ICY BALL

The new marvel. See it work at Lundberg's. Nothing to get out of order. Priced very reasonable! Ask for Demonstration at the Garage

Olaf Lundbergh

Nehawka, Nebr.

The entire family of John Opp, was quite severely ill for a greater portion of last week, but early this week were reported as feeling some better.

Monday afternoon Mr. and Mrs. J. S. Rough and Mr. Walker Bates were all over to Plattsmouth, where they enjoyed a very pleasant visit as well as looking after some business.

Miss Edith Schumaker, daughter of Mr. and Mrs. Fred Schumaker of north of Nehawka, was quite ill for a number of days last week, but is reported as being quite a bit better at this time.

Louis Ross, who has been having much trouble for some time with an infected hand, which became so from a very small injury, which became infected, is reported as getting along nicely at this time.

Messrs. Miller and Gruber have been very busy for some time past, with the constructing of a foundation for a barn at the home of C. W. Stone, they having a lot of good work to do at this time.

Albert Wolfe, who is working in the Brendel barber shop at this time came home for over Sunday, the daughter Miss Gladys, going after the father Sunday morning, and Mr. Brendel coming for him on Monday morning.

Mr. and Mrs. C. Steffens of Lorton, parents of J. H. Steffens and Mrs. Albert Anderson, were visiting in Nehawka on last Sunday, being guests at the home of Dick Steffens and wife, the two Mr. Steffens being brothers.

L. C. Todd of Imperial and Mrs. Mary Bonner of Imperial were visiting in Nehawka and vicinity for a number of days during last and this week, they driving in with their car from the western portion of the state and enjoying the visit here.

Mrs. J. H. Palmer, who has been kept to her home and bed for some time past with a very severe attack of intestinal flu, is reported at this time as being considerably better, and it is hoped that she may be able to be out again in a short time.

Mrs. Lena Frans who went to Omaha last week, was offered a position as an operator in a beauty shoppe, and accepted the place, which is a good paying position, and as Mrs. Frans is a very clever operator in this line, she will draw a very acceptable salary.

Mrs. D. H. Wilson of Crete accompanied by her daughter, Catherine, and son, Donald, were visiting in Nehawka at the home of Grandfather

NOTICE!

Having taken the agency for the Aermotor Windmill and repairs for Murray and Nehawka, would appreciate your call for anything in windmills or repairs. Also oil for windmills.

H. M. Smith

Nehawka Nebraska
Route 1—Box 65

and Grandmother J. S. Rough, and on last Saturday Mr. Wilson came over and all returned home last Sunday after having enjoyed a most splendid visit.

Miss Ruth Marshall of Hastings, came in last Saturday for the Cantata which was being put on by her friend Paul Schlictemeier, at the Union Baptist church on last Sunday morning and also at Nehawka in the afternoon, and also visited at the home of Frank Schlictemeier for over the week end.

Frank Robb has just had the room which he used for a cafe repapered and otherwise decorated, and which has added much to its appearance. The storm, while innocent enough in its character, but the weight of the snow broke the high power lines and left the city of Nehawka without electricity, and destroyed a quantity of the ice cream and also the Eskimo pies which both Mr. Robb and D. D. Adams had in stock, as the frigidaire machines could not work on account of the lack of juice.

Now we hear of some of the big boys of Nehawka, some of them nearly four score of years, who has been dicker for a calf, and it was finally sold for a good figure and in order to have some sport went to some of his friends and offered five dollars to any one who would purchase the calf for him, but found no takers, as they were on to his game, as he wanted his friends to give him five dollars if they failed to make the purchase. So the laugh was on the purchaser of the calf, in the end.

Bring in Your Mares.

Bring in your mares, all you want at one time and we will care for your needs. I have two purebred Perchoen Stallions and one high quality Jack.

JULIUS RUEHMANN,
a12-tfw
Nehawka.

Officers Elected for City.

The election day, which was last Tuesday, was a new high added to the board for the city as well as the completing of the board of education, supplying the vacancies of the outgoing officials. On the city board J. H. Steffens and Henry M. Pollard were selected, while Nicholas Klaur was elected to succeed himself as police judge. The board of education was completed by the election of George C. Sheldon and J. H. Steffens.

Fire Does Damage.

While the wind was blowing rather fiercely a few days since, the sawmill owned by P. R. Cunningham, caught fire and did considerable damage, in the mill proper, as well as destroying some six thousand feet of lumber which had just been sawed. However it was fortunate that the fire was gotten out before more damage was done.

Undergoes Operation Saturday

Walter J. Wunderlich, who has been troubled for some time past with repeated attacks of appendicitis, has been feeling rather poorly for some time past and on last Saturday went to Lincoln, where after an examination he underwent an operation for relief from the malady and is reported as getting along very nicely at this time. It will be some time before Walter will be able to return home, but he is reported as getting along nicely.

Set Back Many Years.

The city of Nehawka, which is one of the very progressing little cities of the middle west, was given a set back last week when the snow storm

came and devastated the phone and electric lines, and plunged the city in total darkness, which remained for a number of days. The stores were lighted with candles and kerosene lamps, for a number of days.

The people did not realize how fine it was to have light a plenty, until it was taken away from them.

Burial Vaults

You care well for your loved ones while alive. One of our concrete vaults protects their remains when buried. An absolute guarantee.

MILLER & GRUBER,
Nehawka, Nebr.

Have Excellent Play.

The Senior class of the Nehawka High school gave their class play on last Friday evening, which they have been preparing for some time, and which was listened to and enjoyed by a large and very appreciative audience. The class was placed under very extreme difficulties, in their presenting of the play, as the storm of Thursday night prostrated the light wires, and other lights had to be improvised, before the play could be presented. Notwithstanding the handicap, they were very successful in their presentation of the play, "A House With a Thousand Thrills" and well named at that.

Entertained the Ladies.

Mrs. Hall Pollard at her home southwest of Nehawka on last Friday notwithstanding the very heavy snow entertained the Ladies Literary club, of Nehawka, and many from town were out to enjoy the very fine program which was presented as well as enjoy the very excellent sociability which prevailed the home, and also the delightful refreshments which were served by that charming hostess.

Barn Yard Twins Orchestra

plays for Legion dance, Plattsmouth, Saturday night. See ad, page 4.

Meet With Union Lodge.

The Masons of Nehawka, and where most of the Masons of Union hold their membership were over to Union on last Sunday and listened to a most inspiring discourse which was conducted by the Rev. W. A. Taylor, and enjoyed the very excellent program which was put on by a club of sinners from each town.

FARM BUREAU NOTES

Copy for this Department furnished by County Agent

April 20th Feeders Day
Every cattle feeder in Cass county should plan to attend Feeders Day. Some results of experimental feeding of cattle and sheep will be given. It is well worth your time to attend.

Hog Lice and Mange
There are 5 methods of treating external parasites of hogs: Hand application, spraying, hog dippers, medicated wallows, and dipping. Dipping is the best method and should be used if practical. When pigs are 3 weeks old the sow and pigs may be dipped with undue risk, but all of the pigs of the litter should be dipped or treated in the same manner. If they are not, the sow may refuse to own those that are not dipped. Crude petroleum is effective and economical for dipping hogs for mange and lice. Lime sulphur dip can be used to good advantage. This can be bought in a liquid. Bulletins may be had from the Farm Bureau office telling how to make lime sulphur dip if you cannot buy it. Ask for Farmers Bulletin No. 1085, "Hog Lice and Mange."

County Achievement Days.
The county-wide achievement days of all the women's clubs that have been taking the Time Savers in Construction project during the past year will be held at Weeping Water on April 19th and at Elmwood April 20th. The meeting and program will be a finish-up of the work accomplished this year by the different clubs.

Mrs. Daisy Smith and Mrs. John Fischer, County Clerks for the past year, and County Agent L. R. Snipes have been busy lately arranging for the meeting. The meeting at Weeping Water will be held at the Congregational church and the one at Elmwood in the American Legion building. Community singing will be part of the program each day. The public is invited and urged to attend these meetings which are free to everyone. The program begins at 1:30 o'clock each day.

How Clean Is Clean?
Poultry sanitation has been termed the greatest problem of the poultry industry in Nebraska. Clean feed, clean water, clean surroundings for the chickens have been advocated as necessary for success. This is especially true where chickens have been raised for years on the same ground and with the same equipment. It is a well known fact that no animal can live in a thrifty condition for any extent of time in close contact with its own fecal. When chickens must pick their feed out of their own filth, they pick up many disease germs and parasites. Clean feed has been defined as feed that does not come in contact with chicken manure. Clean water is said to be water that has not been contaminated by filth or manure. Clean surroundings mean houses that are cleaned, scrubbed, and scalded, equipment that gets the same treatment frequently, and ground that has not had chickens on it before or that is practical and profitable for it enables the poultrymen to raise and keep poultry in healthy, productive condition without the use of dopes and medicines of doubtful value.—L. R. Snipes, Co. Extension Agent.

HANDLING RAWLEIGH PRODUCTS.
I am now the representative of the Rawleigh products in this county, having taken over the business of H. E. Burdick and would appreciate the patronage of my friends over the county and assure them of the best of service and a most reliable line.
ROY GREGG.

"The Engine worked much smoother and got much more mileage per gallon"

MR. MORRIS FOWLER of Arcadia, Nebraska, whose specialty is raising pure-bred Poland China Swine, wrote this about Red Crown Ethyl Gasoline:—

"I have been using Red Crown Ethyl Gasoline since March 15th (1927) and will say this. I drive a Ford on the road every day. It was getting hard to start and on hard pulls it seemed to have a knock of some kind. Didn't seem to have much power. After using Red Crown Ethyl Gasoline it quit the knock. The engine worked much smoother and I got much more mileage per gallon.

"I had to shut my carburetor off a quarter turn. I am certainly well pleased with the gas".

More power, freedom from knocks and real economy are three good reasons for using Red Crown Ethyl Gasoline in any motor. Give this improved fuel a chance to show what it can do for you. It is a matchless combination—Ethyl Brand of Anti-Knock Compound and always reliable Red Crown Gasoline. It won't hurt any part of your motor. It will give you more responsive, more powerful, more satisfactory and more economical operation.

Sold by reliable dealers and Red Crown Service Stations everywhere in Nebraska.
