Olaf Lundbergh

Nehawka, Nebr.

George Troop was a visitor on last Sunday at the home of his great uncle, George Troop and wife of Plattsmouth.

Mrs. Albert Wolfe and daughter, Miss Gladys, were over to Weeping Water on Monday afternoon of this week, where they went to have some dental work done.

Robert Taylor and the good wife were visiting last Sunday evening at the home of Mr. and Mrs. Hall Pollard, where all enjoyed the evening very pleasantly.

During the latter part of last week James Edwards moved from the C. W. Stone farm, southeast of Nehawka to a farm near Cedar Creek, where he will farm this summer.

Louis Carstensen of Avoca, was a visitor in Nehawka for a number of days last week and was visiting his many relatives as well as a large number of friends, returning to his home on Monday of this week.

Guy Stokes and the family who have been making their home in the farm between Nehawka and Union on the highway, moved to Louisville on last Monday, where they will make their home in the future.

W. A. Lewis, who has been farming on the Countryman place, moved on last Monday to the farm owned

by the Nehawka bank, where Guy Stokes formerly resided, and will farm the place for the coming season. Dr. and Mrs. John L. Barrett, were over to Union on last Monday where they were calling on Ralph Opp, who is at this time convalescing from one of the little fingers of Wm. Craig who got the member entangled in a buzz saw. After the amputation the member was feeling much better.

Do not think the ruddy proboscis which is closely associated with Dan Anderson is the result of excess. No, far from it. It is the result of a boil which is a special pet of Dan, not because he loves the boil, but because he has to get along with it, and is desired to do so as easily as possible.

Mrs. Black Not So Well. John Opp and the family were over to Omaha on last Sunday when they visited at the hospital with the sister of Mr. Opp, Mrs. Wm. Black, who is slowly recovering from an operation which she underwent some two weeks since. Mr. and Mrs. Opp were over a week since and found the sister making what they thought was good progress, but during the past week at times the patient was very poorly, but was showing some improvement on last Sunday. Her many friends are hoping this excellent woman may soon be in her usual health again.

KREMER IS ALL FOR AL. San Francisco, March 12.—Al Smith, governor of New York, was described as the "outstanding democratic candidate" for the presidency today by J. Bruce Kremer, democratic national committeeman from Montana. Mr. Kremer arrived here today from Havana.

"I feel that Smith is the outstanding democratic candidate despite my close friendship for Senator Walsh," Mr. Kremer said.

Montana delegates expected to take the Montana delegation with him to the convention and while I would like to see him win, there is no use talking of such a dubious circumstance. Smith has the northwest solid. This issue is not prohibition, but liberalization. This is the keynote of democracy and includes a change in the eighteenth amendment and relief to the farmer. If the party does these things it will win."

COMMUNITY MEETING AT FAIRVIEW SCHOOL. The Fairview school district will hold a community meeting on Tuesday evening, March 20, at the school house. A program is being prepared and W. Gaines, chief of the University of Nebraska Extension work, will be present to talk upon an interesting subject.

Mr. Gaines is no stranger to this community and he always draws a big house by his eloquence as well as by his pleasing individuality. He was at one time at the head of the Louisville schools. County Agent L. R. Snipes will also be present. Refreshments will be served and the public is cordially invited. 14-117

TRIM BELLEVUE. From Tuesday's Daily. The local Boy Scout basketball team had little difficulty taking the Bellevue Scouts into camp last night with a total of 29 points as against 6 for the suburban five. The score at the half was 23-3 for the locals and practically every player on the squad got into action. Hutton and Bushnell were the high scorers for the Plattter Scouts with Farmer and Wiles starting at guard and Bob Hartford at the other forward position.

A return game will be played with Bellevue there a week from tonight.

If you are planning to observe St. Patrick's day with a bit of the green, the Shamrocks at the Bates Book & Gift shop will solve your problem in a hurry.

Great Time in Store for All at Legion Carnival dance in Plattsmouth Sat. night. It's St. Patrick's, you know. See the ad on page 6.

Attend Happy Hundred. A number of citizens of Nehawka accepted the invitation of the Happy Hundred club of Plattsmouth to enjoy a dinner with the club on last Tuesday evening, and where all enjoyed the evening very pleasantly. In the discussions which followed, the aim was very pronouncedly in

favor and all the towns in the county exerting all they could to benefit all the towns as well as the rural districts, and in this feeling entertained by all the people and all working together, the entire county should be greatly benefited in many ways. Among those attending, were D. C. West, Frank P. Sheldon, Walter J. Wunderlich, J. H. Steffens, V. P. Sheldon, Glen Rutledge and George C. Sheldon.

Mrs. Black Not So Well. John Opp and the family were over to Omaha on last Sunday when they visited at the hospital with the sister of Mr. Opp, Mrs. Wm. Black, who is slowly recovering from an operation which she underwent some two weeks since. PERU BOBCATS LOSE OUT IN NATIONAL CAGE MEET

Kansas City, Mo., March 12.—McPherson college, McPherson, Kas., cut short the championship aspirations of the Peru Teachers, Peru, Neb., by a 45 to 31 score in the first round of the national A. A. U. basketball tournament here. The game was close through the first half, the Kansas holding at 23 to 21 advantage at the end of the period. Peru wilted under the McPherson attack in the second half, however, and led by Miller, center, who caged seven goals, the Kansas gained a commanding lead they held to the end. Summary:

Over 700 are Missing After Dam Collapses

Property Loss Runs Into Millions as Wall of Water Rushes Down Canyon—Many Dead.

Newhall, Cal., March 13.—A rapidly mounting death toll from the great torrent that swept into San Francisco canyon from the huge St. Francis dam tonight showed 74 persons had lost their lives, while upwards of seven hundred more persons were reported missing. Fifty of the bodies have been identified.

In the wake of the tremendous flood of water loosed upon the sleeping residents of the fertile valley, property damage was variously estimated at from 10 million dollars to 30 million dollars. The breaking of the giant dam under pressure of 12 billion gallons of water at 12:30 a. m. released a 75-foot wall of water on the inhabitants.

An army of rescue workers tonight carried on a ceaseless search for more bodies in the engulfed valley, where homes lay crumpled in ruins. The dam gave way this morning, the east and west wings collapsing and down the beautiful canyon, dotted with citrus groves, rushed the devastating barrage.

Mrs. A. M. Rumsey, postmistress at Saugus, a nearby town, declared tonight that for 10 days ranchers living in the shadow of the St. Francis dam had "talked of nothing else" but reported leaks in the structure and the possibility of the disaster that wrecked their homes and wiped out their families today.

At Santa Paula, approximately 20 miles from the destroyed dam, the south end of town, comprising the Mexican quarter, was carried away. This section ordinarily housed between six hundred and a thousand persons. Ten bridges were washed out in this region including the finest span in Ventura county, that at Bardsdale.

Auto Driver Tells Story. As the list of recovered bodies grew tonight until the body of the two hundred and seventy-fourth victim had been recovered, Mrs. Rumsey said that ranchers in San Francisco canyon had repeatedly told her it "would be the end of them" if the dam ever gave way.

Supporting Mrs. Rumsey's statement of rumored leaks in the great wall that until last night held back 33 thousand acre feet of water for the summer supply of the city of Los Angeles, were reports obtained by investigating officers from motorists who had driven through the canyon late Monday.

One auto driver, according to the investigators, stated that while driving up the canyon road with his wife and family he saw an unusual quantity of muddy water coursing through the ordinarily dry stream bed.

The autoist, said the officers, drove up to the dam expecting to see water coming over the spillway, but found none flowing. Driving closer, he said he noticed that the water behind the buttress was within three feet of the top and that the spillway gates apparently were closed, although there was a good stream running down the canyon.

Saw Dynamites. Farther along the road the auto-

ist reported he found a gang of workmen drilling holes apparently in preparation for dynamite blasts to blow off the shoulder of a hill not more than two hundred feet from the dam. "And it was then," the officers reported the autoist as saying, "I remarked to my wife that it looked like a pretty heavy charge to set off so close to the dam. We were in the hills until nearly 7 o'clock in the evening, and I am certain the blast was not set off until that hour for we undoubtedly would have heard it. The majority of the water's victims were not drowned, but were killed by rolling boulders and heavy pieces of wreckage. In addition to wrecking the costly new dam, the unleached waters played havoc with homes, ranches, railroad lines, telegraph and telephone systems, light and power wires, gas mains, roads and bridges. Computation of the damage to hundreds of homes probably will take weeks and even those familiar with the district would not hazard an accurate guess on this class of loss. Ventura county authorities estimated the property loss in the Santa Clara valley at around three million dollars, while in Los Angeles county figures will exceed that total. Aggregate estimates of damage ran from 10 million to 30 million dollars. Owing to the small number of injured no pressing need has been found for medical supplies, but clothing is at a premium in New-

UNCOVER OLDEST GRAVE
Philadelphia, March 11.—The oldest grave thus far found in Ur of the Chaldees, the home of Abraham, is believed to have been uncovered by archaeologists of the joint expedition of the University of Pennsylvania museum and the British museum. The grave is remarkable for its architecture and, altho plundered in antiquity, still contained a number of objects of unusual interest. The discovery was learned here in a report received today from the expedition which was brought to a close at its sixth season's work in ancient Mesopotamia.
