### TRAMMELL NOMINATED

Jacksonville, Fla., June 7.—Renomination of Senator Park Trammell, victory for Mrs. Ruth Bryan Owen, daughter of the late W. J. Bryan, in her race for congress, and the first choice selection of Doyle E. Carlton, Tampa, for governor was indicated tonight in unofficial returns from Tuesday's democratic primary.

With more than two-thirds of the vote reported in those contests, Senator Trammell had increased his lead to almost 30 thousand over Governor John W. Martin, who opposed him; Mrs. Owen was more than 10 thousand up on Representative W. J. Sears in the Fourth district, and Carlton had about the same margin

over the nearest of his four opponents.

Candidates credited with opposing Governor Al Smith for the presidential nomination were leading in available returns from contests for delegate to the national convention in the at large group and in one district, while several who generally were acknowledged as supporters of the Smith cause trailed well behind.

### FAIL TO VERIFY CHANG RUMOR

Tokyo, Japan, June 5.—There was no confirmation here today of two newspapers reports that Chang Tso-Lin, former dictator of Peking, had succumbed to injuries received when his train was bombed on the out-

skirts of Mukden early yesterday. Two Japanese newspapers received this report from Mukden and the correspondent of both said that the death was being kept a dark secret.

The anti-Japanese sentiment which flared up in Mukden because of rumors that the Japanese were responsible for the bombing, has died down. The rumors had their origin in the fact that the outrage took place within an area which normally is guarded by Japanese troops. It was pointed out, however, that two days previously the Japanese soldiers were withdrawn from that area at the request of the Chinese authorities.
