Wescott's

UNVEIL CHURCH MARKER

Bellevue, Neb., April 2.—Members of Omaha chapter Daughters of American Revolution, Sunday unveiled and dedicated a drinking fountain in commemoration of the establishment of the first church in Nebraska. The fountain is on the lawn of the Bellevue Presbyterian church.

The base of the fountain is a stone taken from the old home of Judge Ferguson, first judge of Nebraska territory. A. E. Sheldon, president of the Nebraska State Historical society, spoke. Dr. Larimore C. Denise of Omaha sketched the early religious history of Nebraska.

Walter Kiechel Johnson, Nebraska, is a candidate for the Republican nomination for Congress. He is a farmer who has the education, experience and energy necessary to render real service to our people. He is being supported not only by farmers and laboring men, but by business and professional men all over the First district. Your vote is solicited!

WOULD ERECT MEMORIAL

New York, April 3.—A movement to reunite in a single burial plot in this country an American fighting team of the air which death separated in the World war was projected today by the American Society for the Promotion of Aviation and the Joseph Wehner post, Veterans of Foreign Wars, of Everett, Mass. The two organizations announced plans to bring the bodies of Lieut. Frank Luke of Phoenix, Ariz., and Lieut. Joseph Wehner of Everett, who were killed in action back to America for burial side by side, and to erect a monument in France to their memory.

To the **Republican Voters** OF THE FIRST CONGRESSIONAL DISTRICT

The time for selecting your candidate for Congress is at hand. I want again to state my position on important subjects.

There should be strict enforcement of all law. The violation of the Volstead act tends directly to the overthrow of the constitution itself. There should be no paltering with violators. Congress should appropriate for strict enforcement.

The Sherman anti-trust law and other anti-trust laws are being violated. They were enacted to protect the toiling masses against organized greed. The welfare of the country demands their rigid enforcement.

I oppose the proposal to make the Missouri river navigable. I concede that it is an engineering possibility but only at staggering price. It would cost billions of dollars to make it navigable and millions every year to maintain it. The scheme is that these millions and billions shall be collected from the people in taxes.

I can ship wheat, or corn, from my farm at Verdon, by rail, to Kansas City for less than I could haul it to the Missouri river, sixteen miles distant on the Missouri river. I could not ship hogs, cattle, hay or any other products of my farm by water.

As a farmer, I am in favor of legislation that will put the farmer on an equality with the industrial producer.

Yours truly,

Thomas L. Hall
