## Man Tells Police How Bold Train Theft Executed

### \$17,000 of Loot Taken in Robbery is Recovered in Four Barrels at Home of Bootlegger.

Chicago, Feb. 27.—Confession of one man arrested as a suspect in Saturday's spectacular holding of a Grand Trunk train on the southwestern outskirts of the city, was announced Sunday night by police, following an all-night grilling of 25 suspects.

More than \$17,000 of the \$133,000 loot was recovered following several police raids.

While those in custody were held incommunicado Sunday night, the police, who bagged the suspects, said it was through the ready admissions of a woman, Mrs. William Donovan, wife of one of the suspects, that the most important information concerning the train holdup was learned.

**Woman's Story**

Mrs. Donovan, said the police, stated her husband was also a principal in the \$133,000 robbery of the same train near the same spot of Saturday's holdup, which took only six minutes and was executed without a single outward incident against the bandits. From her information, police announced, they raided the home of "Limp Charlie" Cleaver on the south side, where the \$17,000 in addition to \$900 in bonds, and five women and three men, including Cleaver, were arrested.

The man who confessed was named as William Donovan. He was reported to have told police that he and five others held up and robbed the train while the two unnamed railroad workers supplied them with

information enabling them to board the train which carried funds to meet the payroll of four Harvey factories. Harvey is an industrial suburb on the southwest side.

**\$17,000 Is Found**

It was at the home of Cleaver, a bootlegger, that members of the bandit gang planned to divide the loot of the train robbery, police said.

As they began a systematic search of Cleaver's house, a detective captain started to lift a bottle containing a yellow liquid.

"Don't drop that, or we'll all be killed," Cleaver cried. "That's dynamite soup."

The captain continued his search, however, and found the \$17,000 in currency and bonds in a flour barrel and in a jar of sugar, he said.

From Cleaver's home they raided Mrs. Litsinger and two men were arrested. Other raids followed, running the list of arrested suspects to 25.—Omaha Bee-News.

**PLATTS. SHOOTERS WIN**

From Wednesday's Daily.—Registering a total of 1,661, the Plattsburgh team defeated the American Legion team No. 2 in an Omaha Rifle association junior match Tuesday night at the Creighton university range.

Only one marksman fell below the 200-mark in his total, with William Hagen of the legion team turning in a high score of 354. The individual totals follow:

Plattsburgh—Douglas, 336; Trumble, 353; Pittman, 326; Beverage, 318; Taylor, 328.

Legion—Thorgersen, 342; Hagen, 354; Armstrong, 330; Papa, 237; Jones 332.

Get your school supplies at the **Bates Book and Stationery Store**, where you will find the complete line at all times.

## Mynard Community Club Has Fine Entertainment

Residents of This City and the Surrounding Locality Attend the Program.

On Friday evening the Mynard Community club held a very enjoyable meeting, and it was attended by a large crowd, including many visitors from nearby towns and surrounding neighborhood.

Mr. W. F. Nolte, president of the club, presided and called the meeting to order. Several songs by the audience were enjoyed by all, as many of them were parodies of familiar songs, as—"Pack up Your Troubles in Your Old Kit Bag," "Carry Me Back to Old Virginia," etc., with Mrs. Sherman Cole, leading in the singing and Mrs. Roy O. Cole, at the piano.

A splendid feature of the evening's entertainment, was a very interesting talk by Mrs. Roy Norris of Weeping Water, on 4-H club work. Everyone who ever heard this estimable lady realize her ability and the interest so much in this and other lines of endeavor. She urged the necessity of such club work for young folks in their teens, in order to interest them in a beneficial manner, in the raising of standard bred livestock and poultry, and in sewing, cooking and canning, by the use of up-to-date methods. Her demonstration team, Clifford Domingo and Milford Smith, accompanied her, and put on a very instructive demonstration. Their lecture on "Care and Feeding of Baby Chickens," was illustrated with a miniature brooder-house, feeding crate, etc. These appliances being constructed by the boys, shows the splendid training received in the 4-H club work, and the wonderful possibilities in store for our young people. After hearing the lecture by Mrs. Norris, the demonstration by her team of boys, it is hoped that there will be an effort made to have one or more such clubs organized in this community. The parents are urged to co-operate with the committee in charge, who are Myron Wiles and J. P. Falter and John Bauer of Plattsmouth. Besides the poultry club there are others to choose from, such as Calif. Pig and Baby Beef clubs.

Mr. T. H. Pollock was present at this meeting and called upon for a few remarks. Mr. Pollock, being one of the agricultural committee of the chamber of commerce, spoke briefly on some of the plans of this organization for the coming year, and expressed himself as interested in the promotion of the agricultural interests of this locality.

Mr. Cliff Wescott, also of the chamber of commerce of Plattsmouth, spoke in a complimentary manner of the enjoyment derived from these community gatherings, and of the co-operative spirit in which they are carried on. He especially praised the singing of the community songs.

During the short business meeting the various committees were called upon to report, and of the Betterment committee Mrs. Sherman Cole made an emphatic talk on neighborhood fellowship, in which she invited those who are not members of the Community club to join, so that we might all work and push together in unison, thus enabling us to accomplish the helpful things that these associations only can bring about. F. E. Drucker, also of this committee, talked on the urgent need of better roads, and of the lack of interest on the part of those who are responsible for the bad condition of the roads. Roy O. Cole chairman of the chair committee, reported that contributions had been received for 84 chairs, and that these had been ordered and would probably be here for use, at the next meeting.

After a brief intermission the program was continued with a group of songs by the school children of Eight Miles Grove school, with their teacher, Mrs. Anderson, accompanying. These songs were parodies of familiar tunes and were very clever compositions on "Chick Raising" which was in keeping with the preceding part of the program.

The next number was a piano duet by Mrs. C. L. Wiles and Alice Barbara Wiles, followed by a recitation by Mary Ann Pitz.

The audience was next given a real treat in the moving pictures by Emil Weyrich of Plattsmouth. They were very interesting and those that he, himself, took, were accompanied with a brief explanation.

With the closing of this meeting, Mr. Nolte expressed deep appreciation to those who contributed so splendidly to the evening's entertainment, and asked the audience to give a rising vote of thanks, to which they heartily responded.

## CANDIDATE FOR CONGRESS HERE

From Tuesday's Daily.—This morning John Wiltse, of Falls City, one of the candidates for the republican nomination for congress in the first district, was in the city to visit with the members of his political faith and to become acquainted with the voters of this locality. Mr. Wiltse has been state senator the first district for a number of years as well as mayor of Falls City and is one of the active party leaders in the state. He is the only candidate of his party that comes from the eastern part of the district as his opponents are chiefly located at Lincoln. Mr. Wiltse is an uncle of Irving Wiltse, who was for a number of years here in the Plattsmouth schools as a member of the high school faculty.

## FARM BUREAU NOTES

Copy for this Department furnished by County Agent

**10 Years of Service**

Mr. and Mrs. Fanning, Mrs. Snipes and myself had the pleasure of attending a banquet given in honor of Mr. A. H. DeLong, agricultural agent of Otoe county. This banquet was attended by eight or ten men from each precinct in the county and was given in appreciation of the splendid work Mr. DeLong has done for them during the 10 years that he has been with them, their first and only county agent.

## Big Hitches

Don't forget the Big Hitch demonstration that will be given Monday, April 2nd at 1:30 at Carl Day's farm, 2 miles south and one-half west of Weeping Water, and Tuesday, April 3rd at 1:30 at Elbert Wiles living one-fourth mile west of the gravel from Chas. Cook's farm near Plattsmouth.

## One Reason for Success

"The number of hours that a man works at profitable labor on the farm has much to do with his annual income," Prof H. C. Filley, chairman of the rural economics department of the agricultural college, said in his presentation of some new phases of the long-time agricultural program at the agricultural outlook meetings.

"There are many exceptions to the statement above," he admits, "but generally speaking the good manager who runs a general farm, spend some time mornings and evenings with milk cows, hogs and poultry, keeps busy during the dull farming season at side lines around the farm, and takes time to keep a record of his farm business to serve as a guide is the man who has been most prosperous during the past few years.

## March and April Chicks Are Best

Since the one big aim of raising chicks should be to replace some of the old birds in the present flock, March is the best month of the year to hatch heavy breeds and April the best month to hatch light breeds of chickens. Chicks hatched at this time of the year will develop normally thru the spring and summer season and be ready to lay in the fall before cold weather comes. After they once begin to lay it is possible to keep them in fairly high production throughout the winter months when egg prices are the highest.—L. R. Snipes, Co. Extension Agent.

## FURNISH FINE MUSIC

From Monday's Daily.—The Philathea class of the Methodist church last evening furnished the music for the evening service and gave some very fine numbers. Mrs. H. H. Howter leading the singing and also furnishing a solo number while Mrs. W. L. Heinrich and Mrs. W. A. Wells also gave a fine duet. The accompaniment was by Mrs. Harry Leosis at the piano and Mrs. B. G. Woodward at the organ.

## HANDLING RAWLEIGH PRODUCTS

I am now the representative of the Rawleigh products in this county, having taken over the business of H. E. Burdick and would appreciate the patronage of my friends over the county and assure them of the best of service and a most reliable line. ROY GREGG.

## Filings for Commissioner Shows Increase

George L. Farley, Republican and J. G. Meisinger, Democrat Are the Latest.

From Wednesday's Daily.—The race at the primaries for the office of county commissioner, promises to be more spirited as the result of the filing of an additional democratic candidate and the tossing of the hat of former county commissioner George L. Farley, into the republican lists for the office of commissioner.

The democratic filing was that of J. G. Meisinger, one of the old time residents of this locality and formerly a prominent farmer of Eight Mile Grove precinct and a well known and popular resident of this section of the county. Mr. Meisinger has moved from the farm to this city and now living in the south part of the city. He has had a long experience in handling the business affairs of his farm, as assessor of his precinct and in the handling of the business of his elevator company and with his ability should make a very acceptable candidate for the office. If nominated and elected should make a good man in the position.

The filing of Mr. Meisinger makes the third name to be entered on the democratic list, Commissioner C. D. Spangler of Murray and Charles L. Martin of this city, having also been placed in the race, altho Mr. Spangler has not as yet accepted the filing of the petition asking him to again make the race while Mr. Martin has made his filing.

The name of Mr. Farley is the only one so far to be entered on the republican ticket and seemingly he will have no opposition. Mr. Farley is at the present time deputy in the office of the county treasurer and was county commissioner from the first district for one term, he being succeeded in this office by Mr. Spangler. He has served as superintendent of schools and county assessor and is very familiar with the business affairs of the county and should make a strong candidate for his party at the fall election.

**Business stationery, programs and all kinds of job printing at the Journal office.**

## MANY ATTEND RECITAL

From Monday's Daily.—A number of the many music lovers of the city were at Omaha Sunday where they enjoyed the recital given at the municipal auditorium by I. J. Paderewski, the great composer and pianist. The recital was one of the finest that has been offered by this great Polish musician and the first in some years in Omaha. Among those from this city to attend the recital were Misses Margaret Engelkemeyer, Emma, Margaret and Louisa Albert, Catherine McClusky, Leona Hudson, Mildred Hall, Jessie M. Robertson, Mrs. W. A. Robertson and children, Vestetta and James, Mrs. John F. Gorder and daughter, Miss Martha, Mrs. J. M. Roberts, Charles Newasek.

## Two May Die From Injuries in Auto Wreck

Five Auburn Young People Are Victims of Accident Sunday Near Union.

From Monday's Daily.—A party of five young people of Auburn, en route from their homes to Omaha for a days' outing, are at the hospital at Nebraska City suffering from the effects of the injuries they received in the auto accident near Union Sunday morning.

The auto in which the party were riding was going at a good rate of speed just south of Union on the K. of T. highway when the accident occurred. A blowout of one of the tires caused the car to swing from the roadway and plunge over the side of a small culvert down into a ten foot ditch, the car turning over twice and badly injuring the occupants of the car as well as completely wrecking the auto, it being a mass of broken wreckage and from which the injured parties were extricated with the greatest difficulty.

Miss Dorothy Sloan, one of the more seriously injured, has been unconscious since the accident and it is thought received probable fatal injuries, while Miss Viola Duncan had her chest crushed so badly that it gives little hope of her recovery.

The face of Francis Avery, driver of the car, was smashed and it is thought that the young man will probably be badly disfigured as the result of the cuts and lacerations

that he sustained. The other members of the party, Elizabeth Sloan and Glenn Mayer, were not seriously injured.

The injured members of the party were taken on into Nebraska City in a passing bus and given treatment and where the most severely injured will have to remain until their cases can be more fully determined.

## EGGS FOR HATCHING

Fine Buff Orpington eggs for hatching 30c per dozen. Mrs. John Bornemeier, Murdock, Neb. f20-4tw
