Valuation of Water Company Given a Raise

Commissioners Raise Value of Distributing System from \$32,000 to \$55,000 for Taxing Value.

From Thursday's Daily—

The board of county commissioners at their session this week closed up the work of the county board of equalization and passed on the matter of the adjustment of several complaints that had been made as to property taxation.

The board had notified the Plattsmouth Water Co., that the board would consider the matter of raising the valuation placed on the distributing system of the company in this city from \$32,000 that had been given in the assessment as to the taxing value of this personal property of the company.

The Water company offered objection to the raise in the valuation of the plant or the distributing system, representing that real estate in the county was taxed at sixty per cent and that while the valuation of the plant and its property had been placed at \$220,000 by the referee for the purpose of rate making, this included many items that were not tangible for taxing purposes.

The valuation of the distributing system of the water company had been fixed by the rate engineers at \$132,000.

The commissioners decided to raise the valuation for taxing purposes from the original amount of \$32,000 to \$55,000, which is less than the fifty per cent of personal taxing value according to the figures secured by the board.

Representatives of the water company represented to the board that the raise in the amount of taxes would make necessary a further advance in rates to the consumers.

SALE OPENS WITH A BANG

From Thursday's Daily—

This morning the great clearance sale that is being held at the H. M. Soennichsen Co., at their large store on upper Main street was opened. Long before the hour for the doors to open up on the sale there were throngs of people from all parts of the city and country down town to await the opening of the big sale and as the doors were swung open the interior of the store was soon a milling mass of people. The method of displaying the goods was such that everything was in view of the shopper all properly labeled and priced and making it possible to handle a great many more shoppers than otherwise would have been possible.

The sale is one of the best arranged that has been held in the city and the long hours of work that have been given by the employees of the store and the additional force of clerks account for the splendid way in which the sale was made possible.

The hot weather kept many away that otherwise would have packed the stores to the doors and the next few days will doubtless see a regular continuing stream of shoppers here from all parts of the county.

Former Resident is Victim of an Auto Accident

Mrs. Honor Seybert Young and Little Son, Billy, in Auto Wreck Near Barnsville, Ohio.

From Friday's Daily—

Mr. and Mrs. W. H. Seybert of this city have received word of the fact that their daughter, Mrs. C. A. Young of Dayton, Ohio, and her little son, Billy, were among the victims of an auto accident that occurred a few days ago in eastern Ohio, while the auto party were en route home to Dayton from Philadelphia and at the end of their outing started back to Dayton, only to meet with a severe auto accident near Barnsville, Ohio.

The car which was driven by William Young, was traveling along at a good rate of speed over the highway which was quite slippery and as the car was turned out to pass a large Franklin sedan parked along the highway, the Young car suddenly skidded and struck the larger car with a great deal of force, wrecking the car of Mr. Young and badly injuring the occupants.

Mr. Young, the driver, had three ribs broken and his chest injured, but not dangerously while Mrs. William Young suffered the dislocation of her right shoulder, and little Billy Young, grandson of Mr. and Mrs. Seybert, was perhaps the most seriously injured of the party as the little lad had his right arm thrown out of place, his nose broken and the lower lip cut very severely. Mrs. C. A. Young escaped with only severe bruises and the general shaking up that the wreck caused to all of the party.

Passing autoists came to the rescue of the injured members of the party and took them into Barnsville where the injuries were dressed and the driver of the wreck made as comfortable as possible. Mrs. Young and little son took the train from Barnsville to their home at Dayton where they are now recuperating from their injuries while Mr. and Mrs. William Young remained until the car was repaired and in which they will continue their journey on to Detroit.

RECEIVES \$5 FINE

From Friday's Daily—

Yesterday afternoon the arrest was made by Officer Joe Libershal of a driver of a Watson truck passing through this city, the arrest being made on the complaint of a tourist from Kansas who charged the driver of the truck with having ran into him and damaged his car on the King of Trails highway near the Spangler. The parties at the time of the accident were unable to reach any agreement as to settlement of their troubles and the Kansas autoist hastened on into the city and appealed to the law with the result that the truck driver was turned over to County Attorney W. G. Kieck. A complaint was filed charging the driver of the truck with operating the vehicle without the proper license plate on the rear of the truck and on the hearing of the case Judge A. H. Duxbury placed a fine of \$5 and costs on the young man and he was also required to pay the damages caused on the car of the Kansas man.

Kill Dog Suspected of Having Attack of Rabies

Dog Belonging to the Clarence Favors Family Bites Several Dogs and is Shot

From Thursday's Daily—

The threat of the rabies among the dogs which has held Omaha in the utmost tension for the past few weeks, seems to have spread to this community as yesterday afternoon a dog belonging to the Clarence Favors family suddenly ran amuck and bit several dogs in the south part of the city where the family reside.

The animal has been rather cross for some time and a week ago bit the small boy of the Favors family altho at the time it was not thought a serious matter as the dog was apparently in his normal condition but since the dog displayed the dangerous symptoms of rabies, the boy is being kept under observation by physicians to avoid any development of the rabies, should the dog prove to be affected by this fearful malady.

As soon as the dog started his rampage among the dogs of the neighborhood, the animal was shot and the head of the dog sent by R. F. Westover to Lincoln to the State department of health where it will be examined to determine whether or not the animal was affected by the rabies.

Should the dog prove to have been affected by the rabies the wholesale slaughter of the dogs in that locality that may have been taken probably be necessary as a measure of precaution.

The city of Omaha has had several children die as the result of bites from dogs suffering from the rabies and prompt action should be taken to avoid all possible danger should the suspected animal prove to have been suffering from the rabies.

COMES INTO ITS OWN

From Thursday's Daily—

E. J. Richey, owner of the hotel building at Sixth and Main street and now the active manager of the hotel, has decided that the building and the hotel shall again bear the designation that was placed on the Riley Hotel.

This hotel building was named in honor of Mr. Riley who erected the building and who was at the time that the structure was erected, a leader in the political and public life of Omaha, as he was one of the most prominent leaders of the metropolis and who saw that the hotel built here was the last word in hotel equipment at that time.

For many years the hotel was operated under the name of Riley Hotel until it was leased by Fred Wagner who changed the name to the Wagner hotel and after his regime it was changed to the Main hotel by William Barclay, the recently retired manager of the hotel.

Now at last the old time name will be restored, the title that once blazoned forth on the tower of the hotel building will be restored and the residents find that the Riley is back where it belongs.

Large Crowds Attend Greenwood Picnic

Three Day Festival in Western Cass County Town Attracts a Great Many to Fine Program.

From Saturday's Daily—

The three day festival that is being held at Greenwood has been a great success in every way, large crowds attending and fine programs being offered by the committee in charge. The festival is being held at the baseball park and in the tourist park that adjoins the ball park on the south and which furnishes ample accommodation for the crowds that have been filling the midway for the shows and also attending the ball games and the rodeo that has been made a feature of the festival.

Each afternoon there is a ball game staged by Greenwood with one of the teams from the nearby towns and which have proven real battles and with many thrills for the baseball fans. Earl Jardine, Greenwood's well known ball player having been getting into the home run class in the games.

The rodeo gives a wild west setting to the festival and many cowboys stunts give their part of the entertainment of the large crowds that fill the grandstand at the ball park each day when this feature of the festival is staged.

For those who enjoy other entertainment, the carnival company which is being sponsored by the merchant's association of Greenwood, holds forth on the tourist park where a midway of the high class shows has been arranged and which help to entertain the young and old alike with their various amusements.

The evening program of the festival is featured by the platform dance and for which Dan Desdunes orchestra of Omaha is furnishing the music and this popular musical organization have made the dancing portion of the festival a real success and kept George Bucknell busy selling tickets for this part of the big show.

That the festival might not be confined entirely to the amusements of the carnival the rodeo and the dance, the committee in charge has arranged to have a number of the candidates of the state to be present and address the voters. On Friday evening Arthur J. Weaver, republican candidate for governor was the democratic candidate for the office of governor, whose address was given by the committee with John E. Curtis, candidate for state railway commissioner, Judges James T. Begley and Judge A. H. Duxbury, non-partisan judicial candidates.

On Friday evening the political drawing card was the address of the democratic candidate for the office of Governor, whose address was one of singular worth, as it told the truth regarding the opposing party and showed how the democrats had saved money for the state in many ways besides giving service which the opposing party never touched in their handling of the affairs of the state. His remarks were received with many indications of approval and applauded to the echo.

Veterans hospital which is to be located somewhere in Nebraska, being the great natural advantage that this part of the Missouri valley possesses and also the fact that it is central in a large population of former service men, being but eighteen miles from Omaha and fifty-five from Lincoln in which cities there are large numbers of the veterans as well as in the adjoining counties in Nebraska and western Iowa.

The committee of which J. A. Capwell is the chairman, will see that all the advantages of this community will be properly offered in that the hospital if possible may be secured for this locality. The hospital will occupy a site of from 150 to 200 acres of land and be one of the finest institutions of its kind in the west when it is erected, and believing that this section is one well suited to the purpose the claims of Plattsmouth and Cass county for the hospital will be pressed with the greatest of good feeling toward other towns that may also be seeking the hospital.

Legion Selects Delegates to the State Meeting

Also Sets Friday Night of This Week as General Clean-Up Night— To Try Out New Fans.

From Thursday's Daily—

Last night's American Legion meeting, held after the band concert, was well attended considering the hot weather, and several matters of routine business were disposed of before the selection of delegates to the state convention at Grand Island was taken up.

In conjunction with other organizations affiliated with the Patriotic Council, the post approved a donation to the \$10 in gold that will be presented to the Plattsmouth young man ranking highest at the C. M. T. C. camp at Fort Crook this month.

There are five boys from here in attendance at the camp, and announcement of the cash prize will stimulate added interest in the course of military training.

The matter of ventilation was also taken up and considerable data that had been secured on fan systems was discussed. To determine the feasibility of exhaust type motor fans, two of the medium size ones will be installed this week, to be ready for the dance Saturday night.

The trustees were empowered on motion duly passed, to receive bids for coal from the different Plattsmouth dealers and purchase same.

For delegates to the state convention at Grand Island, A. H. Duxbury, Roy Holly and Clarence Ledgway were named, while the position of alternates was left open, pending information from others who may be desirous of going.

The dance program for the Fall season was discussed and it was decided to resume the mid-week feature dances in September, opening with one of the big recording orchestras and following with a string of high class bands throughout the fall and winter season.

The annual indoor Harvest Festival was also discussed and will be held earlier this year, probably the week of Armistice day, although there is nothing certain about this as yet. New features will be added to the entertainment, including the appearance of vaudeville and radio artists, who may be seen and heard for the usual admission charge of former years.

Perhaps the most important business of all was the designating of Friday night of this week as clean-up night—in which all the members are urged to come by 6:30 p. m., with hoe, rake or some other suitable tool for getting rid of the weeds and rank grass that has sprung up again since the recent rains.
