CLARK HOTEL — UNION

Every Week on Wednesdays.

Business called Cal Snavely to Nebraska City early Monday morning of this week, he making the trip in his automobile.

Mr. and Mrs. J. S. Pitman had as their guests for the day and dinner, Mr. and Mrs. J. C. Snavely, where all enjoyed the day most pleasantly on last Sunday.

Miss Sarah McQuinn, teacher at the Swan school, and Mrs. Ezra Albin, president of P. T. A. in that district, attended the P. T. A. convention in Omaha Saturday.

R. D. Stine was a visitor in Plattsmouth on Monday of this week, and was looking after some business as well as consulting with his attorney, Charles L. Graves.

James F. Wilson was over to Lincoln last week, where he was visiting for a time with friends and also looking after some business matters as well for a day or two.

Ralph Opp, who has been so ill for so long a time is showing some improvement and is hoping soon to be able to be out again. His brother, Earl, is assisting in caring for the invalid.

Mrs. Norman Robb and daughter, Elizabeth, of Nebraska City, were visiting for the day last Sunday at the home of Mr. and Mrs. Mont Robb, and where all enjoyed a most splendid time.

The Edinston brothers, who have recently moved from Weeping Water, arrived with their goods and are occupying their new home on the William Craig place, where they will farm for the coming season.

Business called E. E. Leach to Nebraska City on Monday of this week, and while there he purchased a safe for the care of his valuable papers—no, not for the keeping of his money for Ed says it is easier to spend it than to save.

Uncle Eli Eaton has been feeling quite poorly of late and has not been able to get around as he would wish. He was able to visit in town Monday afternoon, however, it being a very fine day, and was meeting with his many friends.

Mrs. W. H. Yonker, of Ogallala,

has been visiting with friends and relatives here for some time and was the guest of her sister, Mrs. J. P. Clugey, of Plattsmouth, last Sunday, where they enjoyed the day most pleasantly together.

Mrs. S. E. Porter, of Kansas, who has been nursing Miss Ida Freeman, who has been very poorly at her home for some time, went to her home for a time and during the absence of the nurse, Mrs. W. N. Barritt, was caring for the patient.

L. G. Todd, who was for so long a time at the hospital in Omaha, following his operation, and who returned home a week since, was out for the first time on last Monday, when the weather was fine and he wanted to see the hogs grow.

Mr. and Mrs. W. L. Havenrige, of Omaha, where they moved some time since, were in Union on last Monday visiting with friends and relatives, as well as looking after some business.

Mr. Havenrige will engage in the undertaking business in the big city soon.

Amos McNamee and the mother are preparing to care for the chicks by providing the best of shelter and sunshine through glass for the forcing of their growth, and was in town last Monday getting sash to make one of the best places possible for the pigs.

F. W. Robb will in a short time commence the erection of a hog house which will provide the care of the young pigs, for he thinks there is no use of having pigs born unless you care for them. It is the mature hogs which bring the money—not the ones which die when they are young.

W. H. Mark was a visitor in Weeping Water on Monday of this week, where he had some work done on his mouth, preparatory to having a set of teeth made. Mr. Mark had an impression taken for the new teeth, with which he expects to be pleased when he shall get acquainted with the new grinders.

Come to Church and Bible School

The two churches of Union are extending an invitation to all who reside within coming distance to attend their Bible school and also attend the church services of both churches. It is up to the people to assist in making a success of the services and the Bible school. So come out next Sunday and see what can be accomplished by active participation in the work of God.

The Union Water Works

The wells which have been dug for the Union Water Works have been finished and are proving adequate for the needs of the city, as they are capable of furnishing thirty-five gallons of the very best of water every minute of the entire twenty-four hours, if that much be needed. The question now confronting the city is just where the tower will be located for the affording of sufficient pressure to provide proper distribution of the water to all portions of the town.

M. E. Church Notes

Queen Esther's of the M. E. church will have a food sale at the Mabel Reynolds store Saturday, March 3rd. All help will be appreciated.

The reading contest conducted by the Epworth League is progressing well.

Union services were held at the

Baptist church Sunday in behalf of the Near East relief.

Remember the services every Sunday. Everyone always welcome.

Senior Class Play

The Senior class of the Union High school was presented in their class play, "The New Co-ed" Friday evening at the M. W. A. hall, before a very large and appreciative audience.

The theme of the play, a four act comedy-drama, was the arrival of a new student at college, her reception, her trials and their termination.

Miss Dorothy Foster very charmingly portrayed the part of the New Co-ed and was ably assisted by Fulton Harris, as the college athletic hero.

They were well supported by a very good cast, consisting of Helen James, Kathryn McCarroll, Olive Lewis, Lois Morris, Margaret Murray, Helen Fahrlander, Donald Harris, Warren Pearsley and Ben Anderson.

Between acts splendid musical selections were rendered by Ora Clark, Mrs. Garrett, Mrs. Mougay, Mrs. Smith and Miss Robb.

Supt. Marcell, sponsor of the class, deserves much credit for the successful rendition by the Senior class.

Two Union Heads in Mining Town Killed in Ambush

One of the Murdered Men Was an Opponent of the Contract System.

Wilkes-Barre, Pa., Feb. 28.—Alex Campbell of Pittston, leader of the United Mine Workers faction at No. 6 colliery, Pennsylvania Coal company, and Peter Reilly, treasurer of the local were slain late today at Pittston.

The men were shot from ambush by unknown persons in Pittston. Their deaths make four murders committed in the last six weeks with colliery workers or their officials as victims.

Campbell, check weighman at No. 6 colliery and a former international board member of the United Mine Workers, has been vigorously opposing the contract mining system in operation in the Pittston district, and at the same time has been at odds with the district administration of the union.

He was an official at the colliery, three of whose union representatives, including the president, Samuel Bonita, visited district sub-headquarters at the mines' building February 16, and went into a conference with Frank Agaty, a district organizer, who was slain.

Bonita and two companions, Steve Mendola and Adam Molecki, are in the Luzerne county jail charged with the murder of Agaty.

Campbell, whose faction in the union has undertaken to raise funds to defend the three, visited them in the county jail this afternoon. He was on his way in an automobile to his home in Pittston, after the jail conference, when he was slain.

Reilly, last Saturday at the hearing given Bonita, Mendola and Molecki, testified that he was the driver of the car which conveyed the three to Miners' Bank building on the day Agaty was shot, and that Reilly had later picked up Molecki on the street as he walked through the central city following the shooting.—World-Herald.

The Lewiston Aid Meets

The Lewiston Aid met at the pleasant home of Mr. and Mrs. George Toman on the 26th, with the birthday dinner that is held each month. The ones having birthdays for the month were Mrs. Herbert Kidwell, James Lancaster, George and Milton Toman and Carl Park.

A real feast was served at 1:00 o'clock that had been prepared by the ladies. After the serving of the dinner, the large crowd present was invited to the home of Mrs. Dovie Asch, where the afternoon was spent in listening to the fine music furnished by Mrs. Asch, Mrs. Allen Vernon and Miles Altman.

The ladies have been giving these dinners for the past year and they are looked forward to by the large crowd that is always in attendance for the social time that they have with each other.

There were nine new members added during the past year. The ladies have several quilts waiting for them to work on as soon as they start their meetings at the church. The next birthday meeting will be at the home of Mr. and Mrs. John Toman, March 25th.

Those who were present were Mr. and Mrs. Frank Campbell, Charlie Keck, Arthur Hanson, Glen Todd, Will Wehrlein, John Hendricks, Allen Vernon, Jarvis Lancaster, Herbert Kidwell, Auburn, John Toman, Perry Nickles, George Park, Mrs. F. W. Moore, Mrs. Dovie Asch, Mrs. Mary Wiley, Mrs. Glen Thompson, Mrs. Thomas Hansen, Omaha, Mr. and Mrs. Hankey, Mr. and Mrs. Geo. Schaffer, Mr. and Mrs. Ted Praxler, Chester Keck, Robert Nickles, Dale Hansen and Mr. Sevier, Mr. and Mrs. Lightbody and children, of Plattsmouth were also among those present.

Ladies Aid to Meet

The Ladies Aid Society will meet at the church Wednesday, March 7. The hostesses are Mrs. J. W. Berger, Mrs. Addie Bartlett, Mrs. Dale Topf and Mrs. Allen Vernon. Leader, Mrs. J. Brendel.

THE PUBLIC LIBRARY

The public library is perhaps, the very busiest place in town after school each day, until closing time and for two ours in the evening.

Checked out by Mrs. J. W. Berger, her assistant and with the co-operation of the teachers, much of study and preparatory work for school is done here. Our library has about 16,000 volumes, and has about 3000 adult subscribers.

During the month of Jan. 3,732 books were exchanged—an increase of 319 over the same month a year ago. In the preceding month, Dec. 1927, 489 more books were exchanged than over the same time one year before.

However if we would lay aside all that this exchange of books means to so many people and only consider what it means to our young folks, in so many ways, our public library is the best investment the taxpayers make. Our library ranks fourth in the state, only Omaha, Lincoln and Beatrice are ahead of us.

The ever increasing need for more shelf room for books is at present one of the immediate problems of the library board. In order to meet the requirements that seem, automatically to enlarge each year, more book space must be provided as well as other things. To do this, inside the financial limit, is rather interesting work.

Everyone is welcome at the library and anyone who would spend an afternoon or evening there would probably have a revelation regarding the activities and range of subjects covered. The librarian is always glad to give any information in any way associated with the library and its work.

SUFFERS BROKEN WRIST

From Wednesday's Daily—

Father Leece was working on the car that seemed to be unusually hard to start and in cranking up the car, the car suddenly backfired and the crank struck the rector on the wrist and the result was that the fracture was most severe and required the services of a surgeon to set.

Former Gov. Bryan Issues His Statement

Says He Feels Is Complying With Request of the Democratic Party and Individuals.

Charles W. Bryan, former governor Tuesday announced that he had decided to become a candidate for the gubernatorial nomination and filed his acceptance of the petitions required by the state. His statement:

"I have reluctantly accepted the filing for governor made for me by taxpayers.

"In deciding to stand as a democratic candidate for governor this year, I feel I am complying with what appears to be the unanimous request of a united and harmonious democratic party, and of many individual citizens affiliating with other political parties. I am requested to continue the fight waged two years ago for a reduction in state taxes and for honesty in public office. The people of this state were deceived by their state officials during the campaign two years ago as to the condition of the state finances and as a result of that dishonesty and deception the governor and a countless army of politicians are holding office today at the taxpayers expense and sorrow.

"As a result of a reckless disregard of the taxpayers interest state taxes have been more than doubled since my administration three years ago, to pay deficits that the present governor and his republican associates solemnly declared did not exist and to pay hundreds of employees at increased salaries that were not needed during my administration and will not be needed or retained if I am elected this year.

"The entire deficit of four and a half million dollars which the taxpayers are now paying in addition to an increase of thirty-five per cent in the cost of the present state administration is due entirely to the extravagance and inefficiency of the republican party since the close of my administration.

Says Deficit Increasing.

"There is at present another deficit in the states finances of more than a million dollars and it is increasing and will have to be paid by the taxpayers next year.

"The board of control has now a deficit in its funds of over two hundred and fifty thousand dollars and it is increasing and will have to be paid by the taxpayers next year.

Passenger Dies and Pilot Badly Injured in Fall

Machine Bursts into Flames After Crashing into Tree Near Marquette.

F. H. Craig, 40, wealthy aviation enthusiast and business man from Beaver, Pa., was killed and his body badly burned, Frank Yager, air mail pilot from Cheyenne, who suffered a possible skull fracture and other injuries, and 26 sacks of mail were burned when an air mail plane crashed and took fire near Marquette in Hamilton county about 3:30 Sunday morning.

The crash occurred when the plane flew close to the ground and struck a cottonwood tree, tearing the left wing from the machine. It turned over several times and all about 200 feet distant, bursting into flames.

Death was believed to have come to Craig in the fall before he was burned.

Craig Also a Flier.

Yager was also cut severely and suffered leg injuries. Another pilot, L. L. Bowen of Omaha, left the crash scene at 9 a. m. taking Yager and the two unburned sacks of mail to Cheyenne. Yager had been attended by a Marquette physician, meanwhile.

Examination was to be made today to learn if a skull fracture had occurred.

Craig at one time had owned a plane which he flew himself, according to dispatches from Pittsburgh. He was president of the Treadwell Construction company and the Midland Barge company of Midland, Pa.

Could Not Reach Body.

He had started Friday night on a business trip to Los Angeles, boarding the Boeing plane at Chicago. He leaves a widow, two sons and two daughters.
