

Greenwood Department!

Prepared in the Interest of the People of Greenwood and Surrounding Vicinity

Mrs. E. A. Landon was a visitor in Ashland and guest of E. E. Buck on last Wednesday.

Mr. and Mrs. A. N. Wright and Miss Catherine Coleman were visiting in Ashland for the day on last Saturday.

Nels Emelund was looking after some business matters in Ashland on Wednesday of last week, driving over in his car.

O. F. Peters was out to the farm on last Wednesday where he was assisting in getting wood sawed for the coming year.

Mrs. Rex Peters was a visitor in Lincoln on last Thursday evening, where she went to attend a play in which she was especially interested.

John E. Weideman of Lincoln was looking after some business matters in Greenwood on last week, driving over from the bitg city in his car.

A. R. Birdsall was called to Lincoln on last Wednesday afternoon, where he was making some purchases for his cafe, and also looking after other business.

O. D. Sherman, living northeast of Greenwood was looking after some business matters in the county seat a short time since, driving over to the big town in his car.

The enterprising firm of Mathews and Peterson during the past week had their new sign announcing "Ladies Rest Room" electrified and now at night it shows quite nicely.

E. F. Smith, the enterprising druggist is completely overhauling his soda fountain that he may have it entirely kept in the most delightful cool state by the frigidate process.

Phillip Reese, the manager of the Ashland Oil company of Greenwood was visiting on last Sunday at the office of the company at Ashland, where he was visiting for a short time.

The firm of White and Bucknell have been nearly out of commission for the past week, on account of the grippe, and from which they have now about recovered. However the little son of Mr. Bucknell is still rather poorly.

Messrs. Ralph Rager and John E. Scheel, both from near Murdock, who were looking after some business matters in Lincoln last Wednesday stopped for a short time in Greenwood to look after some business and meet their friends.

C. E. Calfee, the hustler who conducts the harness shop and market, has been about put out of commission on account of a cold which he has had during the past week. He, however, is getting slightly over the malady at this time.

Glen Coleman, who makes his home at Sheridan, Wyoming, and who is a student at the state university, was a visitor for over the week end last week at the home of Mr. and Mrs. E. A. Landon and A. N. Wright of Greenwood and enjoyed the visit very much.

Orville Lovell, the driver of the Standard Oil truck, was taken with an attack of the flu early last week, which kept this gentleman from his regular work and so Carl Weideman, the manager of the company for Greenwood and the adjacent vicinity was looking after the deliveries.

The General Kensington of Greenwood are holding its regular meeting at the I. O. O. F. hall in Greenwood on Tuesday evening, and at which time a general good time was enjoyed with 500 at cards, and eats which were well worthy to be the food for a king. The hostesses for the occasion will be Mesdames Goodhard Vant, A. F. Weibke and Carl Weideman. This is ending the season's entertainment of the ladies, and it is claimed but with a shadow of doubt, that the men will give one entertainment in return.

Secured the Car Thief.

Last Wednesday morning early, some one stole a car belonging to the World-Herald, somewhere west of Milford, and as they were coming east, they driving with a mixture of gasoline and booze, they collided with a truck load of cattle west of Lincoln, in which the car, the truck and a portion of the people were put out of commission. The driver of the stolen car was the most seriously injured, and had to be taken to a hospital. The other man, who was but slightly injured, having a severe cut in his forehead, which was patched by Dr. Worthman of Louisville, who

was passing, took passage in a farmer's truck which was passing and bound for Omaha. When the truck of the farmer, containing the fleeing car perlonier, reached Greenwood the truck was not able to go farther so they both waited for the train which leaves Greenwood for the east, at about eight-thirty, and boarded it. Soon thereafter the police from Lincoln arrived in hot chase, after the man whom they were led to believe had stolen the car, and finding him gone, phoned to Omaha, where he was apprehended on the train.

Establishing New Station.

The Corvill Oil company of Lincoln have acquired a spot of ground in the southwest portion of Greenwood and have given the contract of the erection of a new building for an oil station to Gus Sorman, who is pushing the erection of the plant as rapidly as can be consistently done. The materials were secured from the Searle Chapin Lumber Co.

Mules and Horses.

I have a number of good mules and horses, will sell in matched teams or singly, to suit, they are good and sound and true to work. Or will exchange to suit. P. A. Sanborn Service, Greenwood. m26-tfw

Hold Second Banquet.

The members of the Greenwood commercial club held their second banquet on Thursday of last week, the banquet being served at the cafe of Mr. and Mrs. A. R. Birdsall, and at which time a most delightful time was had.

This getting together of the members of the business association of any city is an excellent practice for all interests of the entire community becomes the interest of all others and by the co-operation of all, all can be best benefited.

One On Bill.

One on Bill, was the name of the Junior class play which was given by the Junior class of the Greenwood high school on last Friday at the Masonic hall and was well attended by the people of Greenwood and vicinity, and highly appreciated. The play was well presented and denoted good sponsoring as well as good ability of those who presented the play.

Will Give Big Sale.

The enterprising firm of White & Bucknell, who conduct the department store of hardware and furniture are holding a mammoth sale during the present week. See the bargains which they are offering in this week's Journal, and not alone read them, but profit by the offerings which they are making.

Home Burned Last Week.

The home of E. E. Buck and the family was burned to the ground last week in Ashland by a fire, and but little of the goods were saved. The origin of the fire was unknown, but it is thought to have started in the attic above the kitchen. They moved into the house across the way until the place could be rebuilt.

CAPTAIN METCALF HERE

From Saturday's Dall— This morning Buchler Metcalf, well known Omaha real estate man and also one of the active democratic leaders of that city, was here for a few hours visiting friends while en route home from Nebraska City. Mr. Metcalf is a former captain in the world war and has a particular interest in this city as a large number of his former company in the 6th Nebraska Infantry reside in this city. While here Mr. Metcalf was pressed for time and was unable to greet only a few of the old time associates, but the occasion was most pleasant for the former comrades in arms. Those here associated with Mr. Metcalf in the service include Ray Larson, Henry G. Soennichsen, Frank Smith, M. D. Brown, Albert Kearns, Otto Lutz, Emil Pfunder, Arthur Sampson and Ernest L. Trumble.

WHITE LEGHORN HATCHING EGGS from extra heavy laying strain, headed by cockers from trap-nested flocks. \$3.50 per 100.

Visitors Welcome! Hatchery 2 miles East of Greenwood on Louisville Road.

State Guaranty Commission is to Make Settlement

Guaranty Fund Commission Has \$3,000,000 in Collections; Fund Contains Near \$1,000,000.

Secretary Bliss of the state department of trade and commerce has sent to each bank in the state a notice of the amount of special assessment of one-fourth of 1 per cent levied and to be credited to the depositors' guaranty fund April 3. The total assessment will bring in about \$650,000 which with \$253,874 will make a total of \$903,874 in the guaranty fund.

This is almost enough to call in a total of \$1,099,034 of receivers' certificates now outstanding.

In addition, according to Secretary Peterson of the guaranty fund commission, which handles failed banks and state-operated banks, there is now available \$3,000,000 of cash derived from assets of failed banks and state-operated banks. There is now available \$3,000,000 of cash derived from assets of failed banks for payment of depositors. Considerable cash from assets has been paid out recently and more is to be paid out soon. Lack of office force and room in which work is given as one reason why this cash has not been paid out more rapidly.

Mr. Peterson is to compile a quarterly report under date of April 1 which will contain details of the condition of affairs handled by the commission.

Secretary Peterson's plan, in opposition to the constitutional amendment proposed by the newly organized Citizens Guaranty Fund Union, is understood to contemplate payment of all deposits in failed banks within four years by the use of the present law and constitution, with some possible changes in court rulings if these can be obtained.

Suits by the commission now pending are to be pushed, with a view to obtaining a reversal of the supreme court's decision that interest on deposits must be paid from the time a bank closes.

Another suit is expected to result in allowance of judgments to depositors but not as preferred claims that can be used to force liquidation of a state-operated bank, the judgment holder to share pro rata with other claimants against the bank.

Under the Peterson plan it is alleged 70 per cent of deposits can be and are being paid out of assets of failed banks, with only 30 per cent to be drawn from the guaranty fund a fund that can be replenished at least \$1,500,000 a year by assessment, and that all depositors can be paid in full within four years.

In support of the newly adopted plan of the commission, which contemplates paying deposits of failed banks only as assets are liquidated, the commission reports that it makes every depositor an assistant collector and that valuable information has been received from depositors. Immediate payment of depositors, as of old, resulted in all depositors aiding each other, often to cover up property secured by notes and to make collection on notes often impossible. Depositors are becoming used to waiting for their money, and they do not object and are even willing to do without interest, if they know they will ultimately get it, according to Secretary Peterson.

While some members of the Citizens Guaranty Fund Union are talking of liabilities of the guaranty fund as being \$20,000,000 or more, Secretary Peterson says that with assets on hand considered, the liability is not to exceed \$8,000,000.

LEEVE BREAK THREATENED

Sacramento, Calif., March 28.—A threatened break of a levee at Nicolaus, twenty-five miles north of here was the only serious aspect of the flood situation remaining in northern California today. Rivers were receding and plans went forward to repair the damage caused by the high waters.

Nicolaus, a community of 200 residents, was in danger of being flooded by the bursting of the Feather river levee. Engineers said the levee could not withstand the pressure of the flood waters.

JOHN W. EDMUNDS THE MAN

The many friends of Mr. John W. Edmunds gave evidence of their appreciation of an excellent man, when they assembled on Sunday at the Presbyterian church at Murray, to pay their last tribute of respect, to a real man among men. For more than fifty years he had been one of the leading spirits in this portion of Nebraska and had made his home in Murray during its existence, and always a friend of the man who needed a friend. He has prospered, but never at the expense of another. We remember only a few days before the summons came we were in his place of business, and in a chat with this man who has had so much to do with the making of the hustling town of Murray, his conversation breathed optimism, and good for all. No one had a complaint of the treatment of this man, but many had good words and blessings for him, as he was a man who was always seeking to do a good turn to all he met. His friends were legion, which was attested by the large crowd who gathered to give honor to this grand old man.

The funeral was held at the Presbyterian church, where he has worshipped for so many years, and the remains were laid to rest at the beautiful Methodist cemetery at Wyoming, where they await the sound of the trumpet of the Angel of the resurrection. That the world might have more such men as Uncle John W. Edmunds.

TOOL DEMAND AN INDEX

Washington, March 29.—Business conditions over the United States are showing a general betterment over recent months in the opinion of Secretary Hoover. A number of indices maintained by the commerce department are noted by the secretary as evidence of improvement.

One of the key lines of industry watched by the department observers, Mr. Hoover added, is the production of machine tools. Equipment of this description is being more eagerly sought now than for months and the output is increasing in response to the call of industry generally for more equipment and greater production.

chine was reported in Japanese silk prices.

In nonferrous metals, further advances in zinc prices featured the week, altho copper was a shade lower. Cheerful reports from the Atlantic northwest created new optimism in the hardwood markets in the Mississippi valley were rather quiet. The stock market continued to boil with activity, sales exceeding 3,000,000 shares for eleven consecutive full days, and surpassing the 2,000,000 mark on two straight Saturdays.

\$1,000 PRICE OF BOY'S LIFE

Stromsburg, March 30.—The \$5,000 damage suit brought against Sheriff Roy Van Husen of Polk county by Mrs. W. L. Cochran of Col

umbus for the death of her son, Herbert, 16, at the hands of Fred L. Johnson, special deputy, has been settled out of court on payments of \$1,000, according to reports.

Herbert Cochran was killed March 29, 1926, when he was alleged to have been rolling dice with companions on a street corner in Osceola and attempted to escape when accosted by Johnson. The officer fired two shots, one of which killed Cochran almost instantly. Johnson was found guilty of manslaughter and is serving time at the state penitentiary.
