STORY OF FRAUD IS TOLD

Philadelphia, July 25.—A witness who described himself as a "door bell puller" for the republican organization, today declared in the investigation into the senatorial contest in 1926 in Pennsylvania, that the total vote cast in his division in Philadelphia was fixed seven hours before the polls closed and that after the voting closed sufficient ballots were placed in the box to agree with the total.

The witness, who gave testimony before Senator Warterman, republican, Colorado, sitting as a subcommittee of the senate committee on privileges and elections in the contest brought by William V. Wilson, democrat, against William S. Vare, republican, was Joseph J. Penczak.

Farm Home is Damaged by Fire Last Thursday

Defective Chimney Blamed for Noon-Day Conflagration at Home of Arthur Schoeman.

The farm home of Arthur Schoeman, two and a half miles southeast of Louisville, was badly damaged by fire on Thursday of last week. The fire is supposed to have originated from a defective chimney and was well under way before it was discovered by the family. It caught in the roof and as the family were at dinner was not discovered until the meal had been finished.

Neighbors were called by telephone and soon arrived and formed a bucket brigade and after hard work succeeded in saving the building and its contents from total destruction. The fact that the fire occurred at an hour when neighbors were in from their harvest fields for their noon day meal made it possible for them to respond quickly to the appeal for assistance and was most fortunately timed in this respect as quick work was necessary to save the building. Cars came from every direction, a large number going out from town.

It is a large two-story frame building. Ladders were brought into service and soon a number of men climbed to the roof and as bucket after bucket of water was passed up the ladders they succeeded in holding the flames in check until shingles were torn off and the fire eventually extinguished, but not before the roof was entirely ruined.

While this was going on, other willing workers carried the household goods to safety. The damage to the building was estimated at about \$1,000 and was insured in the Columbia Insurance company.

The damage to the building is being repaired by Wm. VanSoyce and Mr. and Mrs. Schoeman will soon be able to resume housekeeping. They are thankful that the damage was no greater.—Louisville Courier.

CONTINUES QUITE POORLY

From Saturday's Daily—The reports from the Methodist hospital this morning state that Mrs. Jess Atterberry is still in very serious condition there and her gain which she showed on Thursday night was replaced by a very high feverish condition again yesterday. It is hoped that the patient may have sufficient strength to bear her through the next few days when it is hoped to be able to reduce the fever that has been a very aggravating phase of her case. The recuperative power that the patient has shown in the crisis on Thursday is giving the family and attending physicians hope that Mrs. Atterberry may soon be showing improvement.

THREE DELEGATES TO STATE CONVENTION

Plattsmouth post of the American Legion will be represented at the state convention by three regularly elected delegates, three alternates and a number of visitors. This is Grand Island's second time to be host to the state Legion assemblage and great plans are being laid to make this year's gathering one of the most notable of any that have preceded it.

Representation in the convention is by post delegations, each post being entitled to one delegate at large and one for each fifty members or major part thereof. This gives the Plattsmouth post three delegates on its 1928 membership of 105.

The election of delegates from this post will take place at an early date in August.

Under present arrangements whereby each guest is charged a registration fee of \$1 before they can secure the convention badge and "free" admission to the various entertainments, the cost of entertaining a state convention is no more than Plattsmouth expended entertaining the district convention in 1926, and when the local post gets the balance of its community building built a few years hence, the state convention will be brought to Plattsmouth. It usually lasts three days and brings in over a thousand delegates and guests to participate in the business and entertaining features.

Sues for \$2,500 for Alleged Wreck Damage

Chester M. Proper of Nebraska City Files Action Against Philip T. Becker of This City.

An action arising over an auto wreck near Murray on the night of July 11th, was filed this morning in the office of the clerk of the district court. The plaintiff is Chester M. Proper, well known Nebraska City jeweler and the action is against P. T. Becker of this city.

In the petition of the plaintiff it is set forth that the accident occurred about 9:15 p. m. on Wednesday, July 11th, on the King of Trails highway south of Plattsmouth. The petition alleges that the defendant was coming south on the highway as the car of the plaintiff was coming north, that the defendant was coming up a hill as the plaintiff came over the top of the hill and in passing another car the defendant swung his car out to the left of the road and struck the car of the plaintiff. It is claimed by the plaintiff that the car of the defendant was operated at a high rate of speed at the time of the accident.

Mr. Proper in his petition asks the sum of \$2,500 for the damage to his car, medical treatment and mental anguish and loss from his work.

The plaintiff is represented by Pitzer & Nybra and Lloyd E. Peterson of Nebraska City.

Great Time at Greenwood Soon

Western Cass County Town to Hold Three Day Celebration Aug. 9th, 10th and 11th.

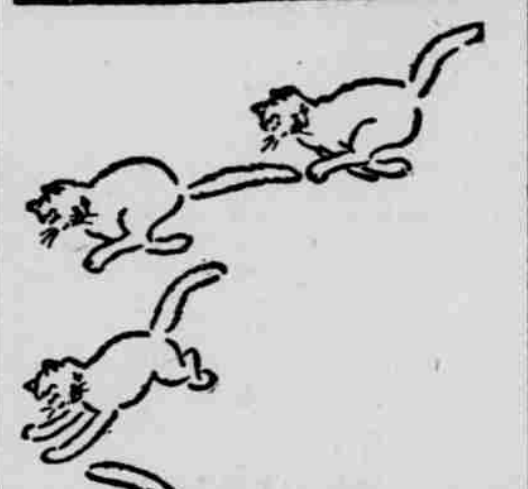

Greenwood is getting ready for a real old time celebration and homecoming on the 9th, 10th and 11th of August. The big features will be a baseball tournament, rodeo, speaking, amusements and entertainment, and open air dancing each evening.

On the speaking program are the Hon. A. J. Weaver, republican candidate for governor, who speaks the second night, Friday, Aug. 10th, and Hon. Chas. W. Bryan, democratic candidate for the same office, who will speak on the closing night, Saturday, August 13th.

Greenwood never does things by halves and with a bunch of go-getters on the various committees looking after the arrangements, it is safe to predict there will be "something doing" in the old town on the three days and nights of the entertainment.

It is this sort of spirit that keeps the smaller towns and cities alive today, and the various committees looking after the arrangements, it is safe to predict there will be "something doing" in the old town on the three days and nights of the entertainment. It is this sort of spirit that keeps the smaller towns and cities alive today, and the various committees looking after the arrangements, it is safe to predict there will be "something doing" in the old town on the three days and nights of the entertainment.

It is pleasing to see the numerous towns over the county keeping pace with the times. Union with her old settlers reunion; Weeping Water with her county fair; Avoca and Louisville with their home coming; next week, Murdock with her Ford days and Greenwood with its three-day tournament, rodeo and home coming.

You'll say it is!

If you examine one of these "Big B" shirts you will say its just as big and roomy and well made as any you could make at home. Some people resort to making work shirts at home because the ones at the store are so skimp—sleeves short and tight around the forearm—shoulders small—body of shirt tight and short—poor buttons and stitching. That's just what the "Big B" is not. Look at the various points of excellence in the cut above and then remember you can get all of that here for only—
