Eagles Endorse the Pension Plan for Old Age

State Aerie, Meeting at Omaha This Week, Names Wilbur Hewitt of This City Chaplain.

From Wednesday's Daily—

The state aerie of the Fraternal Order of Eagles at their meeting in the Hotel Rome at Omaha yesterday held their annual election of officers and in their selection named one of the active workers in the Plattsmouth aerie, Wilbur Hewitt, past worthy president, as the state chaplain. The aerie named P. J. McCaffery of Columbus, as grand worthy president of the order.

The other officers were: Thomas M. Dillon, Grand Island, vice president; John C. Miller, Nebraska City, treasurer; Frank A. Matthews, Omaha, secretary; Vernon Pope, York, inside guard; R. P. Morgan, Alliance, outside guard; S. R. McFarland, Norfolk and E. Pitzrus, Hastings, trustees.

The state aerie also passed a resolution endorsing the old age pension plan and favoring the abolishment of public owned poorhouses, these to be supplanted by the pension plan, the cost of which is to be borne by taxation.

According to P. J. McGinley, representing the grand aerie, the Eagles were the promoters of the plan to do away with the poorhouse, and substitute the pension plan. They have put it through in eight states, according to Mr. McGinley, and legislation will be tried this winter in Nebraska.

The money is to be raised by taxation, and according to figures presented by Mr. McGinley, will be cheaper for the taxpayer than the present plan, besides being more convenient and pleasant for the one who receives the charity. The order found that in Idaho the average cost of keeping one person is \$30 per month.

In the contest between the Plattsmouth and the South Omaha drill teams in the exemplification of the ritual last evening, the prize cup was awarded to the South Omaha team.

Strawberries at their best

You will learn how good strawberries really can be when you eat them with **Shredded Wheat**. For breakfast, lunch or supper this food combination is the best treat of the season. The distinctive flavor of crisp, toasted whole wheat blends wonderfully with the milk and the fruit. It's an easily digested food combination too. Shredded Wheat is nothing but selected whole wheat, shredded and thoroughly baked. And with twelve full size biscuits in every package it's an economical food as well.

A Big Ditch and a Broken Binder

It will soon be harvest time and binders will be clicking away in every grain field. It may be that the binder will quit clicking suddenly when you attempt to cross that big ditch back on the west eighty. More than one binder frame is broken each year in crossing ditches and that is not the worst feature about the big gully.

The first thing we know the little ditch has become a big gully. If this has already happened it is probable that the soil saving dam is about the only thing now. The soil saving dam can be used to stop gulleys of almost any size. It is simply an earth dam built across the ditch with a drainage tube placed beneath it. The flood coming down the ditch is stopped by the dam and the silt settles out.

Several demonstrations will be conducted this year in this county showing how these dams are constructed. If you have a ditch which is getting beyond control with ordinary means you should attend one of these demonstrations.

Woman Extension Worker in County

Another Extension worker can be secured for Cass county and will begin work the 1st of August or the 1st of September. The people of Cass county are asked to raise four hundred dollars (\$400.00), then the Extension Department at Lincoln and at Washington, D. C., will pay the balance. This would enable us to do more and better extension work with the men, women, boys and girls.—L. R. Snipes, County Extension Agent.

Hickey, Elkhorn, Mrs. Elizabeth Brightfielder of Los Angeles, California. The ladies with the exception of Mrs. Ernest Buttery were cousins of Mrs. M. E. Buttery.

HAUGEN STILL FOR A FEE

Northwood, Ia., June 18.—Representative G. N. Haugen, joint author with Senator McNary of Oregon of the farm relief bill bearing their names, said in an interview today that his fight for the equalization fee idea has not ended. "I have," he said, "the highest opinion of Herbert Hoover, but we are not in accord on farm relief legislation. I am still for the equalization fee as it seems to me to be the only way to give the benefit of protective laws, especially the protective tariff to farmers."
