seem a great deal colder and caused much discomfort to those who had to be out in the storm, although in the late morning the weather had moderated to some extent.

The increasing cold brought with it some light snow that with the rain of the earlier morning makes a great deal of moisture for the soil that is badly in need of this moisture.

ENJOY ALL DAY SHOOT

From Thursday's Daily—
Yesterday the members of the Plattsmouth Rifle club held a very fine time in observing Washington's birthday with a shoot at the American Legion community building that was attended by a very large number of the members and the shooting enjoyed from the morning all through the afternoon.

There were twenty-six of the members shooting and some very fine scores were rolled up, the five highest being E. H. Douglas, 355; Ernest Trumble, 329; Dick Beverage, 306; Arthur Blunt, 302; and Warren Taylor, 301.

Sergeant Richardson, who has the instruction of the Creighton Prep sharpshooters in charge at Omaha, was here a part of the day and enjoyed the shoot with the Plattsmouth rifle club members.

Louisville Road Shows the Great Need of Gravel

One of the Main Highways of the County Rendered Very Difficult of Travel Now.

Those who have had occasion to travel the Louisville road, the main east and west highway through the northern part of Cass county, certainly should be converted to the proposition of having this road that serves a large population, graveled, and that before another winter and spring rolls around.

While the road was given care in the summer and made a good dirt road a great deal of the time, in bad weather it is one of the poorest in the county and the cost of getting it in shape every time it rains or a heavy snow comes, is one that is not only expensive but little better than throwing the money away, inasmuch as the work has to be repeated time and time again, with no real permanent result to show for the amounts that have to be expended.

This, coupled with the fact that the road is practically impassible a great part of the time in the winter and spring as the result of mud and after each heavy summer rain the mud rolls up to throw a twelve-mile mud sea between this end of the road and the beginning of the gravel in Louisville precinct, a couple of miles east of the town.

There can be little done to relieve the situation now until after the spring season is gone, but right now is the time when more concerted effort should be put forth to get a gravel surface on the road and make this condition of affairs impossible to exist the next fall and winter, keeping an all season road open for the people who dwell along the road and those who wish to travel to and from Louisville.

Several from this city and parties coming from Louisville here, have made the trip—not over the roads of Cass county—but by a long detour through Sarpy county, where graveled roads give entrance and egress to all of the towns of that county.

It was never a main traveled road that needed hard surfacing it is the Louisville road, and the good work should not only cover the stretch between this city and Louisville, but should also go on west to Greenwood and hook up South Bend and Murdock on the graveled highway. The gap between this city and Louisville should be closed and then the road west placed in a condition fit for all season travel as a part of the plan that will interlock all the towns of the county with a hard surfaced road for travel and do away with the costly mud tax that is wrung from the county for road work as well as exacted in wear and tear from the owners of vehicles that are compelled to travel over this kind of roads.

State Board Grants Paroles to Large Number

Former Lincoln County Treasurer is Given Release from Sentence for Embezzlement.

Elmer Baker, former deputy county treasurer of Lincoln county, who has served three years of his three to ten year sentence in the state penitentiary for embezzlement of county funds, has been granted a parole by the state board of pardons.

Baker was deputy under former County Treasurer Sam Souder, and following the investigation of the burning of the old Lincoln county courthouse, he was charged with taking about \$9,000 of the county's funds. Later he was found guilty of embezzling about \$4,000.

At his hearing before the pardon board, Baker denied that he had ever taken any of the county funds. No opposition to his release was voiced. Many letters favoring his parole were received from Lincoln county residents.

The board commuted the sentence of Dean S. Hall, Cherry county rancher who has been serving three to ten years for misbranding cattle. State Representative Arthur Bowring appeared before the board at the hearing and explained that Hall had made no effort to conceal several stray cattle that were in his herd and which he later branded. Hall had pleaded guilty to the charge.

Maximino Oropeza, who has been serving a ten year sentence in the state reformatory for second degree murder committed in Omaha, has been released for deportation and his sentence commuted. Platters Take Sweet Revenge on Norsemen

Score of 30 to 18 Is Rolled Up by the Fast and Furious Onslaught of Platters.

From Saturday's Daily—
The Vikings of North high of Omaha under the pilotage of Coach Jackson, stinging under the defeat on Wednesday at the hands of Creighton Prep, came down last evening to mix with the blue and white of Plattsmouth and also received another stinging, the Platters taking a sweet revenge on the Norsemen for their first season defeat. The score of 30 to 18 last night represented a decisive set back for North as they were able to nose out the Platters by only a narrow margin of two points at the first of the season, while they met defeat last night by almost two to one.

The game was far better than the score indicates and was one of the most furious that has been waged on the local floor this season and both teams were going at top speed until the final whistle announced the full measure of the Plattsmouth victory.

The Platters led at every stage of the game, the first quarter by 6 to 2 and at the half by 10 to 7 while in the third period the score showed 22 to 11 for the Platters.

The floor work of the blue and white was of a high type and the guards of the team baffled the efforts of Gandy and Nelson, the Norsemen, to secure the field goals and the visitors were forced to largely depend on the long shots to secure the six baskets that represent their total. So effective was the work of the Platters that Nelson was held to three field goals while Gandy was unable to register a field goal.

The game had just opened when the Platters drew the first blood, a fine side line shot by Galloway cutting the center of the hoop and a few moments later Nelson had raced down the floor to place in a long shot for North. Goals by Westcott and Perry for the Platters made the score for the quarter 12 to 2 for the visitors.

In the second quarter of the game it was more evenly balanced with field goals by Perry and Westcott for the Platters and Potter and Nelson for North while Gandy secured a free throw, his only tally of the game.

The third was where the blue and white slipped away from the danger zone and gathered a lead that was safe for the rest of the game. Hatt secured two field goals, Westcott and Perry one each and Westcott and Perry two free throws apiece. For the visitors Nelson anced a field goal and Smith two free throws.

In the last period the Vikings made a desperate last minute rally with shots by Mason and Smith and free tosses by Potter and Nelson, but the Platters unloaded field goals from Galloway, Westcott and Hatt and a gift shot from Hatt and Galloway that sealed the hopes of the visitors.

The attendance was very large and the enthusiasm unbounded as the blue and white continued their march onward to victory.

On next Friday the Platters have their last game of the season with Nebraska City as the foe on the local floor and another record breaking crowd is anticipated to give the team a fitting season farewell.

The tabulated score of the game was as follows:

SMALL FIRE TODAY

This afternoon sparks from the chimney caused a small fire at the residence of Joseph F. Hadraba on high school hill. The sparks caused a small blaze on the roof of the residence and which for a few moments seemed to threaten a great deal of danger, but the prompt work of the neighbors and members of the family checked the blaze until the arrival of the fire department. The fire caused a small damage to the roof but it was most fortunate that the blaze was discovered at the time and which prevented the spread of the flames. The family were unaware of the fire until some parties passing by saw the first signs of the blaze and gave the alarm.

Past Masters Night at the Masonic Lodge

Annual Occasion Is Featured With Former Heads of the Lodge Being Honored.

From Saturday's Daily—
Last evening at the Masonic temple in this city was held the fourth annual Past Master night, the occasion when those who have in the past headed the lodge, are honored by their associates.

The attendance was very large and many of the former past masters were in attendance at the session altho the passing of time has taken many of those who have filled the master's chair have gone to their last reward and others removed to distant points.

The occasion was featured by the regular lodge work as well as a splendid banquet that was served in the dining room of the temple at 6:30 and which was a fitting climax of the evening of work and pleasure.

The banquet was prepared and served by the wives of the past masters and the officers of the lodge and was all the more discriminating taste of all the members might wish for.

The settings of the banquet took of the nature of Washington's birthday, the anniversary of one of the leaders in colonial Masonry as well as the leader of his country in its struggle for freedom and in its infancy. On the tables were the small American flags with the Washington hatchets of red, white and blue and this color scheme was carried out through the dining hall and made a very attractive scene for the fine event.

The dinner was most tempting and the menu served was as follows:

Roast Pork, Apple Sauce
Mashed Potatoes, Browned Gravy
Green Beans
Cabbage Salad
Hot Rolls, Jelly
Ice Cream and Carmal Cake
Coffee, Cigars

After the close of the dinner a very fine toast list was enjoyed with Past Master Luke L. Wiles presiding as toastmaster and who very cleverly carried out this portion of the evening.

The invocation was asked by Rev. Harry G. McClusky, pastor of the First Presbyterian church, as a fitting opening of the enjoyable banquet and toast list.

The toast list embraced short addresses by two former past masters, Leslie W. Niel and Judge James T. Begley, as well as Judge A. H. Duxbury, junior warden and representing the present officers of the lodge. The subject of the addresses of the evening were along the lines of the Masonic work and were given most pleasantly and covered the range of the work of the order locally and in the great wide world activities of Masonry.

Owing to illness the Masonic quartette was unable to appear on the program and made necessary the omitting of this musical part of the program.

During the evening the past masters occupied the various stations in the lodge and carried on the work that consisted in conferring the degrees of the order on a candidate.
