Elmwood Young Man Drowns in Meadow Lake

Silas Weigert, 25, Meets Death While Attempting to Swim in Sand-pit Lake at Meadow.

From Thursday's Daily—
Late yesterday afternoon Silas Weigert, aged 25, son of Rev. and Mrs. F. L. Weigert, of Elmwood, met death while attempting to swim in one of the sand pit lakes in the vicinity of Meadow, and at noon today his body had not as yet been brought from the depth of the small lake. Mr. Weigert had gone to Meadow with Vernon Clements and Max Sutherland, and he being inexperienced in swimming had started to paddle around in the more shallow portions of the sandpit lake, using a boat to sustain him in the water, but apparently the young man had gotten too far out in the lake and striking the deep water he had been unable to find a footing and in his struggles lost his hold on the boat and sank. He struggled, thrashed around for a few seconds and then sank from sight in the waters.

Mr. Clements dived into the lake in an effort to rescue his companion and was able to reach the side of Mr. Weigert but the unfortunate young man seized Clements around the neck and caused him to have to break the hold on Weigert and get away before he was drowned. Weigert again sank and was not seen again although the companions worked around the lake in an effort to bring the body to the surface.

The place where Mr. Weigert disappeared in some fifteen feet of deep and it is thought that the body accidently and all efforts made to find the body but without avail at a late hour this morning, Sheriff Bert Reed motored out to the scene of the drowning to assist in the work of trying to recover the body.

The parents of the young man are among the best known residents of the western part of the county and the father is the president of the Elmwood Chamber of Commerce.

Large numbers of residents from Elmwood, Murdock and Louisville were at the scene shortly after the accident and all efforts made to find the body but without avail at a late hour this morning, Sheriff Bert Reed motored out to the scene of the drowning to assist in the work of trying to recover the body.

DEATH OF FORMER RESIDENT

From Friday's Daily—
The announcement of the death last evening at Glenwood, of J. E. Tucey, former resident here, was received by friends here this morning. Mr. Tucey, who is well advanced in years, has not been in the best of health for some time and his illness had brought his son and other relatives to Glenwood to be with the father in his last days.

For a number of years while living in this city Tucey was engaged in the grocery business on South 6th street and was a well known and very active citizen in the community and the news of his death will bring a great regret to the many old time friends of the family in Plattsmouth and vicinity. Since moving from this city to Glenwood a number of years ago, Mr. Tucey has been largely engaged in looking after his land interests there and it was at that city that Mrs. Tucey passed away several years ago. Mr. Tucey has since married and he leaves the widow of his second marriage to mourn his death. There are five children to mourn the passing of the father, Ernest J. Tucey, of Elko, Nevada; Mrs. Zelma Jennings, of Springfield, Mass.; Mrs. Alice Barnett, of Kankakee, Illinois; Mrs. Hazel Cameron, of Great Falls, Montana, and Chester Tucey, of Glenwood. One brother, W. H. Tucey, of Omaha, also survives his passing.

LITTLE ONE IMPROVING

Plattsmouth is to Urge City as Hospital Site

Local Chamber of Commerce to Present Advantages of City to the Veterans Bureau.

From Friday's Daily—
The location of the Veterans hospital in this state which was decided on last week at Washington, has brought forth the claims of several cities in the state which have offered their communities as possible sites for the new hospital.

Plattsmouth will present their claims to the Veterans Bureau in Washington as a site of the hospital in this state, it was announced today when the Chamber of Commerce prepared to present to the head of the bureau the facts concerning the city and its points of vantage in locating the hospital here.

This city is well situated and of easy access from any point in the state as well as from western Iowa, with ample train service from any point, east, west, north or south and two main lines of railroad, the Burlington and Missouri Pacific furnishing the very best means of travel to and from the city. Plattsmouth has twenty-five trains and busses here every day and from every direction so that this feature could not be surpassed by any city.

The city is located near the two largest cities in the state, eighteen miles from Omaha and fifty-five from Lincoln, being in touch with the largest bases of hospital supplies and the best known surgeons of the west in a half hour ride from the city.

Scenically as a location for the hospital this city has a great bid as there is no more strikingly beautiful located place in the state than Plattsmouth with its hills, trees, crowded, well paved streets, the surrounding territory in which would be placed the hospital site if brought here, being among the very best and most attractive land in the entire west.

The water supply of the city ranks as the best in the nation and comes from deep artesian wells, in inexhaustible quantities and free from the necessity of chemical purification.

One of the main light and power companies in the west have their station located here to supply all possible demand for light and power and at very low rates to the consumer. The city is presenting its claims for the consideration of the Veterans Bureau solely on the merits of the location and leaving it to the personal investigation of the commission that will probably visit this state to make recommendations as to the hospital.

There is no desire to oppose any other city in the selection of the hospital site and believing this city an ideal spot for an institution of this kind, the facts are placed for the consideration of the government.

LET RESURFACING CONTRACT

From Thursday's Daily—
The state department of public works at the session held yesterday to let contracts for road work, took up the matter of the re-surfacing of the King of Trails grade and auto bridge over the Platte river north of this city.

The contract was let to the Allied Contractors Inc. of Omaha, one of the leading contracting companies in this part of the state. The bid of the successful company was \$1.45 a square yard for rock asphalt, which will bring the total cost of the re-surfacing of the bridge to approximately \$4,600.

The bridge has been in need of resurfacing for some time and the work has been held up as the first bids were thought to be too high, but the latest bid on the work seems to be more satisfactory and more in keeping with the price that the state desired to pay.

The travel over the bridge has increased a great deal since the structure was made a free bridge and the replacing of the present clay and gravel surface with the more permanent rock asphalt will make the roadway of the bridge much smoother and easy of travel than heretofore. The state has specified that the resurfacing shall be carried on so that the travel over the bridge will not be interfered with and the work will be done on one side of the bridge resurfaced, making it possible to drive over the bridge during the working operations.

Death of Member of Pioneer Family of County

Mrs. Shirley Garrett, Formerly Miss Mare E. Tutt, Dies at Tacoma, Washington, Hospital.

From Saturday's Daily—
A message was received here last evening by relatives here of the death at the hospital at Tacoma, Washington, of Mrs. Shirley Garrett, formerly Miss Mare E. Tutt of this city.

The death of Mrs. Garrett came as the result of complications following an operation for gall stones and the relatives here were unaware of the serious condition of the patient until the message came telling of her passing away.

The deceased lady was a daughter of the late Mr. and Mrs. John D. Tutt, pioneer residents of Cass county and she was born in Plattsmouth August 26, 1878 and passed away July 26, 1928, aged forty-nine years and eleven months. Gravel Making Lincoln Avenue Real Highway

Section of Roadway From Paving Past Burlington Shops Much Improved by Work.

From Saturday's Daily—
The past few days has seen a wonderful improvement in the north-ern portion of Lincoln avenue past the Burlington shops, where a gravel surfacing is being given the roadway.

The addition to the street improvement program has been made possible by the joint efforts of the Burlington and the city, the railroad furnishing the city with a number of car loads of gravel and the city preparing the roadway to receive the gravel and having the gravel hauled and placed on the surface of the street.

Lincoln avenue, one of the main highways of the city has been rather in the role of an orphan in the street improvement programs as both of the other avenues, Chicago and Washington, have been paved and are a part of the King of Trails transcontinental highway, while Lincoln avenue has been compelled to get along with the common old dirt roadway until a few years ago when the railroad provided cinders and the city placed them on the road. The new gravel surface will make the part of the avenue treated, a real boulevard and it is unfortunate that the gravel cannot be extended on to the "Horn" where this street intersects the King of Trails highway.

The residents of the vicinity of the street improvement cannot but appreciate the improvement and it is a real boon to the shop employees who drive to and from their work and gives a real surface to the avenue as those who have traveled over Lincoln avenue can vouch for.

Local Ball Team Has Easy Time With Girl Team

10 to 2 Represents the Sum of the Score of a Loosely Played Game in Closing Innings.

From Saturday's Daily—
Last evening the Ranger Girls' traveling baseball organization, opposed the local Interstate team at the Interstate park and the result when the crowd started home in the twilight was 10 to 2 and could have been more had the locals had the strength to continue their base running.

The game opened with the visitors sending one of their girl players, named Schmidt, to the mound and who also officiated as lead off lady in the batting list, who was nicked for four hits in two innings and also three runs, Newman and Gansemer taking advantage of the occasion to pole two sackers. In the third Miss Schmidt retired to left field while Ricehill, a male member of the team and reputed a Winnebago Indian, was sent in to try and check the Platters but without much success.

Herbert Swanson, who pitched way back in 1926 and 1927, was sent to the mound for the local team and tried his inshoots and outcures on the girls up until the seventh inning when he decided to rest and admire the landscape and Ernest Trumble finished the game. Both local pitchers were in good form and but six hits were secured by the invaders.

All of the local players were shifted into the lineup at different times to try their luck against the unhappy attempts to check their attack that the visitors presented. Plattsmouth scored in the opener when Were singled and was sacrificed to second by O'Donnell, to score on the double of Newman to left.

In the second inning Spidell hit safe to center and advanced on the poor peg of McDonald, the visiting catcher, and was followed by Gansemer, who doubled to right field and Gansemer scored on the single of Swanson over second.

The Platters scored their first run in the second when Dorgan hit over short and was able to score on a passed ball. The Plattsmouth players again picked up two scores in the third when Newman was given a walk, aided by an error of the second baseman, when Distel grounded and both runners scored when Joe Krejci doubled over second base.

The fourth frame of the hectic struggle saw three runs annexed for the Platters when Swanson opened with a hit, was sacrificed by Were, O'Donnell was safe on a fielder's choice, both scoring on the hit of Newman, Trumble was safe on the error of the visitors third sacker and scored on the hit of Spidell.

The last scoring of the locals was in the fifth inning when Svoboda opened with a hit and Swanny was safe on an error and then plenty more bobbles allowed the Plattsmouth runners to race around the diamond and finally score. The second and last tally of the Rangers was in the sixth when Schmidt, feminine hurler registered when the girls nicked Swanny for two hits and a base on balls as well as an error by O'Donnell.

The tabulated score of the game was as follows:
Plattsmouth—
Were, lf-3b ----- 4 1 0 0 0 1
O'Donnell, 1b ----- 4 0 15 0 1
Newman, ss ----- 4 2 1 3 0 0

HURLER GOES TO NORTH PLATTE

Jimmy "Eaton," who has been the mound artist for the local team of the Interstate league team here this season, bids farewell to the Plattsmouth team and the local fans with whom he has been a great favorite, today.

Jimmy received a very flattering offer from the North Platte team of the Nebraska State league and will be seen in the uniform of the Buffaloes from this date on. Eaton has made a good record here both in his pitching and stick work and should make a valuable addition to the Buffaloes who are struggling to climb back to the first division of the state league loop. The Plattsmouth team will depend on the hurling of Trumble and Swanson in the game Sunday with Malvern and the local slab artists are preparing to give the Iowans all they have in the game Sunday which will be played on the Malvern grounds.

Judge Begley Decides 'Corn Case' From Bellevue

Power of Village to Regulate Crops Recognized—Ordinance Is Held Invalid

Judge Begley in district court at Bellevue, Neb., July 25, gave out his written opinion in the now celebrated "Corn Case" growing out of the cultivation of corn within the village limits at Bellevue, Neb. The decision is an important one in view of the fact that the same situation has arisen in or could arise in any incorporated village in the state of Nebraska.

Two objections were offered to the enforcement of the ordinance prohibiting the growing of corn within the village limits, first that the village did not have the power or authority to pass such an ordinance and second, that there were defects in the publication of the ordinance and that therefore it was void and unenforceable.

On the first contention the court held with the Village of Bellevue and stated in a well grounded opinion that the village did possess the power and authority and that the court could not question its motives or decide that such an ordinance was or was not discriminatory, that it was within the discretion of the village to pass such an ordinance or not to pass one. On the second contention the court held that the ordinance had not been legally published in that there had been no publication in a newspaper of general circulation in the county and published in the county and in particular in Bellevue with a circulation in Bellevue.

An injunction was asked by the corn growers of the village asking the court to restrain the village board from enforcing the ordinance and this injunction was granted by the court on the grounds that the ordinance was invalid because of lack of proper publication.

The intention of the village board to pass a like ordinance it was learned from reliable sources and proceed with a proper publication which will under the decision prevent the growing of corn in Bellevue next year.

From Friday's Daily—
Yesterday afternoon the pleasant country home of Mr. and Mrs. John M. Meisinger of near Mynard, was the scene of a most charming miscellaneous shower given in honor of Mrs. Bernard Meisinger, formerly Miss Dorothy Sattler of this city.

RAIN IN THE COUNTY

From Friday's Daily—
Last evening a very lively shower was reported at Nehawka and other points in the southwest part of the county, that lasted for several minutes and laid the dust nicely and for a time caused the Plattsmouth visitors at Nehawka to become alarmed as to the possibilities of a storm, but the clouds soon passed by and the concert was resumed. The rain was purely local as the storm did not visit the eastern part of the county, the visitors to Nehawka finding the highway dusty from Union north to this city.
